

NEWS NOTES

Marriage License issued—A marriage license was issued this morning to John M. Morrow, 26, of Tygh Valley and Hazel I. Brown, 19, of Maupin.

Judge Wilson Returns — Circuit Judge Fred W. Wilson returned to The Dalles yesterday after holding court in Hood River last week. The entire week was spent in the adjudication of civil cases.

“Big Chief” Inspects Highway—Herbert Nunn, state highway engineer, is in The Dalles today upon a trip of inspection of the Columbia River highway. He made the trip from Portland to The Dalles by automobile.

Cello Masque Ball—Some 40 couples attended a masquerade ball at the Cello hotel last Saturday evening. Many varied and delightful costumes were worn. Of especial note were the costumes worn by Geneva Helms, as queen of hearts, and Cecil Helms as queen of diamonds.

Who Gets The Difference?—M. K. McLeod today sold a beef hide, raw, weighing 72 pounds, for \$1.03. This price, one and one half cents a pound, is the market price for hides. “With shoes selling for \$8 up, one wonders why the difference in raw material and the finished product,” exclaimed Mr. McLeod. “The factories and the middlemen must be getting rich fast,” he added.

Bird Club Gives Picnic—The Bird club of the West End school gave their annual picnic Friday afternoon, on Mill creek. The club is composed of Third and Fourth grade pupils. The primary pupils were invited to attend. An interesting program was enjoyed. After the program a lunch was served. The children toasted marshmallows and sang songs. Several mothers attended.

I. W. W. Circulated—Handbills calling for the “abolition of the wage system” and asking all workmen to join the I. W. W. with “\$2 for initiation fee and \$1 a month dues,” were scattered in all parts of the city last night by unknown persons. The bill explains that the I. W. W. “intend to take over all means of production and distribution as soon as possible; all the factories shall be ours; and all the mines, mills, railroads and ships.”

Indoor Baseball Meet Tonight—The second indoor baseball meet of the season will occur at the high school gymnasium tonight. Two games will be played, the first starting promptly at 7:30. The “Never-sweats are still smarting under the sting of last week’s defeat and promise to put up the stiffest kind of an argument in the first game this evening. No admission is charged to see these games and the public will be welcomed.

Community Meeting Tonight — A community meeting for the central neighborhoods of the city will take place in the council room of the city hall at 7:30 tonight. Short talks will be made by members of the Community Service committee. The business of the meeting will be the election of three members to the community council. A program of stunts and singing is in preparation and a good time is assured. The public is cordially invited to attend and take part in the discussion.

Too Much Booze; Arrested—Possession of too much moonshine whiskey, both externally and internally, Saturday night resulted in the arrest of Edward Covey and T. W. Comstock at a dance given in the Chenoweth grange hall. The arrests were made by Deputy Sheriff Ernest Fitzgerald, who brought the prisoners to the county jail. They are being held in jail upon a charge of possessing intoxicating liquor in a public place, a misdemeanor under the Oregon law.

Emerson Home Damaged By Fire—Fire, caused by an over-heated chimney flue, this morning slightly damaged the roof of the home of C. F. Emerson, 602 Alvord street. Prompt action by the fire department confined the damage to the destruction of a small section of the roof, which was ripped up in order that water could be spread on the flames. According to Mrs. Emerson, she had been burning a large quantity of refuse in the basement furnace, which is believed to have caused the chimney flue to over-heat.

To pave Highway Soon—The A. D. Kern construction company has started the building of a large paving plant near Mosier, in anticipation of early laying of “hot stuff” on the Columbia River highway between Hood River and Mosier. A rock crusher is also being constructed. It is planned to start paving operations in about 30 days, according to J. H. Scott, division engineer. E. A. Collier has been appointed as resident engineer to supervise the paving operations. He will have headquarters at Mosier. The first of the pavement will be put down between Hood River and the gravel pits.

Double Funeral Impressive—Double funeral services for John Medler, 84 years old, and Arthur H. Medler, his grandson, 22 years old, were held yesterday afternoon in the Wasco opera house, under the auspices of The Dalles lodge, No. 303, B. P. O. E., of which Arthur Medler was a member. Five automobile loads of Elks attended the services. More than 500 persons crowded into the opera house at Wasco to hear the impressive rites pronounced over the bodies of grandfather and grandson, the former one of the early pioneers of Sherman county. Burial was in the Wasco cemetery.

Oregon, Pride of the West—The new state song is now on display at Corson, the Music Man’s music store. It has the official sanction of the state chamber of commerce as expressing Oregon spirit. The lyric extolls the wonders of the state; the bracing air, the prosperity everywhere present, the mountains and streams, the forests, and refers to Oregon as “flower of the nation and pride of the west.” The lilting melody makes one want to whistle it. The title of the state song is “Oregon, Pride of the West.” Words are by Fred E. Fleet, and music by Frank B. Robinson.

Fire Damages Livery Barn—The ability of Ernest Morast to think and act quickly probably saved several head of horses from being seriously burned and also probably saved Harry Cliff, manager of the City Delivery system, from losing his livery barn on Calhoun street. Morast lives near the livery barn and last night about 8 o’clock, he noticed a cloud of smoke coming from one end of the building where the horses were stabled. Rushing into the burning building, he cut the halters of 20 horses and drove them from their stalls before the fire had gained any considerable headway. Only one horse was burned and it only slightly about the head. Morast then turned in the fire alarm, secured a garden hose and had the fire under control by the time the fire department arrived. Damage to the building was nominal.

Fire Inviting Trees Felled—Because of danger of fire, two of the finest sycamore trees in The Dalles are being felled today. The trees stand in front of the home of G. C. Blakeley. Third and Washington street, their upper branches coming in contact with electric light wires strung above the street at this point. Many expressions of regret are heard by the workmen engaged in cutting down the trees, from passersby who pause to view the work. One nature loving man was highly indignant that two of “God’s beautiful creations” should be so destroyed. Following on his heels, another man, living in the immediate vicinity of the trees, remarked that “It’s a good thing they are cutting down these things; every fall they clutter up my yard with their leaves and make me a lot of extra work.” Pat Foley chanced along at this time. “They make me as much work as anybody, but I am willing to do the work just to have the privilege of looking at the trees when they are in full foliage,” he remarked. Foley’s residence stands directly across from the trees in question.

REASON SNAPPED

(Continued From Page 1.)

half times the cost from Hood River to Londonderry, he declared.

A cargo taken by a ship from New York to Dublin direct was forced to bear dockage and transfer charges in the port of Liverpool, England, although it did not at any time touch the English port, the speaker added.

“Ireland is able to govern itself,” said Mr. Gannon. “If it were given a chance it would end this turmoil and strife. Ireland had a parliament from 1780 to 1800 and in that time of self government it paid up the debts of the country and had a 6,000,000 pounds credit in the bank. This plainly indicates that when England’s yoke is removed, Ireland is self-supporting and well able to meet any situation which may arise.

The following program was rendered: Opening Chorus.....Soldiers of Erin Vocal Solo.....Lynn Roycroft Introductory Address.....Mayor P. J. Stadelman.

Vocal Solo—“The Orange, the White and the Green”.....Miss Peggy O’Rourke.

Address.....Dr. Andrew C. Smith Vocal Solo.....Mrs. Pat Foley Address—“An Ulsterman’s View of the Irish Question”.....Thomas Gannon.

COMB SAGE TEA IN HAIR TO DARKEN IT

It’s Grandmother’s Recipe to Keep Her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother’s recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don’t have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called “Wyeth’s Sage and Sulphur Compound.” It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth’s Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.—Adv.

Prescriptions

With our up to the minute equipment, backed by scientific training and long experience in the compounding of prescriptions, we are able to fully supplement the services of your physician.
