

SEAMEN'S STRIKE PARLEY IS OFF

LITTLE HOPE HELD FOR EFFECTING SETTLEMENT OF MARINE TIE-UP.

By United Press
WASHINGTON, May 5—Negotiations between the government and seamen's leaders are virtually at a standstill.

As far as the unions are concerned, negotiations are ended, William S. Brown, president of the Marine Engineers' National Benevolent association said today.

At the office of Secretary of Labor Davis it was said that no plans have been made for any conference for at least two days. Davis and Hoover seemed to have little hope of effecting a settlement, although neither would say directly that there had been a breaking off of the negotiations.

in the city. The floor will be of finest hardwood. A gallery seating 300 persons will be provided, giving non-dancers a place to sit and listen to the music. A special seating arrangement for the orchestra will be made in the gallery. The ceiling of the ball room will be clear of all obstructions, permitting perfect acoustics.

Numerous other rooms and departments will probably be included in the completed plans, when worked out by the architects. Among features under consideration are rooms for American Legion headquarters and offices for The Dalles-Wasco County Chamber of Commerce.

The architects will start work up on the complete working plans at once. Actual construction of the building will not start until some time in the summer, however, as the building site will not be vacated until June 1 under the terms of its sale to the city.

The following persons served on the auditorium plans committee: W. J. Seufert, chairman; A. W. Manchester, Dr. Fred Thompson, Dr. B. C. Olinger and H. S. Rice.

Martial law was declared in Kattowitz, Pless, Rybnik and other towns, but the Poles disregarded the decrees.

German representatives in upper Silesia declared the Poles were attempting a fait accompli, hoping that if they seized portions of the region the allies would be influenced to disregard the recent plebiscite.

At the foreign office here it was stated that the country around Beuthen is in the hands of the rioters. The railway bridge at Gleiwitz was said to have been dynamited and railway and telegraph service interrupted.

\$15,000,000 WAS BRIDE'S SURPRISE

Dick Fagan, of Ft. Worth, Tex., junior at Darnouth College, didn't know when he persuaded eighteen-year-old Katherine Stevens, of Brooklyn, to elope with him, that he was marrying \$15,000,000. But it so developed, because Katherine was the daughter of the millionaire hermit Calvin A. Stevens, who up until his death in March lived just off Wall Street, in New York City, while his wife and daughter resided in a very unpretentious and common home in Brooklyn. Parents of the two say both must finish their college courses.

CHIVALROUS MAN IS ACCUSED OF HAVING 3 WIVES

By United Press
SAN FRANCISCO, Cal., May 5—When a girl expects a man to marry her, the man must be chivalrous and not disappoint the young lady, John William Murray of New York believes.

That was his explanation today of the charges reported to have been made against him in New York of marrying three wives without proper divorces.

"The girls expected me to marry them," he declared. "What else could I do?"

"No bigamy has been committed," he added. "Marie Pavis is the only real wife."

Murray, according to news dispatches from New York, is accused there of having married Marie Pavis, now a Los Angeles motion picture actress; Marie Dougherty, a former war worker, and Anita Southwick, known on the stage as Anita May Warwick.

So far as the local police know, no warrant charging Murray with any offense has been issued in New York.

"I am perfectly willing to go to New York to face any charges they might want to prefer against me," Murray declared, reiterating a flat denial of all the reported charges.

He informed the members of the allied demands and they at once began discussing them.

The completion of a new German cabinet to supplant the one just resigned was to be determined today at a meeting of the reichstag's foreign committee.

It was believed the ministry will be coalition. Majority socialists showed a desire to avoid responsibility for the grave decision which must be made soon in regard to reparations.

DOLLAR STANDARD

to get some more. The more he makes the less he lives.

"Too much money is at the bottom of a lot of misery in this country. Parents with money dress their girls in suggestive modern styles, and then wonder why they get into trouble. Parents with money give their sons high-powered automobiles and wonder why the sons go to the devil.

"There's too much money in the schools working harm. There's too much money in the churches themselves working harm.

"We are in danger of domination by the dollar. If we would keep our civilization from following those of past ages into oblivion, we must overcome the single idea of the monetary standard and bring back respect for integrity and respect for vested rights."

LOCAL ELKS

(Continued From Page 1.)

for use by persons wishing to "play the wheel" or other concessions.

Doll racks, cane and knife racks, hot-dog bakers, sandwich and soda-pop vendors, toy balloon pedlers—the list goes on indefinitely—these will give the affair a real holiday spirit. Holiday spirit will be the only brand served, however, the committee sternly declares.

An old-fashioned bar, the kind rated 13 to the block in the pioneer days of The Dalles, will be installed, however, for the sake of bringing back fond memories to the old-timers. Soft drinks of various kinds will be served over the bar, including Elk milk and other fraternal delicacies.

There will be dancing, from nine until twelve each evening, to the strains of the new 10-piece Elks' orchestra. This orchestra is the largest strictly fraternal dance orchestra which has ever played in The Dalles, and is guaranteed to produce music which will make grandfather forget his "misyry" and step out with coat-

tails flying. In addition to music by the dance orchestra, a clown band, well versed in the art of enticing wierd noises from wierder instruments, will appear in concert. One number per square mile rendered by this band is expected to result in an epidemic of insomnia.

The entire hall has been turned over to the mercy of the entertainment committee, with instructions to go the limit. The majority of the "action" will occur on the second floor, although several dark secrets are rumored to be in hiding in the basement.

For Elks and their ladies only, is the decree of the committee, which adds that local and visiting "Billis" are in for the "biggest time in the history of the local lodge."

Business by Long Distance Telephone

There seldom is a business transaction between men in different places that cannot be completed by telephone and, in many instances, in less time than it takes to dictate the average business letter.

Consider the time taken by correspondence and the unavoidable delays of the mails. Try the long-distance telephone in your out-of-town business transactions.

Recent improvements in transmission have made it possible to talk satisfactorily to any point in this country.

Long-distance service is the direct and economical method of communication and does away with undue expense and delay.
