

## Cigarette

No cigarette has the same delicious flavor as Lucky Strike. Because Lucky Strike is the toasted cigarette.

### NEWS NOTES

**Lecture At Library**—An illustrated lecture, showing more than 80 slides of scenes taken in Ireland, will be shown at the public library tonight, starting at 7:45 o'clock. Admission will be free.

**Dawson Funeral Thursday**—Funeral services for A. L. Dawson, found dead Sunday beside the railroad track near Wabash, Wash., will be held tomorrow afternoon at 2 o'clock from the Crandall Undertaking company's chapel. The Rev. W. I. Eck will officiate. Burial will be in the Odd Fellows' cemetery.

**Song Leaders' Class Tonight**—A community sing and song leaders' class will be held Thursday at Vogt school, under the direction of Mr. and Mrs. L. S. Pilcher. Community Service song directors. Everybody is invited to take part in the community sing which will last for about 40 minutes. Following the general singing, the song leader's class will receive instruction. Singing will start at 8 o'clock.

**Interesting Scout Program**—An interesting program was put on Tuesday evening at the Baptist church by members of the Boy Scout troop No. 3. A demonstration of semaphore work was given by Scouts Renshaw and Phillips. A tenderfoot test was made by Scout Renshaw and an exhibition of first aid work by Scout Fish. A number of stereopticon slides were shown. The proceeds realized from the evening's entertainment, more than \$20 in all, will be used to purchase scout equipment.

**Sullivan Fined For Speeding**—R. D. Sullivan, local automobile salesman, attempted to test the speed of a new motor car yesterday afternoon, while driving along Ninth street. Motorcycle Patrolman Crofton happened along at the time, however, and informed Sullivan that a city ordinance prohibited speed tests inside the city limits. Sullivan paid a fine of \$10 in

### A Series of Human Interest Talks on Insurance

### YOUR SON

Ten years from now your fifteen-year-old son will be in business.

He will run into the same times of stress that befall all business men.

You would like to be able to help him at such times, wouldn't you?

You can.

You can take out life insurance for him now and pay the premiums until he can handle them himself.

Insurance at fifteen is inexpensive. The rate does not increase. You can establish a wonderful "working capital" for your son's business life at a very small cost if you do it now.

Think it over and talk with

F. W. WOOLLEY

The Oregon Life Man  
The Dalles, Oregon

the police court yesterday afternoon, upon a charge of driving his automobile at the rate of 30 miles an hour. The city speed limit specifies a maximum of 20 miles an hour.

**Cherries Unharmed by Frost**—As far as can be ascertained at the present time, Wasco county has suffered no appreciable loss to its cherry crop from the light frosts which have fallen in various parts of the county during the last month, according to County Agent E. R. Jackman. Jackman explained that when cherry blossoms are injured by frost, the young cherry which is forming in the center of the blossom turns black and falls to the ground. In only a few instances has he been able to find any trace of small cherries killed in this manner.

**Parking Boundaries Marked**—Painters this morning started laying off Second street into parking sections, at the direction of the street committee of the city council. The main business district along Second street will be divided into small oblongs, painted white upon the asphalt. Each of these oblongs is sufficiently large to permit the parking of one car inside of the painted boundaries. This regulation of traffic is necessary in order to prevent congestion of traffic during the rush hours of the day, according to Mayor Stadelman. "It is a case of automobile drivers either submitting to the new parking regulations or else not parking along Second street at all," Stadelman explained.

**Hardwick Body Sent East**—The body of James K. Hardwick, 61 years old, was yesterday sent to McCracken, Kan., his home town, for burial. Hardwick was killed Sunday when hit by a passenger train as he was riding upon a handcar near Arlington. The train is estimated to have been traveling at a speed of 50 miles an hour at the time, killing Hardwick instantly and tossing the handcar for a distance of 50 feet. The engineer did not know that an accident had happened until notified in Portland Monday of Hardwick's death. The dead man is survived by a wife and six children, all residing in Chase, Kansas. The body was cared for by the Crandall Undertaking company of this city.

**Chinese Is Complainant**—Dick Wiley of this city has an appetite but not the wherewithal to attend it according to Long Pye, manager of the Pekin restaurant, who yesterday swore out a warrant for Wiley's arrest upon a charge of failure to pay his board bill. According to Pye, Wiley "board with me for two, three, four weeks, run up board bill \$75." This would have been all right in the opinion of the Chinaman, if only his white boarder had made a few payments on his bill. "He work every day, make two, maybe three dolla' day. I ask him can he pay me a little on his bill. He say 'alright, maybe next week.' Next week come, he draw his money and spend it. No pay me none. I finally get tired waiting and swear out paper to make him pay." Wiley was arrested by Constable Archie Barnett. He is held in the county jail in default of \$100 bail.

**Ball Plantings for Park**—H. E. Burdette, landscape artist, has just received a variety of trees and shrubbery to be used in ornamenting the auto park. These are what are termed ball plantings. The roots of the trees are incased in a ball of earth and can be transplanted without danger to the tree. The varieties received include 25 cedars of two kinds; 25 junipers of three kinds; 50 Swiss mountain pines; 50 Austrian pines; 25 white pines and 150 flowering perennials. Mr. Van der Orman, expert plantsman from Holland, is supervising the planting. City Engineer Marx lends valuable assistance to Burdette. Under his supervision a contour map of the camp ground is being made. A picture of it is also going to be shown upon the screens of the local theaters. The Salem auto park has become such a decided financial success and community asset that the city has recently taken over its management. Many desirable people touring the country, upon stopping at the pleasant auto park, remain long enough to look around and decide to stay and purchase homes or go into business.

**GRADUATES ARE GRANDADS, BUT WHO IS THE OLDEST?**

UNIVERSITY OF OREGON, EUGENE, April 27.—Who is the oldest graduate of the University of Oregon? Miss Charlie Fenton, secretary of the alumni association, is anxious to find out. The youngest graduate is hardly old enough to vote, but who is the oldest?

The University of Virginia has an alumnus who is 96 years old and who was graduated in 1845. The University of Oregon, though it has graduates who are grandchildren of other graduates, cannot hope to equal this record. The first class was graduated in 1878, 43 years ago, but the membership of this class will not necessarily include the oldest son or daughter of the university.

**83 COURSES OFFERED IN NEXT SUMMER TERM**

UNIVERSITY OF OREGON, EUGENE, April 27.—A 48-page catalogue announcing the courses to be given in the summer terms at Eugene and Portland has just been published by the University of Oregon. The terms will be practically simultaneous, the one on the campus starting June 22, and ending July 30; the one in Portland starting June 20 and ending July 30.

A total of 83 courses are announced for the summer term on the campus at Eugene.

The instructors have been selected from well known members of the University of Oregon faculty and from the east and middle west; Dr. Horace A. Eaton, head of the department of English in Syracuse University, New York, will teach two English courses, and Dr. S. O. Hartwell, superintendent of schools at St. Paul, Minn., will teach two courses in education.

## COMMUNISTS CALL FOR MAY DAY RIOTS

MINNESOTA REDS ASK FOR GOVERNMENT DESTRUCTION AND WORKERS' REGIME.

By United Press  
ST. PAUL, Minn., April 27.—Circulars calling for a May day uprising of the workers were found by federal agents here today.

They were signed "Communist Party of America."

Justice department agents and local police were making every effort to block further circulation of the pamphlets and to trace the originators of the plot.

"The May day of revolution is here," read the circular.

"We must destroy the United States government."

The circulars urged workers to establish a "workers' government."

Federal agents appealed to regular army officers at Fort Snelling to be prepared to aid in case of a demonstration in the Twin Cities on May day. It was understood troops were being drilled with the idea that riot duty may be necessary.

### MEETING NOTICES

## APPLY SULPHUR ON YOUR ECZEMA SKIN

Costs Little and Overcomes Troubles Almost Over Night.

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream. —Adv.

### A Friend of the Family

Over fifty years ago a young physician practiced widely in Pennsylvania and became famous for his uniform success in the curing of disease. This was Dr. R. V. Pierce who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called his "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective, and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks without alcohol—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Introduce pure red blood into the system, and health is assured. When you feel run-down, out of sorts, blue and despondent try the energizing influence of this reliable tonic. You can obtain Golden Medical Discovery in tablet or liquid form at all drug stores, or send 10c for a trial package to Dr. Pierce's Laboratory in Buffalo, N. Y.
