

NEWS NOTES

Service On Dutch Flat—A special preaching service was held yesterday afternoon at the Dutch Flat school. Several auto loads of city folks attended the meeting.

Simmons-Bucholtz License—A marriage license was issued this morning to William Ernest Simmons of The Dalles and Gertrude Elizabeth Bucholtz of Grass Valley.

Stareopticon Pictures Tonight—Seventy-five beautiful lantern pictures will be shown Monday night in the United Brethren church, and Tuesday night in the Baptist church. The scenes are of Asia Minor and China.

Allen Pays for Speeding—C. M. Allen, driver of a light delivery truck, paid a fine of \$5 Saturday afternoon for speeding on Second street. Motorcycle Policeman Crofton made the arrest.

Class Visits in Hood River—The "Bees" a Sunday school class of young girls taught by Mrs. Roy Hill in Calvary Baptist church went to Hood River yesterday and attended the school in the Baptist church there. Fifteen young folks were in the party.

Gilson Faces Statutory Charge—Charged with a statutory charge, Lewis Gilson was arrested at his home in Tygh Valley Saturday and brought to the local county jail, pending investigation by the grand jury. The case is said to involve a prominent Tygh Valley girl.

Ladies' Chorus—A coming event of interest in musical circles is the chorus recital under the direction of Mrs. Carlton P. Williams, which will be held next Monday evening, May 16, at the Congregational church. The soloists will be Mrs. Harlan Fancher and Miss Jeanette Crossfield. Invitations will be sent out soon.

Money To Be Spent in City—All money contributed to the relief of the Near East and China famine relief will be spent in this city for flour which will be shipped in carload lots to Seattle, from which point it will be sent by water, June 15. Floyd Sims of the First National bank has been appointed local treasurer and the First National bank will act as depository for all funds. All checks

should be made payable to either Mr. Sims or the Near East relief, or China Famine relief.

Baby Glavey Buried—Mary Glavey, 2-year-old daughter of Mr. and Mrs. Glavey of Dufur, died Saturday at the family home in that city following a brief illness. Funeral services were held this morning from the Dufur Catholic church, under the direction of the Crandall undertaking company. Burial was in the Kingsley cemetery.

Chevrolet Price Drops 21 Percent—A 21 percent drop in price of the smaller models put out by the Chevrolet Motor company, was announced today by C. L. Strange of Strange and West, local dealers for the Chevrolet types. "We have been expecting a drop in price of Chevrolet cars, but did not expect it would be so great," Strange explained. "Decrease in material prices and increased factory efficiency are given as the reasons for the slash in prices."

Didn't Make Good, Boast—Pugilistic ambitions and denatured alcohol last night resulted in the jailing of John "Rusty" Trent upon a charge of drunkenness. Several drinks of the alcohol had caused Trent to express publicly that he could "lick any policeman who walks." Officers Densmore and McClaskey accepted this challenge, placing the would-be pugilist behind the bars without any difficulty. He paid a fine of \$10 in the police court this morning.

Dalles Loses, 12 to 0—As a baseball game, yesterday's exhibition between The Dalles and Maupin teams was a good exhibition of fighting. Incidentally The Dalles lost the game, 12 to 0. All progressed well until the fifth inning, when Frank Cullins, shortstop, took exception to certain actions on the part of the Maupin first baseman. Cullins registered extreme displeasure with his fists, receiving as good as he sent. Spectators and players separated the two. The Dalles team, following the fight, played a very ragged game of baseball, being unable to make any progress in the scoring line.

To Poison State-land Rodents—Poisoning of state lands near Tygh Valley, for the purpose of killing squirrels and other harmful rodents, will shortly be undertaken by ranchers living in the vicinity affected, un-

der the direction of E. E. Horns, member of the United States biological survey. Poison will be furnished by the government. Rodents living on land owned by the state have heretofore escaped in the general county poison campaigns, moving from their state home to the land of adjoining farmers when grain is ripening. With both state and private lands covered in the poison campaign, it is thought that damage caused by destructive rodents will be minimized.

Johnston and Son Give Shelter House—A new "fad" has been established in The Dalles. It is the giving of shelter houses, for use in the new city auto park. W. A. Johnston & Son, local automobile dealers, today joined the ranks of persons who have taken up this new fad, by authorizing the construction of yet another shelter house, the entire expense of construction to be paid by them. John Van Dellen of the Van Dellen lumber company inaugurated the shelter house donation fad, followed shortly by Mrs. E. M. Williams and today by W. A. Johnston & Son. Bronze plates, bearing the names of the donors, will be placed upon the completed houses.

First Wife May Have Pension Claim—When Lewis Fairchild, civil war veteran, died in Portland a short time ago, he left behind him a situation which has been puzzling government pension experts since, M. M. Brower, federal pension investigator, explained today. Brower is in The Dalles looking for some trace of a Mrs. L. L. Latham, who is said to have taught school in The Dalles in early pioneer days. Fairchild, the records show, was married to Mrs. Latham and later divorced. Following his recent death, the second Mrs. Fairchild made an application to the government for the dead soldier's pension. The question that is now worrying pension officials is whether Mrs. Fairchild the first is still living, and if she is, whether or not she has any legal claim to the pension which Mrs. Fairchild the second is now claiming.

"Godless Men" coming to Casino Thursday. 11
