

BOOZE QUESTIONS ENGROSS CONGRESS

SHADE OF JOHN BARLEYCORN TO
APPEAR IN FOUR MATERIAL
IZATIONS.

By Ralph H. Turner
(United News Staff Correspondent)
WASHINGTON, May 11.—Beer —
the cooling, healing beer that a doc-
tor might prescribe for a sinking pa-
tient or the beneficent beer that a
languid trans-oceanic passenger might
thirst for on a sunny after-deck, will
and foam to the happenings in the
house this week.

"Booze week" in the house will call
for the shade of John Barleycorn in
several different forms. They include:

1.—Hearings before the judiciary
committee on the Volstead bill, which
aims to prevent the prescription of
beer for medicinal purposes.

2.—Hearings before the Merchant
Marine committee upon the bill which
would forbid the sale of liquor on
American passenger liners.

3.—Consideration of the measure
introduced by Representative Hill to
repeal the prohibition enforcement
act.

4.—Consideration of the bill trans-
ferring prohibition enforcement from
the treasury department to the de-
partment of justice.

Interest is particularly lively with
regard to the efforts of Representa-
tive Volstead—whose lid clamping act
made his name a household word—to
put the ban on medicinal beer. The
ruling of A. Mitchell Palmer, former
attorney general, that doctors could
prescribe beer for medicinal purposes,
aroused the hopes of the thirsty.
Whether these hopes were justified
will be decided when hearings on the
subject begin Thursday.

Experts of three varieties—medical,
beer and prohibition, are expected to
give testimony on the beneficial or
destructive results which might ac-
company the administering of five
percent medicine to the sick. With a
dry majority in the house, however,
that body is expected to vote thumbs

M. V. Stingle, retired miner, 801
Alford St., The Dalles, says: "My
kidneys bothered me for quite a
while and I had dull, aching pains
across the small of my back that
made it hard for me to do any stoop-
ing or lifting. The action of my kid-
neys was irregular. I read of Doan's
Kidney Pills helping others and they
just suited my trouble and helped
me by relieving the aches and pains
and regulating my kidneys. I con-
sider Doan's a splendid remedy and
highly recommend them."

Thirsty authorities declare there is
more hope of saving their child on
ocean voyages. The American mer-
chant marine, it is insisted, will find
itself wholly devoid of passengers if
ships flying the Stars and Stripes
are not permitted to function at the
beverage hour.
