

RICKARD PILES UP FIGHT TREASURE

CASH NOW AT THREE QUARTERS MILLION MARK; MAY BUILD ARENA ADDITION.

By Henry L. Farrell (United Press Staff Correspondent) NEW YORK, May 26.—Tex Rickard hasn't received official permission for his Dempsey-Carpenter spectacle in Jersey City July 2, but he is not worried.

Just a little delay at the printer's shop, where the New Jersey state commission is having a new model license built, has prevented the officials from handing Rickard the key.

The arena is more than half built and if no bad weather is encountered the contractors say they will turn the plant over to Rickard about June 15.

Demand for tickets has been so heavy that Rickard called the contractors in to talk over an enlargement of the stadium that would make it big enough for 100,000 spectators.

Receipts are exceeding the Dempsey-Willard gate. Very few choice seats are now on sale at Madison Square Garden.

Americans out of British golf tourney HOY LAKE, England, May 26.—America's hope for the British amateur golf championship died in the sixth round here this morning when Fred J. Wright, last United States survivor, was defeated by Bernard Darwin.

Darwin took a five on the 19th hole and Wright was compelled to take six. The tension of the players was shown in the score for the extra hole. Ordinarily Darwin would make it in par four.

"He wants to get at work too soon and too hard and he's so close to top form that we can't let him do it," Kearns said.

The champion went for a walk this morning and planned to put in an easy day until late afternoon when he wanted to work out on some sparring partners.

INDIANS AND LOCALS TO BATTLE TOMORROW

The Dalles diamond artists and the reported snappy Indian baseball team from the Warm Springs reservation, will clash tomorrow afternoon at 3 o'clock at the old ball park in what is expected to be one of the fastest games of the season.

The game was originally scheduled to be played on the high school field, but owing to the large number of sharp pebbles on this field, which precludes sliding, the scene of the contest has been shifted to the regular field.

Gardner will occupy the box for the locals in tomorrow's game the regular pitcher, Woolsey, being saved for Sunday and Monday, when The Dalles will clash with the fast Harriman club team of Portland.

AUTO MAKES RECORD RUN FROM YAKIMA

The fastest trip ever made on land from Yakima to The Dalles was accomplished this morning when a Studebaker special roared to a stop in front of The Dalles garage, after having made the entire distance between the two cities—144.6 miles in exactly four hours and 37 minutes.

The distance from Yakima to The Dalles was merely the first step in an endurance run from Yakima to Los Angeles, being put on by the Yakima Studebaker dealer. The schedule adopted for the run calls for the car to arrive in Los Angeles Saturday morning at 8 o'clock, when a distance of 1,441 miles will have been covered in exactly 50 hours, barring mishap.

The automobile used is a stock car, it swung out of Yakima at 4 a. m. this morning, with David P. Jones at the wheel. A delay of 15 minutes was encountered just outside the city, caused by over-zealous attendants in Yakima putting too much oil in the crank case. The trouble remedied, the car was then piloted through Sunny-side and Goldendale to Granddalles. Here the ferry had been held in waiting. The trip across the river was made in seven minutes. Another seven minutes and the car had received new oil and gas, the driver had snatched a hurried breakfast and was on his way again.

STAGE IS SET

(Continued From Page 1.) dances. The new Oregon song, written by Henry Murtagh, which has not previously been sung in public in The Dalles, will be one of the big community numbers.

Directors of the pageant say that unquestionably the largest crowd ever gathered in the city will attend the pageant. Interest in the affair has been engendered this week. The event has been advertised over the state and a personal message regarding the pageant has gone to practically every home in Wasco county.

F. H. Kiser, noted scenic photographer of Portland, now head of the Kinogram motion picture company of that city, is here with operators to film the pageant scenes. Some of these are being taken today.

It was predicted today that the spectators will be amazed at the wealth of historical material that has been collected for the pageant, Indian canoes, very old, have been procured for use in connection with the scene showing the landing of Lewis and Clark.

Prairie schooners, of the kind that brought the big wagon train of 1843 will be shown. The accoutrements of trappers, traders, guides and other men typical of the early Oregon country, will be faithfully reproduced.

Mrs. Adah Losh Rose of Portland for years a resident of The Dalles, is in charge of the pageant's dramatization and direction. She has been here for the last ten days, supervising the final touches to the big show.

Showing the proportions undertaken by the pageant committee in making the affair a big one, at one of the semi-final rehearsals held Wednesday night, more than 400 children were on the stage at one time.

He advises that farmers owning bottom land now under water to plant potatoes as soon as the water recedes. Potatoes will mature in time for harvesting this fall.

A big dredger has been rushed to the river side of the dike, and was today attempting to offset the erosion by throwing additional river sand upon the levee.
