

Travel & Transport Topics

Conducted by Goodrich

Aerial transportation will begin between Cleveland and Detroit on May 15 and between New York and Chicago on June 1, operated by the Great Lakes Airways and the Lawson Air Lines company, respectively. Later lines will be established between New York and Atlanta and between Pittsburgh and St. Louis.

More business but less profit. That is the story of the Fifth Avenue Coach company, which operates 271 busses in New York City. At the close of their fiscal year, their records showed that 6,064,262 more passengers were carried than for the previous year. A total of 42,552,709 passengers were carried, 8,796,195 omnibus miles. Increased maintenance costs and larger wages contributed to the shrinkage in earnings.

The high cost of motoring has taken a tumble! A big Akron tire manufacturer has announced a reduction of 20 percent in the price of tires. The announcement said that you can now buy five tires for the price of four—or get your spare tire free of charge. With the price of gas steadily receding things are beginning to look up for the eight or nine million motorists of the country.

One of the biggest motor organizations of the world is the Tia Can Tourists of the World, with a membership of nearly 50,000 extending into every state in the Union and Canada, Mexico, Australia and England. The T. C. T. W. is devoted to the interests of motor camping tourists. The national officers are: G. M. Tremain,

Redonia, N. Y., royal tin can opener; Mrs. W. H. Husselman, Butler, Ind., royal secretary; and Mrs. J. L. Truesdaye, Minneapolis, Minn., royal treasurer.

The most neglected man in the entire realm of motordom is the race mechanic. Although the driver gets all the credit, it's his "helper" who does the real work. He gets 10 percent of the money in case 'hav' win and 90 percent of the blame if they lose. He must watch a dozen dials on the dash; he must read the signs of the pit men; he must watch the tires; and if the car gets in a spill he must stay by the wreckage while the driver struts before the cheering throngs.

A. W. Campbell, dominion commissioner of highways, says that Canada's 17,000 miles of interlocking highways will be completed in 1923. The total

cost will be more than \$50,000,000, to be partly paid for by the provinces based on population. Of this amount the dominion furnished \$20,000,000, while the provinces supply the rest.

Wheat straw gasoline! Ever hear of it? The United States department of agriculture says that one ton of wheat straw will produce the equivalent of 40 gallons of gasoline. Kansas, in 1919, with an acreage of 11,640,000 could have produced the equivalent of 46,000,000 gallons of "gas." It may not be many years before farmers will throw straw from their threshing machines into stills. The present bugbear is the cost of production.

In no uncertain terms President Harding expressed his opinion of the automobile, motor transport and good roads in his first message to congress. He said: "The motor car has become an indispensable instrument in our political, social and industrial life. . . . I know of nothing more shocking than the millions of public funds wasted in improved highways—wasted because there is no policy of maintenance. Highways must be patrolled and constantly repaired"

Our weekly DON'T—Don't allow your piston rings to become inefficient. Losses through leaking piston rings commence with the suction stroke when there is a vacuum of as much as ten pounds per square inch, slightly decreasing and debasing the incoming charge. On the compression stroke the leakage increases, under a pressure of as much as 60 or 70 pounds. On the power stroke the pressure is quadrupled and here occurs the greatest losses through leakage.

There's A Difference
If you've been a "ready made" man in the past, be a "made to order man" in the future. First class hand tailored suits to measure, \$35.00 and up. W. H. Webber, one block east of post office.

Typing and Stenography done at reasonable rates. Rosina A. Fleck. Office Metel Dalles. Res. 406. Phone red 2332.

400 Women's, Children's Hats. Some less than cost. Hair switches. Black's Millinery, 115 East Second street.

JUST WHAT I NEED

Says Mr. R. Sturdivant, 490 Clay Street, Portland, Ore.

Who writes:
"I am now getting close to forty years of age, and up to my thirty-fifth year, I had never known a sick day. Just about this time I began to be troubled with constipation and biliousness, and it was not long before the trouble became so aggravated that I felt almost unable to stand up under the heavy work that I was compelled to do in one of our local steel plants. I hardly knew what a full pay check looked like. I tried every thing, that was recommended to me, and none of them afforded me any more than temporary relief, and they always left me worse off than I was before.
"Several months ago, a friend of mine told me to get a bottle of Bark Root Tonic and give it a trial. I did so, and I will never again be without it. It is just what I needed, and I believe that it has permanently cured me.
"I would not hesitate to recommend it to anyone who is suffering as I was, and if you desire to publish this letter you have my permission to do so, as I feel that I owe a debt of gratitude to your wonderful tonic."

Bark Root Tonic

A Mild Laxative and Appetizer
Why suffer with stomach troubles, indigestion, etc., which result in nervousness and sleepless nights? No gripping or purging. What it has done for others, it will also do for you. Be convinced and young squaw. Accept give it a trial. Sold at all druggists, or write.
