On account of the banquet tomorrow night Prof. Sandvig announces that his usual soiree will be postponed until Tuesday evening next.
Remember, the barber shops will close at 9 o'clock sharp tomorrow night, and that will make it a close "shave" for the barbers to attend the banquet.
During the absence of Lawrence Ainsworth, who is on a visit to friends in California, Bart Baldwin has assumed his duties as purser on the steamer Regulator.
Why wait and then look for cheap clothing, when by buying now and taking advantage of A. M. Williams & Co's sale, you get good clothing at cheap clothing prices.
The Columbia Southern hotel changed hands last Sunday morning, Fen Batty the landlord, who was formerly clerk at the Umatilla House, selling and J. M. Keaney taking charge. Mr. and Mrs.

Batty came down from Shaniko yesterday noon and left last night for Spokane, where Fen expects to go into the hotel business again.

Bernard P. Markham, of Dufur, and his witnesses T. M. Thompson and Edwin Burlingame were in town today, to give testimony in Mr. Markham's final proof on homestead.

The stated annual communication of Wasco Lodge No. 15, A. F. & A. M., will be held this (Friday) evening at 7:30 o'clock. Installation of officers. A full attendance is requested. By order of the W. M. O. D. Doane, Sec.

The teachers and pupils of our public schools are short on their vacation this year, school commencing again Monday, and giving them only Wednesday for a holiday. The vacation on account of diphtheria is responsible for the shortage.

The Bakeoven section seems to have been thoroughly "in it" yesterday morning—that is, in the storm. Early in the morning a regular blizzard took place, snow falling thick and fast, but failing to reach the ground until the wind had used it for a football. Heavy wind storms seem to have prevailed all along the coast.

The case of B. H. Shaw, who was arrested at Cascade Locks a few months since on the charge of obtaining money under false pretense, came up before Judge Bradshaw this morning, when Shaw pleaded guilty to the charge and was sentenced to a year and a half in the penitentiary. He will be taken to Salem tomorrow.

Manager Grant received a telephone message from Heppner this morning to the effect that the football team will arrive here on the noon train tomorrow, provided the strength of the team doesn't interfere with the progress of No. 1. The wind played havoc with the fence about the football grounds Wednesday night; but the boys are repairing it today and everything will be in readiness for the game by 2 o'clock Sunday.

The people of The Dalles, who upon their visits to Portland, have so thoroughly enjoyed the splendid music in the various churches of the city, will regret to learn that the First Congregational church has deemed it expedient to dispense with the paid choir, of which Mrs. Bauer was soprano. However, it is reasonable to suppose that so large and popular a church will arrange for a choir which, if not composed of such prominent singers, will at least furnish good music.

The leading questions at present are "When will we have our street lights?" "When will the electrical power be brought into the city?" The reporter has endeavored to ascertain an answer to these inquiries, but in vain. No one is at present able to give the exact date. Probably by the first of the year; possibly not so soon. The company is doing its utmost to have it in at the earliest

possible date, and our citizens, who have been in darkness so long, can afford to possess themselves in patience for the great light which is to be there's in the near future.

In mentioning the Christmas exercises yesterday we inadvertently omitted the services held at the Episcopal church Christmas morning, which were said, by those who attended, to be most impressive. A pleasing feature of the service was the offertory sung by Mr. Gilbert Palmer. Tomorrow afternoon at 2 o'clock Christmas exercises will be given at the church by the pupils of the Sunday school, and at its close the members of the school will march to Schanno's hall, where a tree and party will be given for the children.

One of the brightest little youths in The Dalles was taken away last evening about 6 o'clock, when Willie Byers, son of Mrs. Ben Wilson, died of typhoid pneumonia. He was not a strong child and two weeks ago he was taken with typhoid fever which developed into pneumonia. Willie was born in The Dalles ten years ago and being the only child has been the light of the home, idolized by both his mother and step-father. The funeral will take place from the family residence on Second street tomorrow (Saturday) afternoon at 2 o'clock. Friends of the family are invited.

Our business men are showing their appreciation of a great enterprise, which they realize will up build The Dalles as much as any movement that has ever been started here, in a manner which is entirely fitting, by arranging for a banquet which will be given at the Umatilla House tomorrow night in honor of the Wasco Warehouse Milling Company and the new industry they are now completing. Besides the menu tempting in the extreme, splendid music will be given by the orchestra and speeches by several of our citizens. The program will be published tomorrow.

According to a Pendleton paper Henry Fowler came near having a serious fire at his residence between 6 and 7 o'clock Christmas evening. By quick work, however, he succeeded in averting the catastrophe. Mr. and Mrs. Fowler had prepared for little Ned, a Christmas house made of pasteboard, covered and lined with cotton batting, with burning candles inside. In some manner this house caught fire and a general alarm was turned in. The flames had been extinguished before the fire department arrived, and its services were not required when it came. The damage will probably amount to \$100 in re-papering the room and touching up some of the furniture that was damaged by the flames.

A short time since Manager Clarke received a letter from Percy Levin, who is well known to Dalles people, having given several plays here, informing him that he is now on the road with a repertoire company and endeavoring to secure the Vogt for a three-nights engagement

during January. The nights which Mr. Levin desired were already engaged and Mr. Clarke has offered the house for another date, which Mr. Levin has not as yet accepted. Miss Myrtle Buffe, who so delighted the audience in the production of "The Henrietta" here a year ago, is leading lady, and upon their appearance in Salem Christmas night the Statesman gave the company a most flattering send off. Should they visit The Dalles no doubt that will be enthusiastically received.

Last week a rumor was prevalent, especially to the south of us, that Pease & Mays intend to go out of business at this place the first of the year. A reporter of the Leader interviewed the firm in question and they informed us that such an idea had never entered their heads, as their trade is all they could wish for and is rapidly increasing. They said to show the people that their permanency in business here was beyond question, in the spring they contemplated enlarging their present quarters to accommodate their rapidly growing business, as already they were hampered for room. The firm has five persons constantly employed here, and no idle hours do any of the employees find. They want their patrons, as well as all others to understand that they are as permanently located in Shaniko as Mt. Hood is in the Cascade range.—Shaniko Leader.

A pastoral, natural drama, flavored with the breezy local color of Tennessee life, and permeated with the soft Southern atmosphere of its valleys, describes "A Romance of Coon Hollow," which has been one of the substantial triumphs of the last seven seasons. This success is in part due to the magnificent scenic effects, among which are a realistic steamboat race between R. E. Lee and the Natchez, also a cotton compress in actual operation. But the play meets favor with thoughtful people on worthier grounds. It is splendidly constructed, the characters are flesh and blood beings, the plot is very dramatic and interesting, and the humor genuinely funny without being farcical. A number of intrinsic features lend interest to the production; the electrical effects, showing a night in a Southern country place, are novel and pretty. A "red hot" troupe of male and female plantation darkey dancers, and an excellent vocal quartette add volumes to the entertainment. The capable cast is strengthened this season by the popular sobrette star, Iola Pomeroy, who has been specially engaged. "Coon Hollow" will be seen at the Vogt Monday night.

It is the desire of the barbers of the city to close their places of business tomorrow night at 9 o'clock sharp. Their patrons will, therefore, confer a great favor on them by being on hand at the earliest possible hour. The year round they are compelled to work late and thus accommodate their patrons; this once they ask that the tables be turned. Many of their number are members of the orchestra; others are desirous of taking part in the banquet at the Umatilla House. If you want to get shaved be on hand early.

Engage Attention!

A large attendance is requested at the meeting of Dalles Aerie No. 156 next Sunday evening, as nomination of officers will be the order of the evening.

Tribby and Cole's Original Air-Tight Heaters

For Wood and Lighter Fuel.

The introduction of Cole's Original Air-Tight Heater has revolutionized the heating stove trade in all sections of the United States. Its wonderful economy in the use of fuel, and many other excellent qualities, strongly recommend it to all in need of a heating stove.

What Cole's Heater Will Do.
This stove will heat a room from zero to 80 degrees in five minutes.
It will heat your house evenly day and night.
It holds fire 36 hours without attention. You build only one fire each winter.
It burns chips, bark, leaves, paper and corn cobs, and gives excellent results with this fuel, which is ordinarily wasted.
The stove is light and easily moved and set up.
The combustion is perfect and ashes are removed only once in four weeks.
None of the heat is wasted and the stove will save one-half of your fuel bill.
It is clean, economical, convenient, safe and durable.

Every one of Cole's Original Air-Tight Heaters is guaranteed to stay air-tight as long as used. Where wood is used for fuel every family should have one or more of these stoves.
