

NEWS NOTES

Jones-Dodson License—A marriage license was issued this morning to George A. Jones, 27, of Portland and Gladys Dodson, 18, of Arlington.

Visiting Day—Wednesday has been designated visiting day at the Union street school. Patrons of the educational plant are invited to attend classes upon this day and see the workshop in full operation. At the close of school a round-table conference will be held relative to the organization of a Parent-Teachers' association.

City to Protect Phone Increases—The Dalles will join with Portland in filing a petition for a rehearing of the telephone rate increase decision of the State Public Service commission, Miss Celia Gavin, city attorney, announced today. The joint petition will be filed April 15. Several Wasco county farmer lines will probably join with The Dalles and Portland in asking a rehearing, according to Miss Gavin.

Old Landmarks Gone—Robert Graham of Mabton, Wash., who lived in The Dalles in the sixties, is a visitor in the city, but he can't locate any of the old landmarks. He is spending his time at the home of Roy Graham, his son, at Granddallas and at the home of John G. Odell, nephew, in this city. Mr. Graham moved away from The Dalles in 1872 and has never returned until now.

Spencer to Retire—Thomas Murray Spencer, "poet laureate" of Montana, has made his last trip to The Dalles. Spencer, who is a poet "on the side" only, uses cigar salesmanship as a means of earning a livelihood. He has been coming to The Dalles regularly for years and has made many friends here. But old age is creeping on, and Spencer has decided to retire. Yesterday he visited with all of his friends, bidding them good bye. Today he left for Portland, where he will make his home.

To Give Psychology Lecture—"Creative Intelligence," will be the subject of an address tonight in the council chamber of the city hall, delivered by C. E. Greene of New York City, lawyer, lecturer and psychologist. The lecture will be free. Those who are interested in the power of mind and its workings are invited to attend. At a later date classes in psychology may be organized, if sufficient interest is shown in the subject. J. T. Horick will preside at the meeting.

Indoor Baseball Schedule—The following schedule of indoor baseball games to be played during the rest of this month, has been prepared by H. W. Arbury, Community Service director, The Dalles: Needham vs. Ross, Broer vs. Stoneman, Monday, April 11; Ross vs. Broer, Needham vs. Stoneman, Thursday, April 14; Broer vs. Needham, Stoneman vs. Ross, Monday, April 18; Stoneman vs. Broer, Ross vs. Needham, Thursday, April 21; Broer vs. Ross, Stoneman vs. Needham, Monday, April 25; Needham vs. Broer, Ross vs. Stoneman, Thursday, April 28.

Mrs. Ida Hay Dies—Mrs. Ida Hay, 62 years old, formerly a resident of Wasco county, died Saturday at the family home, 1029 Harney street, Vancouver, Wash., after an extended illness. She was the widow of T. G. Hay, well known in The Dalles and Wasco county. She is survived by seven sons: Charles and A. J. Hay of The Dalles; Archie and Lee Hay of Vancouver, Wash.; James of Silverton, Thomas of Portland and Joseph of Salem, and two daughters, Mrs. Ada Collman of Vancouver, Wash., and Mrs. Sarah Hayden of San Francisco. The body was brought from Vancouver to The Dalles for burial. Funeral services will be held tomorrow afternoon at 2 o'clock from the Burget-Mogan company's funeral home, The Rev. W. H. H. Forsyth will officiate. Burial will be in Odd Fellows' cemetery.

To Shoot Local Pictures—If you have been wanting to see how you look in motion pictures, tomorrow will be your chance. G. A. Campbell, director, and Milton Athens, operator, of the San Joaquin Motion Picture company, who are in the city "shooting" scenes for Pathe and the other big news weeklies, will be at the city park on Union street, between 3:30 and 4 o'clock Tuesday afternoon to take pictures of high school, grammar and kindergarten boys and girls. According to Campbell, 250 close-ups will be taken, if that number of subjects appear for the pictures. Some of the scenes will probably be shown later in the week at a local theater. Some other motion picture subjects, with local color and character, will be taken here this week, if sufficient interest

can be aroused, Campbell said. Pictures are to be taken of the blossoming orchards and of the Cello canal in connection with the scenic work.

AUTO TRAVELS AT 109.3 MILES, HOUR, FOR RECORD

By United Press
LOS ANGELES, April 11.—Motor speed pilots have a new mark to shoot at as a result of the performance of Jimmy Murphy, who yesterday captured the sprint honors by driving a Duesenberg for 50 miles at an average of 109.3 miles an hour on the Beverly Hills speedway.

The best previous average was 107.38 miles, made by Roscoe Searles.

Ralph de Palma's proverbial hard luck put his out of the running in yesterday's championship final event when he apparently had the 50-mile dash in his grasp. His Ballot caught fire at the eleventh lap and he was forced to bring it to a halt. While the flames were being extinguished Murphy and Searles flashed past.

Murphy finished about a quarter of a lap ahead of Searles. Eddie Pullen, who had got off to a bad start, came in third, a full lap behind the leaders.

Frank Clock Exonerated

To whom it may concern: This is to certify that the complaint for grand larceny filed by the undersigned in Wasco county, Oregon, against Frank Clock (process having been issued thereon and said Clock having been arrested) was wholly due to a misunderstanding and it now transpires that there is not and never was any criminal liability of any nature on the part of said Frank Clock in the transaction alleged in said complaint. This statement is made in all fairness to Mr. Clock.

(Signed) H. C. DODDS, Wasco county, Oregon, April 9, 1921. Acknowledged before me this ninth day of April, 1921. R. R. Butler, notary public for Oregon.—Adv.

COMFORTABLE OLD NIGHTIE STILL MOST POPULAR

By United Press
CHICAGO, April 11.—In musical comedies and magazine advertisements you find your fancy striped pajamas, but in real life men are clinging to the old fashioned night shirt. At least that's the opinion of P. H. Layland, Chicago haberdasher. "Not only the jazzy old boys, but gay young friskers are keen for the comforts of the roomy night shirt that covers up your feet," said Layland. Snappy, up-to-the-minute styles in public, but comfort in the bedroom—that is the policy.

James A. Patton, wheat king, was quoted the other day as saying: "Damn pajamas!" His traveling bag had been stolen. It contained a night shirt. A friend offered pajamas.

MEETING NOTICES

Regular meeting, Columbia Chapter, No. 33, O. E. S., on Thursday, April 12, 8 o'clock. R. M. Degrees. 11

McARTHUR INTRODUCES \$75,000,000 HIGHWAY BILL

WASHINGTON, April 11.—Representative McArthur today introduced a road measure similar to the one which he fathered last session. The new measure contemplates a four-year program, but the authorized annual appropriation is to be \$75,000,000, instead of \$100,000,000, as provided in the previous bill. Mr. McArthur said today that he voluntarily reduced the amount because of the unprecedented demand for congressional appropriations and the enormous size of the national debt.

In addition to the annual appropriation of \$75,000,000, for cooperative road building with the several states, the new McArthur bill authorizes \$3,000,000 per year for roads and trails in national forests. In revising his

bill for reintroduction, Mr. McArthur combined the best features of his original road bill with those of the substitute which was reported from the house committee on roads and passed by the house on February 16. Among the features of the new measure is one which makes it a criminal offense for any person, firm, corporation, highway commissioner, or employee to make any false statement or representation as to quality of material or character of work with intent to defraud the United States. The maximum penalty for violation of this provision is five years imprisonment or \$10,000 fine or both.

The original McArthur road bill provided that where federal funds are spent in cooperative road construction, preference shall be given to such projects as will expedite the completion of an adequate national highway system connecting at the state boundaries. This section was omitted in the substitute bill which was reported by the house committee

on roads and the omission proved fatal when the bill reached the senate, for Senator Townsend, chairman of the committee on postoffices and post roads, is opposed to any legislation that does not contemplate a system of national highways. Mr. McArthur has reincorporated the above provision in his new measure and believes that the house committee on roads will allow the provision to remain in the bill which will undoubtedly be reported favorably within a few weeks.

The Cleveland Tractor

First In The Fields

CLECTRAC FARMERS A WEEK
AHEAD IN SPRING

Clectrac farmers are first in the fields every year. Even a late spring doesn't worry them—their Clectracs get right into the fields and start work a week ahead of their neighbors.

There are no delays with a fleet of Clectracs on the job. The tank-type tracks ride easily over the soft, wet ground. They do not dig in or mire in the soggy spots.

With the Clectrac fleet its easy to get plowing and fitting done and be ready for those few days when conditions are just right for planting. And if one Clectrac should be laid up, the others easily shoulder the extra load and the work goes right on.

"Selecting Your Tractor"
tells all about how Clectrac reduces production costs on raising farm produce. Come in and get your copy.
