No cigarette has the same delicious flavor as Lucky Strike. Because Lucky Strike is the toasted cigarette.

**WAPINITIA NEWS**

WAPINITIA, April 12. — A little daughter was born Monday to Mr. and Mrs. Charley Lewis.

Mr. and Mrs. Joe Graham and Mrs. D. Woodside were visitors to The Dalles Thursday.

R. W. Richmond and son, Floyd, made a trip to The Dalles Saturday. They brought out a load of gas.

George Heitz and Johnnie Sinclair, each drove trucks to The Dalles Thursday, returning Friday and bringing out a logging truck belonging to the ditch company.

E. A. Hartman was transacting business in The Dalles Saturday.

Mr. and Mrs. Walter Driver, Mrs. Lu Woodside, Ralph W. and Josie O'Brien spent Sunday in Shaniko visiting at the home of the P. J. Olsens. Cal Burnside, brother of George Burnside, arrived here from the east last week and will remain a while. He will assist his brother with the spring work.

Mr. and Mrs. Howard Blackerby of Wamic were here Sunday. They got some orphan lambs from the Abbot sheep camp.

N. G. Hedlin returned to Wapinitia Sunday from a few days' stay in The Dalles.

Mr. and Mrs. W. B. Keene left here last Tuesday for Portland where they will reside.

Robert Ellenwood made a trip to the intake Saturday. About 11 o'clock while he was a few miles from home, his horse got loose and arrived home at daylight Sunday morning. A party immediately started in search of him and found a note pinned on a tree saying he was all right and had gone on.

Mrs. Howard Wood and little daughters who have been visiting at the home of Mrs. Wood's mother, Mrs. Johnnie Sinclair, left Friday for her home in Roseburg.

A little surprise party was given Mrs. Sinclair last Thursday evening, the occasion being her birthday.

The W. M. A held its monthly meeting at the church last Thursday. It will hold its next meeting the first Thursday in May at the home of Mrs. R. W. Richmond.

Everett Richmond and Ben Flinn were in The Dalles Thursday. Everett brought out a load of gas for the farmers' union.

Mr. Sykes, editor of the Farmers' Union paper, was in this section last week getting farmers to sign up to market their wheat through the Wheat Growers' association.

Mr. and Mrs. Clyde Flinn and Jack Wall spent Sunday at Simnasho, visiting at the homes of Ed Barnard and Harold Stanton.

The Rev. Mathews and the Rev. Stear arrived here from Portland Friday evening. They were guests at the parsonage. They boarded the stage Saturday morning for home. The Rev. Spear was a missionary to the Indians for years, but left here a number of years ago.

A ball team was organized here Sunday. Mose Delore was chosen manager, Ben Flinn, captain. A game between the locals and Simnasho Indian boys is scheduled for next Sunday.

This year the annual summer meeting of the Society of Automobile Engineers will be held at French Lick Springs, Indiana, May 23 to 28. These dates were decided upon to allow the members to attend the Indianapolis 500-mile race, Memorial day, on their way home. This quasi-social event is always largely attended by the designers and builders of America's cars and trucks.

"Necessity is the mother of invention"—correct. Here's another instance: All primed for a session of duck shooting, a western newspaper man arrived at Bear Lake, California, in his motorcycle and side-car only to find that all the boats had been rented. Undaunted, he removed the side-car, plugged up the bolt holes with wooden stoppers, caulked the seams, borrowed a paddle and away he went for a successful day.

The pendulum is swinging back at a merry clip in the automobile industry. Reports from Detroit and Akron the car and tire centers of the universe, say that more men are hired each succeeding week and that production is rapidly approaching normal. Both cities predict a shortage of their products. Indication of a hot summer, coupled with the early spring we are experiencing is swamping the factories and their dealers with orders.

If tires and radiators could talk motorists would come in for a torrent of rough language. The average car owner will neglect to fill his radiator and pump up his tires until the very last minute although he is almost constantly reminded by "free water" and "free air" signs. Both are costly practices and the two neglected ones are justified in their protests.

Over half the trouble to which the car owner is subjected is due to lack of proper lubrication. Of course, most owners have learned to use oil in generous quantities in the engine and the differential but are inclined to slight other important parts such as the steering gear and brake connections.

New York has a motor car pawn shop! It's in Columbus Circle, in the heart of "gasoline row." Needy auto-

mobile owners take their cars to this place and get money and a pawn ticket. If they fail to return the loan with interest, the car is sold. More than 100 cars are now "in soak" there, some of which can already be obtained at "hock shop" prices. The assortment includes both stately limousines and lowly flivvers.

Pity the poor motor truck. It is being unjustly accused on every hand. As a destroyer of roads it doesn't rank "one, two, three" with incompetent engineers. Inadequate drainage, or total lack of drainage, causes the failure of more roads than any other cause. If the same care and attention were given to the subsoil and its drainage as to the visible part of the road, most of the annual spring road failures would be avoided.

To secure a clear view ahead through the windshield glass in rainy weather is vitally important to safety. Many schemes are used to keep the glass clear in wet weather, but perhaps the old-fashioned alcohol and glycerine mixture which is carried in a small bottle and rubbed on the glass as needed is best. A bottle wrapped in cloth and stowed in the side pocket is always ready and the contents may be applied with the cloth.

Our weekly DON'T—Don't neglect your manifold. If you have a spark plug which is not screwed tight, or a petcock partly open, or a gasket which is not absolutely air-tight, your engine will miss badly when you try to make it pull at slow speed on a hill. To find air leaks, squirt a little oil around the plug or gasket, and if bubbles show up you have found a leak.

**ENDERSBY NEWS**

ENDERSBY, April 12.—Ira Waterman was a Dalles business visitor Saturday.

Mrs. Endersby and son, Will, were shopping in Dufur Saturday.

Mr. and Mrs. Chester Hill were in the city Saturday.

Mr. and Mrs. W. F. Darnielle of The Dalles were here Friday.

Miss Laurena Darnielle spent a few days with her parents on the farm, returning to The Dalles Friday afternoon.

H. L. Ford, pastor of Dufur, with a band of workers and singers came

over Sunday afternoon to hold services in the school house. There were three cars and a Gospel truck full of Christian workers.

On Sunday, April 24, the Endersbys expect to go to Dufur in a body and attend services and basket dinner. C. F. Swander, corresponding secretary, of Portland, will be present, and speak at that time.

Mr. and Mrs. G. W. Covert of Pleasant Ridge were Sunday guests at the Endersby home.

A number of friends and neighbors gave a surprise party for Mrs. Ira Waterman Saturday night. They report a pleasant time.

The Dalles visitors Saturday, were: Mr. and Mrs. Lester Leabo and daughters, Blanche and Vera, Mr. and Mrs. Ray Darnielle and two children, Mr. and Mrs. Miles Leabo and two sons and Miss Mabel Endersby.

John and Joe Masquart of The Dalles were in Endersby Friday.

**RECIPE TO CLEAR A PIMPLY SKIN**

Pimples are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water, each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.—Adv.

**CLEAN-UP-SALE SHOES**

Odd lots of men's work and dress shoes, women and children's shoes, will be closed out in the next two weeks at extraordinary reductions, in some instances as much as 50 percent.

**Beginning Today COME EARLY WHILE SELECTION IS GOOD Here are Some of the Bargains**
