

# Travel & Transport Topics

Conducted by Goodrich

The week of May 22 to 28 has been designated as Forest Protection week. During which the United States Forest service will conduct a vigorous campaign to educate the public on the prevention of forest fires. Automobile tourists in particular will be urged to reduce the fire hazard by extinguishing camp fires and lighting cigar and cigarettes.

Michigan is in the midst of spending a \$50,000,000 bond issue to improve its highways, according to Frank P. Rogers, the state highway commissioner. This will be supplemented by nearly \$8,000,000 of federal aid, and more should be appropriated should be made by the government. In addition the counties will add approximately one-fourth more, assuring the expenditure of about \$70,000,000 on the Michigan trunk line highway system before 1925.

All roads lead to Indianapolis. As early as the first of April motorists on the Pacific coast started for the Hoosier capital where the annual 500-mile automobile race will be staged on Decoration day, May 30. A big majority of the visitors arrive via auto. This year 26 racing cars are entered. Such speed demons as Dario Resta, Ralph De Palma, Tommy Milton and Ralph Mulford will start.

Here's a way to foil the auto thief when you must leave your car parked, a dummy on the rear seat or at the steering wheel. Mr. Bandit mistakes it for a "live one" and seeks an unoccupied car. Credit for this idea belongs to Rube Goldberg, whose whimsical cartoons have made millions laugh.

Every effort is being made by progressive cities to attract automobile tourists. Free camp sites with many conveniences are being established by hundreds of cities and towns and are proving popular with the tourists and profitable for the cities. Thermopolis, Wyoming, entertained 30,000 tourists at one camp last season—approximately ten times its population. Camps are being established at many points in Michigan and Wisconsin.

While church advertising is quite common in the larger cities, it's admittedly new in the rural districts. But listen to this: The pastor of an Ohio church which is passed by thousands of automobile tourists has had the following words printed in his letters on a bulletin board in front of his church: "Tourists, attention! For Heaven turn to the RIGHT and go straight ahead."

From the Atlantic coast to the Mississippi river on paved roads! This may sound like a motorist's dream, but it will be actually possible to make such a trip this fall. The last stretch of the National Pike in Illinois will be completed then. Never before has such a long paved road trip been possible in this country.

Hundreds of memorial highways are being planned for completion before May 30, 1922. Trees will be planted in memory of every soldier, sailor and marine who did his bit in the world's greatest war. Ransome Kenicott, forger of Cook county, Illinois, says that the county commissioner and forest preserve commissioners will donate 10,000 trees from the county's nurseries to be planted along memorial highways.

In parking your car be careful not to bump against the curbstone. Many car owners use the curb to help stop their cars. These sharp blows on the tires almost invariably cause injuries. The impact flattens and strains the carcass. And in driving parallel to the curb the tire sidewalls are often scraped against the stone. A careful driver consists to a stop, first throwing down his engine and applying the brakes gently.

Our weekly DON'T—Don't neglect your brakes. Make sure that they take hold at the same time. When one wheel spins while the other grinds the pavement, tires are being needlessly destroyed. To test your brakes, set them on wet asphalt which causes on tires. Have someone

watch while you drive the car by and apply the brakes. If both wheels fail to stop the wheels at approximately the same instant the adjustment should be changed.

## CHURCH CONDEMN CHAMPIONSHIP GO

By United News  
WINONA LAKE, Ind., May 25.—The Dempsey-Carpenter fight was condemned and warm approval given New Jersey ministers who are opposing it by the 133rd general assembly of the Presbyterian church here Tuesday.

The assembly also endorsed resolutions calling for a nation-wide campaign for federal censorship of movies; additional drug legislation; better enforcement of the Volstead act, and extension of the 18th amendment to the Philippines.

A resolution was also adopted calling on the Presbyterian ministers to inquire into the status of persons desiring marriage ceremonies to refuse to officiate if either party may have been divorced under certain conditions.

Des Moines, Iowa, was selected as the place for the next Presbyterian assembly.

## BLIND MAN RESCUES BOY FROM DROWNING

By United News  
KANSAS CITY, May 25.—Tottering along on his cane, H. L. Jewett, 77, and blind, heard cries from a small creek here Monday.

Plunging into the water, the blind man finally located Paul McNatt, aged 9, and held him above water until help came. He then helped revive the boy by rolling him on a barrel. The water was seven feet deep where the blind man rescued the boy.

## BIG LEAGUE UMPIRS PICKS DEMPSEY FOR K. O.

By United News  
NEW YORK, May 25.—Barry McCormick, National league umpire:

"Carpenter might have a good chance, but I don't see it. Dempsey ought to win by a knockout within four rounds. There's nothing on the Frenchman's record that makes him a great fighter. Frank Moran showed it up his performance against Beck at Dempsey can punch harder than any man the Frenchman ever met."

## KATH GOES TO BAT 12 TIMES WITHOUT H.T.

By United News  
Dabe Ruth hasn't made a single hit—not even a scratch, in an even dozen official times at bat. He was up our times in Tuesday's game with the Browns in St. Louis, walked twice, in the first and again in the sixth, grounded out in the fourth and forced Mitchell at second in the seventh for a batting average of .000.

Kelly popped out with Young on second base in the first inning against the Pirates on the Polo grounds. As first man up in the fourth he singled, scoring later on Smith's single. In the fifth with Young again on second, he lifted to Carey for the last out. With Young on first, Kelly grounded out in the eighth.

## SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Wash the Kidneys at Once When Back Hurts or Bladder Bothers.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular or passage or attended by a sensation of burning, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and does not injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

**Take a Lesson From Big Business**  
Every person who has money to spend, much or little, can profit from this lesson.  
formation. The man with most information can buy to best advantage.  
Every large business concern has a purchasing agent or professional buyer. It is his job to buy to best advantage. He must keep posted on what the firm needs, he must know values and prices and sources of supply. He is constantly gathering information to help him in his work and he reads carefully all the advertisements of manufacturers from whom he might purchase.  
The whole secret of professional buying, you see, is information. The man with most information can buy to best advantage.  
Apply this to your own case. Whether you are purchasing manager of a family or simply buying for your own personal needs, you must have information. The place to get it is in newspaper advertisements.  
Read Chronicle advertisements regularly. They will tell you more about quantities and styles and values than you could ever learn otherwise. They will tell you where and when to find the right thing for which you have been searching.  
Reading Chronicle advertisements is time profitably spent. It will make your money go farther and bring you unthought-of comforts and convenience.
