Better than Ever

We'd be disappointed if we could not truthfully say each season that our suits and overcoats are "better than ever;" it's a sign that we're keeping in front, each season a little better than last, getting new ideas and improving on old ones, learning something every day and putting it to use for our customer's benefit. This fall we say-"better than ever" with unusual emphasis.

H. S. & M. suits and overcoats, made expressly for Pease & Mays. have the style, fit and service that only first-class tailor-made clothes can give.

H. S. & M. Suits and Overcoats, \$12.50 to \$25.00.

My Lady's Slipper...

should fit her foot. It's harder to make a good-fitting slipper than a good-fitting shoe. A slipper should be snug at the heel and not bulge at the side. We take too much pains with our slipper stock to let anything get in that is not exactly right. We begin with the ordinary house slipper at 85c and 1\$1, and rise step by step to the best in patent leather and kid in straps and ties nicely trimmed at \$1.50, \$1.75, \$2.00, \$2.50 and \$3.

Trilby and Cole's Original Air-Tight Heaters

For Wood and Lighter Fuel. The introduction of Cole's Original Air-Tight Heater has revolution-ized the heating stove trails in all sections of the United States. Its won-derful economy in the use of fuel, and many other excellent qualities, strongly recommend it to all in need of a heating stove.

It burns chips, bark, leaves, paper and corn cobe, and gives excellent results with this fuel, which is ordinarily wasted. The stove is light and easily moved and

The combustion is perfect and sehes are removed only once in four weeks.

None of the heat is wasted and the stove will save one-half of your fuel bill. It is clean, economical, convenient, safe and durable.

Every one of Cole's Original Air-Tight Heaters is guaranteed to stay ir-tight as long as used. Where wood is used for fuel every family should have one or more of these stoves.
