PARIS, April 1.—Admiral Horthy, regent of Hungary, has advocated in favor of former Emperor Karl, according to a Budapest dispatch today.

Karl was reported advancing on Budapest with monarchist troops under General Lehar.

Count Julius Andrássy, former premier, was said to have been named president of a council of ministers to conduct the government until Karl formally resumes his throne.

Lehar's army was expected to reach Budapest tonight. The garrison was reported to be ready to go over without resistance.

The monarchist spirit in Hungary was flaming. The progress of royalist troops through western Hungary brought great jubilation to Karl's forces. The advance of Lehar's army toward Budapest was the signal for great rejoicing.

Small garrisons along the way fled to the former-emperor's colors.

Great activity resulted here today in allied and little entente circles. Conferences followed one another in a constant rush.

The Czecho-Slovakian minister departed hurriedly for Prague to report the result of the conferences to assist the government in mobilizing to carry out its threat of war if Karl took the throne.

Czecho-Slovakia concentrated troops today along the boundary line opposite Gran. To the south the Jugoslavians had an army of 30,000 ready to cross the border. East and south, Rumania gathered a large cavalry force at Temesvar.

The three governments declared an immediate advance would be made if Karl mounted his throne.

The three relied on the cooperation of Italy, with whom they have agreements.

MURDERER SALUTES AS HE IS HUNG

SLAYER OF THREE POLICE AND
ANOTHER MAN, SMILES
TO END.

By United Press
WALLA WALLA, April 1.—John Schmitt, murderer, was today hanged at sunrise in the prison yard. He maintained his nonchalant attitude until the last, clicking his heels in military style and saluting as the black cap was adjusted. His smile never left him.

Schmitt was convicted of the murder of three Seattle policemen on January 21. He also confessed to the murder of another man in Tacoma previously.

MAN IS ARRESTED ROLLING DRUNK

SECOND ROBBER ESCAPES—Mc-
CLASKEY SHOOTS AT FLEE-
ING LEGS.

Sent to the tunnel beneath the railroad tracks in front of the Libby, McNeill & Libby cannery yesterday afternoon in search of a "drunk," Patrolman McClaskey found two other men engaged in the process of "rolling" the intoxicated person.

Upon spying the officer, one of the men immediately took to his heels, running out of the tunnel and around the corner of the cannery toward the Columbia river. Asking William Vogt, who had accompanied McClaskey, to watch the remaining man, the policeman drew his revolver and gave chase.

Six shots, fired at the fleeing man's legs, failed to produce results. McClaskey ceased shooting and started sprinting, soon overtaking him.

Returning with his prisoner to the tunnel, McClaskey found that Vogt had thought that he was supposed to watch the drunken man and had allowed the other man, who had also been engaged in the robbery, to escape.

Taken to the police station, the man captured gave his name as Bert Kinney. He admitted going through the drunken man's pockets, saying disgustedly that "the old stew only had 61 cents on him."

Sobered this morning, the "drunk" gave his name as Edward Beasley. He told the police that he had been drinking wine and cognac, and that he did not remember incidents that happened yesterday afternoon.

He is being held as a witness against Kinney, who will probably be charged with robbery. Kinney's companion in crime was not found, although the police yesterday afternoon conducted a city-wide search for the escaped robber.

FURTHER PENALTIES TO BE INFLECTED ON GERMANY

By United Press
PARIS, April 1.—Allied ambassadors have been instructed to prepare plans for further penalties to be inflicted on Germany, the ambassadors' communique said today.

The penalties to be drafted by the ambassadors and their experts, are to be submitted tomorrow.

The decision was reached following Germany's failure to complete disarmament by April 1 as demanded.

WOMAN RUBS ACID IN TEACHER'S EYES

INSTRUCTOR SOUGHT TO ALIEN-
ATE OTHER WOMAN'S HUSBAND'S AFFECTIONS.

By United Press
JEROME, ARIZ., April 1.—After throwing acid in the face of Miss Lucile Gallagher, a Jerome school teacher, Mrs. Clarence V. Hopkins, wife of one of the most prominent mining engineers in the United States, was hurriedly taken from here to the Prescott county jail today when feeling against her had reached a dangerous pitch.

Miss Gallagher and another teacher were eating breakfast in a restaurant here this morning when Mrs. Hopkins entered the dining room. She immediately went to the kitchen and obtaining a glass of water from the cook poured a quantity of acid from a small vial into it. She then went to the dining room and approaching Miss Gallagher from the rear she seized her arms and rubbed the acid into her face and eyes.

Mrs. Hopkins' hand was severely burned by the acid and it is thought Miss Gallagher will lose the sight of both eyes aside from having her face permanently disfigured.

According to current reports, Mrs. Hopkins has accused Miss Gallagher of trying to alienate the affections of her husband.

13 NEGROES, NEW TOTAL OF JASPER "MURDER FARM"

HULAND WILLIAMS ALLEGED TO
HAVE ORDERED TWO
PEONS SLAIN.

By United Press
COVINGTON, Ga., April 1.—Two more negroes, making a total of 13, were murdered on Jasper county's famous "death farm," according to additional disclosures made before state officials today.

According to the statement of a negro workman on the death farm, his two fellows were killed under the orders of Huland Williams, son of John Williams, owner of the death farm, who is himself accused of ordering 11 negroes to their death. The negroes are said to have been held on his farm as peons.

The elder Williams will go on trial for his life in the Newton county superior court Tuesday, charged with slaying three negroes whose bodies were found in the Yellow river recently.

By United News
COVINGTON, Ga., April 1.—The first move of the defense when John B. Williams, wealthy Jasper county planter goes on trial for his life in the Newton county superior court here, will be a motion to have the trial removed to Jasper county, the scene of the murder of a number of negro plantation workers, according to unofficial but authoritative reports tonight.

It is generally believed, however, that Judge John B. Hutcheson, of the Stone Mountain circuit, who is to preside at the trial, will refuse any such motion on the grounds that the defendant is charged with killing three negroes whose bodies were found in the Yellow river, within the boundary of Newton county.

The next action of the defense, it is expected, will be to file a bill of exception and ask that the case be deferred until the higher court's decision is handed down. This will be of no avail, it is thought, the general opinion being that Judge Hutcheson will refuse to sign the bill of excep-

EMERGENCY EXISTS DECLARES ENGLAND

GOVERNMENT THIS GIVEN SPE-
CIAL POWERS TO COPE
WITH STRIKE.

By A. E. Johnson
(United News Staff Correspondent)
LONDON, April 1.—The British government, by royal proclamation, has declared a state of national emergency due to the coal miners' strike and the menace of a triple alliance walkout.

This gives the government special powers under the law passed to meet a similar emergency in the last great strike. It enables prompt mobilization of all national resources but in this case will not be exercised to the extent of calling upon troops for aid.

However, the proclamation will enable the government to control the rationing and supervise the distribution of food stocks about the country and also to control the railways and other industries.

Prompt and drastic punishment is likely to be meted out to any violators of cabinet ordinances in the emergency.

SLOVAKIA WILL SEND ULTIMATUM TO HUNGARY

By United Press
PARIS, April 1.—France has formally assured the nations of the "little entente" that she will support necessary military movements against Hungary if Emperor Karl is not renounced. It is reported here today. At the Czecho-Slovak location it was stated that a three-day ultimatum will be sent the Hungarian government demanding Karl's dismissal.

BOOZE SMUGGLING PLOT IS NIPPED

HEATER AND McCLASKEY SEIZE
TRUNK CONTAINING WHIS-
KEY—OWNER FINED.

A number of prominent local business men are wearing long faces today as a result of an April fool joke which was not a joke played upon them by Chief of Police Frank Heater and Patrolman James McClaskey. It happened thus:

Yesterday morning Heater was at the passenger depot when an east-bound train pulled in. He was immediately attracted by the size of a huge trunk, which was causing the baggage man to exude considerable sweat and profanity in moving it. Curious, Heater watched the indolent-looking man who claimed the trunk and found that it was taken to a room in the Gates block. It might have been imagination, but the police officer thought that he could detect a muffled clinking of glass as the heavy trunk was taken up the stairs to a room in the lodging house.

At any rate, Heater decided to investigate further, going before City Attorney Celia Gavin and securing a search warrant.

Upon searching the room where the trunk was taken, the man who earlier in the morning had claimed the trunk at the depot denied all ownership of the luggage carrier, maintaining that the trunk was already in the room when he had rented it.

At this point the landlady interceded, telling the police that the roomer's name was William H. Jones, that he had rented the room by the month, only slept in it one night a week, each Thursday night, and that when he came and went, presumably to and from Portland, he always carried the big trunk with him.

The trunk and Jones were taken to the police station, where the trunk was opened. A neat layer of pillows met the officers' eyes. Removed, still another layer of pillows was seen. These pillows removed, 29 bottles, each containing a quart of genuine Canadian whiskey, were disclosed.

Wishing to be sure that the bottles did not contain cold tea, which would make the police the butt of the joke, a bottle of the liquid was given

MRS. STILLMAN'S ALIMONY INCREASED

SUIT WILL RESULT IN DEADLOCK
IF CHARGES ARE
PROVED.

By United News
FOUGHKEEPSIE, April 1.—The Stillman divorce suit will result in a deadlock if both sides prove their charges, brought against each other in Justice Moranshauer's court, the justice declared today. The statement was made in a ruling by which the court increased Mrs. Stillman's alimony from \$5,000 to \$7,500 a month and granted her \$25,000 in counsel fees and \$12,500 for the obtaining of witnesses.

The principal charge made by James A. Stillman, president of the National City bank, is that two-year-old Guy Stillman, youngest of his wife's four children, is the son of Fred Beauvais, French-Canadian guide.

Mrs. Stillman bases counter charges on the allegation that Stillman is the father of Jay Leeds, two-year-old son of Mrs. Florence Leeds, former chorus girl.

FOUGHKEEPSIE, N. Y., April 1.—

Mrs. "FIE" Potter Stillman today was granted a portion of the additional alimony and counsel fees which she had asked in the divorce suit brought by James A. Stillman, president of the National City bank.

Justice Moranshauer granted her \$7,500 a month alimony, \$25,000 counsel fees and \$12,500 additional or more for witnesses she had asked that her imaginary alimony be in-

SEATTLE, April 1.—With 291 survivors of the crash between the United States shipping board freighter West Hartland and the Pacific Steamship company's steamship Governor, in which the Governor was sunk in the Strait of Juan de Fuca, off Port Townsend, shortly after midnight this morning, the West Hartland arrived at Pier D, Seattle, at 10 o'clock this morning.

So far as is known there are 10 persons missing.

Those unaccounted for are:
Mrs. W. N. Washburn.
Sadie Washburn.
Ilene Washburn.
F. Sheek.
Alfred Kisean.
J. Clancy.
W. Drulsen.
C. C. Christensen.
C. M. Aubutun.
H. Webster.

The three latter were members of the crew, the rest being passengers. Several of the Governor's crew were injured by escaping steam.

The Governor was rammed about a mile and a half off shore. A big hole was torn in the vessel's side when the prow of the West Hartland struck. Water quickly filled the passenger vessel.

Four hours after the accident the West Hartland gave up its search of the water's surface and headed for Seattle at half speed. The search was continued by persons in launches.

The West Hartland rammed the Governor a little after 12 o'clock. The Governor went down one hour and 10 minutes later.

Meanwhile the lifeboats of both vessels had worked to transfer per-

AUTHORITIES KNOW ELWELL'S SLAYER

INFLUENCE OF MAN PREVENTS
ACTION SAYS TURFMAN'S
MOTHER.

By United News
NEW YORK, April 1.—Acting on what is believed to be new evidence Former Governor Charles D. Whitman has started an investigation of the murder of Joseph B. Elwell, bridge expert and turf man, who was found shot to death in his home last June.

The former governor has undertaken the investigation at the request of District Attorney Swann, who has issued a request to all persons who know anything about the case to report to Mr. Whitman. Swann also announced that all the facts unearthed by his office during nine months or constant investigation have also been turned over to Whitman.

Mrs. Joseph B. Elwell, mother of the slain man, in an interview stated that Elwell's slayer was a wealthy man and that he was known to the authorities.

"I believe the best responsible for this crime is known to the officials," she said. "I have been told so anyway and they are just waiting. He has powerful friends—men higher up. Millions of dollars couldn't get him. He's got a pull."

District Attorney Swann denies that the identity of the murderer is known to anyone working on the case. "My Mrs. Elwell knows who killed her son, she ought to tell us," he said.
