

NEWS NOTES

**New Pipe-Organ Motor**—The Congregational church has just received a new electric motor to operate the pipe organ. The Junior Aid society was instrumental in procuring this new equipment.

**Dr. McAfee To Speak**—Word was received in the city today that Dr. McAfee, executive secretary of the Portland federated churches, will be in the city Sunday and Monday. He will fill two of the city pulpits Sunday, and will address a mass meeting of men at the Methodist church Monday evening.

**Gasoline Motor Car Goes Through**—The Union Pacific railroad company's gasoline passenger car stopped in The Dalles yesterday enroute to the Albina car shops for repairs. The car is operated by two gasoline engines, developing a total of 250 horsepower. It was formerly on the Umatilla-Pendleton run, which has been discontinued.

**Baptist Brotherhood Meeting**—The semi-monthly supper of the Brotherhood of the Baptist church was given at the church last night. H. W. Arbury spoke and also directed the sing. Professor Greene spoke on "The Measure of a Man." The next meeting will be an out-door affair which the families will be invited.

**To Welcome New Members**—To welcome new members into the fold, a reception will be tendered by members of the Congregational church to those entering into membership since the Rev. E. Gouge accepted the pastorate of the local church, Thursday evening at 8 o'clock. The reception will be held in the parsonage. In addition to members, prospective members and friends of the church will be present.

**Foreman Didn't Abuse Men**—Representatives of the local central labor council met last night with Mayor P. J. Stadelman and members of the city street commission, in regard to the reported abuse of laborers at the city rock quarry by George Carroll, foreman. No evidence of direct abuse or brutal treatment was brought out, the central labor council delegation today declaring that the entire affair had been settled amicably.

**Hair Tonic Grows Hairy Taste**—Discouraged by the lack of results obtained from continued use of hair tonic, as a cure for dandruff and kindred scalp afflictions, A. J. Law yesterday evening decided to try an internal application of his favorite hair restorer. Several drinks caused him to vision a beautiful crop of hair upon his pate. Several more drinks and he had forgotten the original purpose of the perfumed liquid. He woke this morning in the city jail with a "hairy" feeling in the roof of his mouth, only removable by use of much cold water.

A Series of Human Interest Talks on Insurance

What Does Your Banker Think of the Insured Man?

"First, he is prudent," said one banker, "if the applicant for a loan carries ample insurance we know he is providing for the inevitable."

"Banks loan money on the character of the man more than on the proposition submitted. Insurance guarantees that the man's plans will not be sacrificed if he dies," said another prominent banker.

"A man can create a larger estate with a small amount of money by taking life insurance than any other way and he also creates a compulsory saving," said another prominent banker.

"A man with a family should no more go without life insurance than go without food and clothing. A single man should take life insurance for he gets it cheaper and the time will come when he will be sure to need it," commented another banker.

Think it over and talk with

Good things to eat, cooked and uncooked.  
Everybody welcome. Lunch served at noon.  
Don't stop to dress. Come in your working togs.

Law paid a fine of \$10 in the police court for his experiment.

**Mrs. Katherine Lehmann Dies**—Mrs. Katherine Hahn Lehmann, 49 years old, died early this morning at the family home in Thompson's addition following a brief illness. She is survived by her husband, Christ Lehmann and by one son. Funeral services will be held from the Lutheran church. The date for the funeral has not been set. The body is at the Crandall Undertaking company's mortuary parlors.

**One Acquitted, One Fined**—Charged with possession of intoxicating liquor at a recent dance given in the Chenoweth grange hall, Edward Colby was acquitted yesterday afternoon by a jury in the justice court and allowed to go free. T. W. Comstock, also charged with the same offense, had previously entered a plea of guilty and had been fined \$25 by Justice of the Peace J. W. Allen. Representing Colby, Attorney Paul W. Childers contended that his client had only taken a "couple of drinks, such as any red-blooded American might do," and that in his opinion, the offense did not merit punishment by law.

**Psychology Lecture Well Attended**—The lecture by C. A. Greene, given at the library last night, was well attended. Professor Greene is a teacher of psychology and his lecture "The Fountain of Youth," held the attention of his audience. He likened thought to the streams of water which flow on and on, sometimes clear and beautiful and at other times muddy and impure. He spoke of health as the most valuable of all possessions, saying that he would not eliminate any curative agency, physician or practitioner, but emphasized the thought that the fountain of youth lies within us and that vitality and intellectual power can be retained and developed by the principles of psychology.

**Bring Your Friends In** to our noon luncheons, 60 cents. You will be satisfied. Hotel Dalles. 16
