

## SECOND DIVISION PLANNING REUNION

WASHINGTON, June 1.—Three years from the day on which the Second division wrested the role of the offensive from the German high command, and threw its olive drab line across the Paris-Metz highway, men from all the units who won glory in the Chateau Thierry sector and barred the road to Paris, will meet in a three days' reunion at the present home of the Second division, Camp Travis, Texas, on the outskirts of hospitable San Antonio.

It was on June 6, 1918, that the marine brigade went over the top at the zero hour of five in the afternoon. On its right the 9th and 23rd of the third brigade held the line, chafing there until its turn came for the brilliant capture of Vaux three weeks later. In the rear the 12th, 15th and 17th artillery regiments were hurrying into position, and the trains of the division were already evacuating the wounded or hurrying supplies up to the firing line. That night the 5th and 6th marines, with gallant aid of the 2nd Engineers, had won an inexorable hold on Belleau Wood and captured Buresches, and the 1st Field Signal battalion had accomplished miracles in connecting the forward battalions with the regimental and brigade headquarters in the back country, and not so far back at that.

The country thrilled to the dramatic news of those days in June, and down in Camp Travis they will fight it all over again, in peaceful surroundings. Major General James G. Harbord, recently appointed assistant chief of staff to Pershing, who commanded the fourth brigade in those days and later led the second in the Soissons offensive, has made elaborate plans for the veterans of the old Indian Head outfit.

On June 6, the assignment to billets will begin the reunion. The present Second will pass in review before the veterans and a theatrical program will complete the day. On the 7th all branches of the troops will stage a reproduction of the fight for Blanc-Mont Ridge which the Second, with Gouraud's polus, carried in October and freed the German pressure on Rheims.

The final day, the 8th, will begin with memorial services for the 5500 dead of the Second division. Major General John A. Lejeune, commandant of the marine corps and president of the Second Division association, will preside at the annual business meeting.

A New Back for an Old One—How a The Dalles Resident Made a Bad Back Strong.

The back aches at times with a dull indelible feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame that to stoop is agony. No use to rub or apply a plaster to the back if the kidneys are weak. You cannot reach the cause. Follow the example of this The Dalles citizen.

Mrs. Oscar Emery, 1308 Jackson st., says: "I can recommend Doan's Kidney Pills from experience. My kidneys were weak and I had no energy and became run down. I felt dull and my back ached a great deal of the time. My kidneys were regular in action. I read of Doan's Kidney Pills and used them as directed. They were just what I needed and soon rid me of the tired, run down feeling. They also relieved the aches and other signs of kidney trouble."

Price 60c, at all dealers. Don't shyly ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Emery had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

to give their students the benefits of specialized coaching. Nearly 400 were enrolled in the school last summer.

Regular university credits are given students taking the courses in baseball, football, basketball, track, wrestling, tennis, golf, swimming and other sports. Seventeen physical education courses will be given this year. Most of them are open to both men and women.

A course in the theory and practice of basketball and baseball is included in the courses for women.

## Heavy Meat Eaters Have Slow Kidneys

Eat Less Meat if You Feel Back-Achy or Have Bladder Trouble.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

# Who, What and Where Is The "Citizens Welfare League of Wasco County?"

Our information is that it is sponsored by Mark A. Mayer, a Portland Capitalist.

A search of the registration lists of Wasco county fails to show Mark A. Mayer, as a registered voter, but he is registered in Multnomah county as a Capitalist with residence at the Benson Hotel.

Why was this "information"—supposedly so vital to Wasco county voters, taken to Hood River to be printed and then brought to The Dalles for mailing?

Mark A. Mayer did on April 21st last, make a proposition that if the County Court of Wasco county would give Mosier half of the Market Road Appropriation for 1922 and 1923 he would promise to deliver 80% of the Mosier Vote FOR the bond issue—if NOT his threat was 100% against.

Can the vote of the people of Mosier or this county be handled in any such manner? Needless to say—His proposition was turned down.

Mark A. Mayer, the Portland Capitalist, made no complaint on "Oppressive Taxation" when the Columbia River highway traversed ONE MILE of his orchard property 2 1/2 miles east of Mosier at a cost to the state of approximately \$475,000 for the five miles from the Hood River county line through his property.

Who are the "Favored Few"—Mark A. Mayer, who will have a paved highway for one mile through his property, or the thousands of Wasco County Farmers and Fruit growers who are asking for a passable road the year round to market their produce?

The Farmers and Business Men of Wasco County most emphatically refuse to believe that the 6000 voters of the county will be hoodwinked by any such senseless twaddle as put out by the so-called "Citizens Welfare League of Wasco County."

## Pasteurized Milk and Cream

The hot weather is coming along. How much is it worth to you at this time to know that the milk you are drinking is pure and sweet and will keep? How much is it worth to know that the milk your babies are drinking is clean and pure and healthful?

The Norman Cream company is catering to just such conditions. The public is cordially invited to inspect our plant, AT ANY TIME, to see that the dairy products are handled in the most modern and sanitary manner.
