By Lloyd Allen
(United Press Staff Correspondent)
LONDON, May 20.—Great Britain today accepted it as a fact that America will not join the league of nations. The message was given here by Ambassador George Harvey in his address last night speaking before the Pilgrims and a number of high British officials. The Times said: "The allies will meet America more than half way. Disappointment will be caused by his outspoken references to the league of nations, but at least we know where we stand. "The league has its own sphere which should not estrange American feeling nor lessen respect for its endeavors." "Nobody on this side desires to prescribe the channels in which American good-will shall flow," the Chronicle declared, "but gratitude to America."

NON-UNION CREW BOARDS VESSEL; FIRE FOLLOWS

SHIPPING BOARD STEAMER SERIOUSLY DAMAGED IN NEW YORK HARBOR.

VALUED AT \$5,000,000

BLAZE FOLLOWS SHIPPING OF 300 STRIKE BREAKERS; REGULAR CREW DESERTS.

By United Press
NEW YORK, May 20.—Soon after fire on board the United States shipping board steamer Panhandle State was extinguished today an investigation was begun to determine the cause of the blaze. The ship, a 10,500-ton passenger ship built last year and valued at \$5,000,000, caught fire from a leaking oil fuel tank and was towed from her North river pier and beached off Ellis island to prevent her total destruction. She continued to burn until early today. The damage was heavy. The Panhandle State caught fire just after a strikebreaking crew of 300 had boarded her, following desertion of her regular complement to join the marine walkout.

NEW YORK, May 20.—Unable to quench the flames in one of her holds which threatened to destroy the ship, the New York fire department and harbor police shortly after 11 o'clock Thursday night beached the United States Mail steamship line vessel, Panhandle State, on the flats between Bedloe's island and Governor's Island, New York harbor, in about 20 feet of water. The Panhandle State caught fire at 7 o'clock in the evening as she lay at her pier at the foot of Rector street, Manhattan, North river, from a leak in one of her fuel oil feed pipes. Officials of the United States mail line were at the offices late Thursday night on account of the fire in their vessel. They refused to comment on rumors that the fire might be traced to the fact that the ship is one of those for which non-union crews were to be recruited.

STRIPS NEW ADMINISTRATION'S POLICY OF IDEALISTIC POLICIES; "NOT TOO PROUD TO FIGHT;" INSTEAD, "NOT AFRAID TO FIGHT."

By A. E. Johnson
(United News Staff Correspondent)
LONDON, May 20.—America's foreign policy stands stripped of any idealistic tendencies and is placed upon a straight materialistic basis, without hope or thought of participation in the league of nations, under the official interpretation on the policies of the Harding administration as enunciated for the first time by Colonel George Harvey, new American Ambassador to Great Britain. At the annual Pilgrim's dinner on Thursday night, attended by hundreds including such notables as Premier Lloyd George, Lord Curzon and the Duke of York, Ambassador Harvey sounded the new note governing American foreign relations in what he styled as the language of the United States with a "horror of finesse and chicane." In outlining the Harding administration's view point, he disposed finally of the league of nations. He portrayed President Harding as determined to uphold American rights, but declared he entertained no jealousy of others. Through the name of former President Wilson was not mentioned, Harvey's speech was tinged with sarcastic references, or thrusts of ridicule at some of the statements or policies of Wilson, as president. He ridiculed the

MINISTERS WILL SETTLE PLEBISCITE QUARREL PRIVATELY AT BOULOGNE.

By United Press
PARIS, May 20.—The dispatching of two additional battalions of British soldiers to Upper Silesia is under consideration in London, according to advices here today. The troops would be added to the small allied forces stationed there to preserve order during the recent plebiscite and which proved too small to stand off the invasion of Polish insurgents.

WARSAW, May 20.—Yielding to the pressure of the allies and others involved in the Upper Silesian situation, Prince Sapieha, Polish foreign minister, has resigned. The resignation and other events aroused the Polish press to a frenzy in which threatened that "an army of Polish heroes" will be remobilized to fight "Great Britain, Germany, anybody or everybody."

Premier Lloyd George of Great Britain was attacked personally for his denunciation of the Polish invasion of Upper Silesia. Newspapers declared that he is "arrogant, impudent and brutal."

PARIS, May 20.—The French foreign office today announced that a meeting between Premiers Briand and Lloyd George is not expected before the allied supreme council meets the latter part of the month. (It had been previously understood that they would meet tomorrow.) The announcement was taken to indicate the Upper Silesia controversy would be laid before the council for settlement with the two premiers present.

Such a connection will be so built as to meet

Information to this effect was received yesterday by J. T. Rorick, member of the pageant committee, from Isaac McKinley, an Indian interpreter at Simnasho. The following is a copy of the letter written by McKinley, in which he tells of the attitude of his people toward the pageant: Simnasho, Ore., May 16, 1921. "J. T. Rorick, "Friend:—The Indians here come to agreement that they will go and help you people on this great work at The Dalles, on which Mr. Arbury and Mrs. Williams spoke about yesterday and which was carefully interpreted to the Indians. "Now, a number of them will go on rigs and some will go on horse back, and it will take up one day and a half to get there, because one day is a hard drive and we can't make it in one day. "We need long poles, about 20 feet long. Please have them ready, as we have tepees to put up. "And on our expense, see that our time will be fixed on our horses and on our meals. "The boys would also like to have a ball game for each day, if you can arrange for them. I will be there on the 25 and the others will be there on the 26. "I hope you will be glad to hear from us and that you may understand my writing. "I am, your friend, ISAAC MCKINLEY."

ATTACKS LAX STATUTE

DEFENDANT ARRESTED, CONVICTED, ON WAY TO PRISON, IN LESS THAN 24 HOURS.

Excoriating the state legislature for not amending, in more than 50 years, a law which but feebly punishes what he termed "the most heinous crime" in the human category, Circuit Judge Fred W. Wilson this afternoon sentenced W. H. McAtee, ex-rancher of Wasco county, to three years in the state penitentiary when the latter pleaded guilty to an indictment charging incest. No person has come before the circuit court of Wasco county in years, the court declared, confronted with a blacker crime, and he deplored the condition which permitted him only to sentence the defendant to a term of three years. McAtee's arrest, indictment and conviction occurred in less than 24 hours. This afternoon he was on the way to Salem, in charge of Sheriff Chrisman, to begin serving his sentence. McAtee, who is 51 years old, was arrested about 6 o'clock Thursday evening. He is said to have been employed in a local garage. Formerly he

AFTER SLASHING THROAT, FATHER SEEKS HELP WHEN CHILD PLEADS.

By United Press
PORTLAND, May 20.—A baby voice pleading "Daddy! Daddy!" caused E. O. Clarke, would-be suicide, to fight his way through to life here during the night. Clarke will recover, surgeons said.
