The Salem Journal today publishes official figures to show that by putting all state officials on a reasonable salary, and putting all fees into the state treasury the taxpayers could be saved about \$50,000 a year, The governor gets a constitutional salary of \$1,500 a year, and salaries on boards and commissions of \$2,750. Gifford. Annual appropriations the past year for his office, \$6,950. The superintendendent of public instruction gets a salary of \$2,500, and appropriations for his office, including clerical aid, See Gifford right away quick, amounts to \$12,687.35 per annum. The state treasurer gets \$0,311.87 salary and \$2,900 a year for clerical services. It is generally understood that when there is demand for money he makes a great deal more than that loaning idle state funds to banks and large firms. The secretary of state gets \$2,850 in salaries, \$14,743.01 in fees, and \$8,983.55 a year from the legislature for clerical services in his office. He turns over of the fees \$4,134.55, and this leaves a net annual total for running his office of \$22,342.01. The appropriations for the state printer for four years, inincluding deficits to be made up by the next legislature, or \$31,806.06 per annum for printing and binding. A reduction in compensation of \$25,-000 a year could be made and still pay salaries larger than other states pay, and at the same time convert \$25,000 of fees into the state treasury, thus effecting a change of \$50,-000 a year in favor of the taxpayer. As a new term of four years begins after the next election, the Journal cussed and the proper salary figures put into the state platforms.

The Eugene Register says: "If Eastern Oregon will be good, get right into harness and stand pat for the best interests of the republican party and the state, when the political plums are shaken down there is every reason to believe some of them ranks to make equitable division in distributing the state offices, and if our brethren across the mountains do not insist on naming the whole ticket and can agree amongst themselves after the state convention is To W. W. Hale, the defendant above named:

bover they will have no charge to lay at the door of Western Oregon."

Bourke Cockran the other evening addressed the Transvaal League of Chicago on the subject, "What This Republic Can Do to Terminate the War in the South African Republic."

Mr. Cockran being well known as "an elequent orator and adaptable citizen," the Kansas City Star sug citizen," the Kansas City Star suggests that he be invited to supplement this lecture by another entitled "Why This Country Should Mind Its Own Business."

In booming the editor of the Oregonian for the U.S. senate the Pendleton Tribune says: "The newspapers and the masses of people are in favor of him by large majorities and none of the politicians appear to be against him." And the Salem Sentinel admits that the Tribune certainly has a scoop on the news features embodied in this item.

Every elector in Oregon, who desires to vote next June, must register with the county clerk of his county between January 1st and May 15th.

An Evangelist's Story,

"I suffered for years with bronchial or lung trouble and tried various remedies but did not obtain permanent relief until I commenced using One Minute Cough Cure," writes Rev. James Kirkman, evangelist of Belle River, Ill. "I have no hesitation in recommending it to all sufferers from maladies of this kind." One Minute Cough Cure affords immediate relief for coughs, colde and all kinds of throat and lung troubles. For croup it is unequalled. Absolutely safe. Very pleasant to take, never fails and is really a favorite with the children. They like it. Clarke & Falk's P. O.

Women and Jewels.

Jewels, candy, flowers, man-that is the order of a woman's preferences. Jewels form a magnet of mighty . power to the average woman. Even that greatest of all jewele, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If Porter & Anderson have resumed the a woman will risk her health to get a coveted gem, then let her fortify herself against the insiduous consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughe, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at Blakeley's drug store. Brain Food Nonconse

Another ridiculous food fad has been oranded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muecles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by Indigeetion or dyspeysia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few and thought it fit my case and con doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. C. Green's reliable remedies at Blakeley's drug store. Get Green's Special Almanac.

Attractive Women.

All women eensibly desire to be attractive. Beauty is the stamp of health because it is the outward manifestation of inner purity. A healthy woman is always attractive, bright and happy. When every drop of blood in the veine is pure a beauteons flush is on the cheek. But when the blood is impure, moroseness, bad temper and a sallow complex-ion tells the tale of sickness all to plainly. And women today know there is no beauty without health. Wine of Cardui crowns women with beauty and attractiveness by making strong and healthy those organs which make her a woman. Try Wine of Cardui, and in a month your friends will hardly knew you.

Health and Beauty Apoor complexion is usually the result of a torpid liver or irregular action of the bowels. Unless nature's refuse is carried off it will surely cause impure blood. Pimplee, boils and other eruptions follow. This is nature's method of throwing off the poisons which the bowels failed to remove. DeWitt's Little Early Risers are world famous for remedying this condition. They stimulate the liver and promote regular and healthy action of the bowels but never cause griping, cramps or distress.
