Does Your
Head Get It?

It is a fact that the
brain is the most
important part of
the body. It is the
center of all our
thoughts and feelings.
It is the seat of our
intelligence and
creativity. It is the
source of our
strength and
endurance. It is the
key to our success
and happiness. It is
the most valuable
asset we possess.
We must take care
of it. We must
keep it healthy and
strong. We must
give it the best
of everything. We
must give it the
best of our
attention. We must
give it the best of
our love. We must
give it the best of
our life. We must
give it the best of
our soul. We must
give it the best of
our spirit. We must
give it the best of
our mind. We must
give it the best of
our heart. We must
give it the best of
our hands. We must
give it the best of
our feet. We must
give it the best of
our eyes. We must
give it the best of
our ears. We must
give it the best of
our nose. We must
give it the best of
our mouth. We must
give it the best of
our tongue. We must
give it the best of
our throat. We must
give it the best of
our chest. We must
give it the best of
our stomach. We must
give it the best of
our intestines. We
must give it the best
of our kidneys. We
must give it the best
of our bladder. We
must give it the best
of our lungs. We
must give it the best
of our heart. We
must give it the best
of our brain. We
must give it the best
of our life. We
must give it the best
of our soul. We
must give it the best
of our spirit. We
must give it the best
