

NEWS NOTES

Teachers to Judge Declamations—for the purpose of acting as judges for a school declamation contest, the Misses Elizabeth Bell, Lena Gilman and Teresa Cox left today for Lone, Ore. All are teachers in local schools.

Men's Chorus to Sing—The Dalles Men's chorus, an organization made up of local singers, will render selections between the acts of "Scenes at Union Station," when that show is presented tonight by the Ladies' Aid society of the local Congregational church.

Parent-Teacher Meeting—The Parent-Teacher association of the Union street school will hold its regular monthly meeting Thursday afternoon at 3:30 o'clock. This will be the last meeting of the year, and a large attendance is hoped for. Thursday is also visiting day at the Union street school.

Lewis Alphonse Sandoz Funeral—Funeral services for Lewis Alphonse Sandoz will be held tomorrow afternoon at 2:30 o'clock from the Burget-Mogan company's funeral home. The Rev. John L. Bogue officiating. The following persons will act as bearers: E. L. Curtiss, Phillip Becker, John Stegman, Mike Spelchinger and William Byers. Burial will be in Odd Fellows' cemetery.

First Straw Hat Appears—The first straw hat of the season today made an appearance in The Dalles. The man of courage who wore the summer "dome piece" is Frank D. Needham, noted in The Dalles for his athletic ability along indoor baseball lines, as manager of "Needham's pets," the championship team. Aside from wearing the hat and a sheepish air, Needham appeared to be normal in every way.

Mrs. Tippet Seeks Divorce—Because of her husband's jealous disposition, which caused him to "wrongfully accuse the plaintiff of improper relations and conduct with other men," Grace Tippet today filed suit in the circuit court for a divorce from Lawrence Tippet. The defendant often found fault with and swore at the plaintiff, the complaint alleges. Mrs. Tippet asks the care of the three children and \$30 a month alimony.

Chorus to Rehearse—The regular community chorus rehearsal will be held at The Vogt school building beginning promptly at 7:30 this evening. A number of entertainment features are being worked up, such as friendly singing contests between the several groups representing members of several local mercantile concerns, and the women will match quality and quantity of voice with the men. Members of the male chorus and all others interested in making the pageant a musical success will be in attendance.

Subordinate Social Activities—The executive board of The Dalles branch of Community Service has appealed to all citizens in the city to subordinate all social activities during the next several weeks in order to give full attention to the big historical pageant to be held here May 27. Inasmuch as this pageant is the biggest ever attempted by

The Dalles people, board members explain that they feel justified in asking this favor of the various clubs and societies and individuals of the community.

Scotland Much Changed—After a six-months' visit with his mother in Scotland, Alex Strand, pioneer resident of Dufur, arrived in The Dalles today for a visit with old friends. Before leaving for Scotland last fall, Strand had lived on his ranch near Dufur for more than 40 years. Strand reports Scotland much changed from the image he had carried in his mind of his boyhood days there. "Only a few of my school day chums are still living near Aberdeen, where my mother lives, and where I spent my childhood days," Strand said, in telling of his visit. "I like the country all right, but this (meaning around The Dalles and Dufur) seems more like home to me." While in New York, where he embarked for the "old country," Strand visited with Henry Johnson and C. P. Balch, both former pioneer residents of Dufur.

County Literature Needed—Indicative of the need for Wasco county and The Dalles literature, E. F. Van Schoick, chamber of commerce secretary, today received the following letter from J. A. Narhum, county auditor of Becker county, Minn.: Secretary Commercial Club, The Dalles, Oregon. Dear Sir:—We are planning to go west before very long, to locate and hence are desirous of obtaining as much information as possible before going, so would appreciate very much getting some relative to your city and county. What is your present population, natural advantages, products, industries, etc? What about your climate and also have you gas, and what is the gas rate, water rate, light and power rates? What openings are there for a man with \$15,000 or \$20,000 capital? Any information that you may be able to send me will be greatly appreciated.

May Form Stock Raising Clubs—L. J. Allen, state club leader in boys and girls club work, is in The Dalles today looking over the situation relative to possible formation of local stock raising clubs. Standard pig, sheep or calf clubs may be formed by any group of five or more boys or girls, either in conjunction with school work or at home, provided that the work is supervised by one adult. Allen explained. County Agent E. R. Jackman would be glad to act in the capacity of supervisor of club work, should any such clubs be formed here, Allen said. Boys and girls, under 18 years of age, are aided in securing the kind of stock they desire to raise and are given complete instructions in the correct manner of feeding and caring for the growing animals. An accurate record is kept by the boys and girls, which is submitted to Allen each year for grading. Experience in club work has shown that boys and girls taking up this work often continue in it later in life, becoming farm and stock experts.

Boys Steal Cigarettes, One Arrested—Believing that blue laws will soon be enacted prohibiting the manufacture and sale of cigarettes, Cecil Wishart and Everett Lively last Sunday thought to lay in a sufficient supply to last them a while. They accordingly boarded an east bound freight train at Portland, breaking into one of the freight cars. They rode in the car as far as Dillon, near the Celilo falls, where they threw off six large cartons of cigarettes, containing 30,000 cigarettes in all. The boys also left the train at Dillon, caching the major portion of the stolen cigarettes and attempting to sell the others. Sheriff Chrisman was notified of the theft and left for Dillon to investigate the case. An automobile hearing the sheriff passed the two boys walking to The Dalles, on the outskirts of the city. Recognizing the boys from a description given of them, Chrisman turned the car around and started in pursuit, catching Wishart. Lively made good his escape, however. The cache, with the remainder of the cigarettes was found by the sheriff near Dillon and the entire lot brought to The Dalles. Wishart will probably be prosecuted by the railroad company, upon a grand larceny charge, it is believed by local police officials. The stolen cigarettes were consigned to the Interior Grocery company at Walla Walla.

Milk Users, Attention
The public is no doubt unaware of the fact that when they purchase a bottle of milk or cream at some store and make a deposit for the bottle, that this does not make them the owner of the bottle.

This is merely a guarantee that the bottle will be returned to the merchant.

Any person or persons using any milk or cream bottle with any other firm or persons name, other than their own name blown in the glass is committing a misdemeanor and is subject to prosecution under sections 87-81, etc., of the state laws of Oregon.

On and after the 20th day of May, 1921, we, the undersigned hereby serve notice that anyone found using bottles other than their own will be prosecuted under the above-mentioned law.

FIERY, ITCHY ECZEMA HEALED RIGHT UP BY APPLYING SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, sothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Mentho-Sulphur from any good druggist and use it like cold cream.—Adv.

A Series of Human Interest Talks on Insurance

"FULLY INSURED"

The excuse often given for not taking out insurance is this, "I am fully insured."

And yet, when protection is badly needed—when insurance could save off business disaster or make profitable expansion possible, thousands of men find that they are not "fully insured."

When the merchant finds the store on fire with a small amount of fire insurance—it's too late to get "fully insured."

When the doctor says "too bad you didn't apply for life insurance sooner"—it's too late to get full protection for your family.

With our large line of policies I am able to make proper recommendation for your case.
