

GRAND JURY BRINGS IN 13 INDICTMENTS

EIGHT CASES INVOLVING IMMORALITY REPORTED ON; BODY DISCHARGED.

After grinding away at criminal cases for the last five days, the grand jury last night examined the final witness, brought in its 13th indictment, made its report to Circuit Judge Fred W. Wilson and was discharged. During the week, the grand jury examined 44 different witnesses, brought in 13 true bills and four not true bills.

Two indictments against Louis Gilson of Tygh Valley, were brought in last night by the grand jury. Both indictments are based upon immoral charges. Gilson is held in the county jail at the present time, having been arrested several weeks ago upon a justice court warrant and bound over for action by the grand jury. The two indictments are based upon accusations of two different girls, one under 16 years of age.

The final indictment returned by the grand jury last night was against Leonard Hoering, charged with contributing to the delinquency of a minor.

It is interesting to note that of 13 true bills returned by the grand jury, two were highway robbery cases, three liquor cases and eight cases involving immoral offenses. Trial of the first case, that of Tony Mayeta, proprietor of the Glenwood hotel, will come up in the circuit court Monday afternoon. Mayeta was not indicted by the present grand jury, his case having been held over from the last term of court when a jury disagreed as to his guilt. He is charged with violation of the prohibition law.

The following report was submitted by the grand jury to Circuit Judge Fred W. Wilson:

We, the grand jury of the February term of court, reconvened in special session on May 16, 1921, respectfully report that we have been in continuous session for five days. During that time we have interviewed, in all, 44 witnesses and have returned into the court 13 true bills and 4 not true bills. The true bills charge 13 separate persons with crimes.

We have been advised that four of the defendants indicted by us have already pleaded guilty. We are further advised that you have sentenced Henry Willis and Joe Rose to two years each in the penitentiary. We take the liberty of saying in this report that we consider your sentence in these cases as conforming to our ideas of just punishment, in view of the evidence introduced before us.

Parts of two days that we have been in session we have worked with John A. Collier as Special Deputy District Attorney and we take this opportunity of commending Mr. Collier for his work with us. We each individually enjoyed making his acquaintance.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, compelling you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then get fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful of-fervescence lithia-water drink.—Adv.

allegation that Rev. M. McElmoyne and the minister of another Elkton church were running a race for "Gret-na Green" honors to see who could marry the most couples, and that the former was in the lead when the pres-bytery of Newcastle, the lowest court, stopped the alleged marrying mara-thon.

The case was dragged through church courts and Presbyterian au-thorities suggested that the pastor resign.

Decision by the judicial commission will be on whether or not the lower courts had power to make such a "sug-gestion." The findings of the court will be made public to the general as-ssembly next Wednesday.

ASKS REOPENING OF NEWBERRY MATTER

By United News

WASHINGTON, May 21.—Henry Ford of Detroit has wired members of the senate committee on privi-leges and elections demanding that a thorough investigation be made of the charge that Truman H. New- berry was elected senator in 1918 through the "fraudulent expenditure of vast sums of money."

Ford was a candidate against Newberry. In his telegram Ford argued that decision of the supreme court, which recently freed Newberry from the penalties of criminal pro-ceeding, does not absolve the senate "from the duty of protecting its own honor."

Newberry took his seat in the senate following the decision of the supreme court.

There has been a disposition among republicans to drop further investi-gations upon the grounds that the court's decision and work already done by the committee had estab-lished Newberry's right to his seat. Senator Dillingham of Vermont, chairman of the committee has called to meet Friday, when the question will receive further con-sideration.

Ford finds it "impossible to believe that honorable senators shall even seriously entertain" the proposal that the investigation be dropped. "The gravest charges of fraudulent expenditures of vast sums to ac-complish an election are made," said Ford. "One jury acting on the part evidence has found these charges true. The supreme court declared the proper place to investi-gate these charges is in the United States senate. I had no control over the criminal proceedings and considerable evidence of force was not introduced.

"The honor of the United States is involved," Ford said he presses his fight not because he is person-ally desirous of sitting in the senate, but because he wants it "fore-ver established that a seat in the United States senate may not be purchased and that seats are not for sale to the highest bidders."

Counsel for Ford, at the same time mailed to members of the senate a brief setting forth Ford's ar-guments. This brief declared they repeatedly had been denied the right to present evidence which, they asserted, would result in un-accepting Newberry if it were ever considered by the senate.

SOUTHERNER GOES TO JAIL FOR ASSAULTING NEGRO

By United News

BOSTON, Mass., May 21.—James A. Duncan, 23, an instructor in physics at Harvard university and "from the south," was handed a sentence of three months in jail Thursday, on being found guilty of assaulting David R. Blair, a negro patrolman. He appealed and furnished bail of \$1000.00.

Miss Frances Shannon, 18, Dun-can's fiancée also "from the south," and a student at a school of expres-sion here was found not guilty of assaulting the negro, and was dis-charged.

The courtroom Wednesday was crowded with Harvard under-graduates and Bostonians of southern birth. Duncan comes from North Carolina and Miss Shannon's home is in Tennessee.

The trial was the aftermath of a fight between Duncan and Blair when the latter pulled the Harvard instructor from a doorway in the south end where he was kissing his fiancée good night. Blair was wounded in the hand by Duncan's knife, but succeeded in arresting the couple. At the station Miss

Shannon gave a false name and they spent the night in separate cells.

Duncan and the girl testified that Blair had used vile language in ac-costing them, and that they had in-formed him if they were in the south he would be hanged. Duncan admitted that Blair had shoved his fist into the knife. Blair and bro-ther officers gave somewhat differ-ent testimony while three Harvard professors were among the nine witnesses for the defense who vouch-ered for their colleague's good character.

BRITISH WOULD CUT OLD SORES FROM U. S. HISTORY

By United Press

LONDON, May 21.—An attempt to amend American history will be made at a conference of Anglo-American Professors of History, to be held here in July.

Among the subjects to be dis-cussed is a proposal that Americans should eliminate from their public school histories all passages which exaggerate the old antagonisms be-tween Britain and the United States and the causes of the War of In-dependence. It is believed here that most Americans are of the opinion that the British example should be followed. For several years British public school histories have been purged of all references likely to cause offence.

Over thirty teachers of history are expected to come from the United States to attend the confer-ence, and Professor Earle B. Bab-cock, head of the American Univer-sity Union in Paris, will represent the New York University.

PAROLED CHILD MURDER SUSPECT RETURNS HOME

By United Press

FARMINGTON, Mo., May 21 — Letta Parsons, 13-year-old bride, ac-cused of killing her six-year-old stepchild, today returned to her humble home in the Ozarks. Her woodchopper husband took her home when she was paroled by Judge Peter Houck.

The court placed her in the cus-tody of her attorney, Jerry Burk, on condition that she will report at the jail to face a charge of man-slaughter in the fourth degree, when the case opens. The murder charge was dismissed.

DALLES-GOLDENDALE PLAY HERE SUNDAY

RETURN GAME SCHEDULED; ALL BOXING BOUTS BAN. NED.

A first class exhibition of the great American national sport is assured local fans who turn out tomorrow af-ternoon for the game between The Dalles and Goldendale town teams, ac-cording to Manager Fitzgerald, the sorrel topped leader of the local swas-ters. For Fitzgerald has given every member of the team close instructions as to the use of the hands in a base-ball game, and these instructions did not include the punching of an op-posing player's nose.

The game will start promptly at 2:30 on the old ball park. The Dalles team last Sunday administered a stinging defeat to the Goldendale nine, coming home with the long end of a 6 to 1 score, and consequently Gold-endale is anxious to even things up.

The following players will comprise the lineup of the local nine, when it takes the field tomorrow:

Hoffman, c.; Woolsey, p.; Ganger, 1b.; Ford, 2b.; Cullins, s. s.; Whitten, 3b.; Callison, r. f.; Gardner, l. f.; Duf-fy, c. f.

A large number of Goldendale root-ers are expected to be on the ground, and Manager Fitzgerald is desirous of seeing a big turn-out of local fans, he says.

DALLES WINS FROM DUFUR BY 14-2 SCORE

The Dalles high school baseball team lived up to its record of no defeats yesterday, when the boys journeyed to the town of Dufur and walloped the team of that place by a score of 14 to 2. Deardorff, who pitched for the local nine, was easily the individual star of the game, although the team play and head-work of the whole Dalles crew was of such merit as to draw frequent applause and praise from even the Dufur rooters.

Eight of the first nine men to face Deardorff struck out, and seven more followed the same route back to the bench later in the contest. Dufur made only one hit in the whole game, a single by Sigman in the sixth. For The Dalles, Orville Mann, with a double and two sin-gles in five times to bat, and Wayne Wright, with two hits in three times at bat, starred at batting, while Wright, McLeod and Lam-born played sterling ball in the field.

The Dalles scored four runs in the first on two hits, three errors and a squeeze play. Two more were added in the second on a pass to Wilcox and long hits by Mann and Cochran. Another pair was added in the third on two errors and a sin-gle by Saunders. Three more came in on base-running in the fifth, with-out the aid of a hit, and the final three galloped across the plate in the eighth on a couple of errors, three solid wallops and a sacrifice.

A large crowd of Dufurites wit-nessed the game. The local diamond artists have won every game played this season, the two most notable victories be-ing yesterday's game, and that of a week ago, in which Hood River was walloped 16 to 6. The season will probably close with the big game

scheduled for next Tuesday with Hill academy, of Portland, on The Dalles diamond.

COAST LEAGUE RAINED ON

By United Press

SAN FRANCISCO, May 21 — The Coast league got very wet yesterday. Of the four games scheduled only one was played. The others were postponed on account of rain.

Salt Lake beat Vernon, 10 to 9, in a real old-fashioned Salt Lake game, in which the ball was hit to all corners of the lot. Salt Lake marked up 16 safeties, and Vernon 14. Salt Lake used four pitchers and Vernon three.

GLEASON PICKS DEMPSEY TO WIN BIG FIGHT

By United Press

NEW YORK, May 21—Jack Gleason, former promoter and manager: "Dempsey ought to win from Car-penter in about four rounds. The Frenchman is a fast man and a good boxer, but I don't believe he is strong enough to keep the aggres-sive American away from him.

"Dempsey is the harder puncher and has a style of fighting that is hard for a boxer to cope with."

MILLIONAIRE'S WIFE

(Continued From Page 1.)

which she said she paid for goods brought home.

The arrest of Mrs. Heil followed the robbery of the home of Mrs. A. Miller on Wednesday. Two men who had seen her loading the house-hold goods into a limousine identi-fied her later after the robbery was reported, and called police.

"I had no reason to steal," Mrs. Heil cried piteously.

"My husband gave me everything I could possibly want.

"I never knew I had taken the things until I would see them about my home. I was so ashamed I would hide the things. I would lie. I would steal again, though. I couldn't help it."

The case was more distressing because Mrs. Heil is soon to become a mother again.

Members of the family said Mrs. Heil was injured in an automobile accident and an infection set in. A wound in her limb has never healed, and they believed this had affected her mentally. She was confined in a sanitarium for some time.

Heil paid an income tax on \$155,000 in 1920 and on \$88,000 this year.

Authorities plied the unfortunate woman with questions to determine if she was in the hands of gamblers

or extortionists. She apparently was not.

Families who have been robbed within the last year by a "perfect maid" formed a procession through the Heil mansion today identifying articles as theirs which the Heil family thought had been purchased at auction by Mrs. Heil.

"I don't know why she has done this terrible thing, but I will stick to her to the end," said her million-aire husband.

Mrs. James Carolan, a 20-year-old daughter and a bride of a few weeks, fainted when she heard her mother was being arrested. As soon as she revived she hurried to her mother's side and refused to leave.

DECORATION DAY

above all other days, is a time when we pause in our daily work to pay tribute to our departed loved ones. On this day the cemeteries are the scenes of ceremonies. The resting places of our departed loved ones are bedecked with flowers, and it is appropriate that proper grave markers be placed.

To assist the living in properly marking graves, we shall give, free of charge, grave markers to anyone calling at our funeral home.
