Be An International Farmer

Buy International machines for the most successful operation of your farm, then keep them 100 per cent International as long as they last by using only Genuine I H C Repairs. Be an International Farmer, and we will back you up by International Service, which is prompt, dependable and permanent.

What An Experienced Farmer Knows

Any farmer of experience can tell about how long his farm machinery will run before parts that need replacement will wear out. These include, with many others, shares, shovels, guards, knives, sections, blades, teeth, etc.

Order Repairs Early

All these items should be listed and ordered early, far in advance of the time when they will be needed. You will save time and money by ordering all the repairs at one time. This will save you money later in the season, when you may be obliged to pay for long distance telephone calls, and express or parcel post charges on numerous small orders.

When Delays Are Expensive

And, what may later prove much more costly than these charges, is the time lost waiting for repairs just when the implement should be working to capacity in the field.

As the International Dealer, We Maintain an International Service Station for

Your Convenience.

You Can Write a Book

When someone asked Mark Twain which was his favorite of all the books he had written it took just half a second to answer, "My Bank Book."

Everyone can write a book—not like Huck Finn, perhaps—but on the style of Mark Twain's favorite, the true story of one who keeps his money matters in good order and does not forget Tomorrow in the excitement of Today.

Your bank book tells your story. Perhaps our officers can help you make it good reading.
