Power to Develop Industries Largely In Hands of Women

By IDA B. CALLAHAN, President, Oregon Federation of Women's Clubs

EIGHTY to ninety per cent of the household articles and clothing for the family is bought by the women of the state.

If the women of Oregon should decide to buy Oregon Products a tremendous industrial growth would surely result. Many people who are now idle would have jobs. The factories would be increased in size. Payrolls would be larger.

Women of Oregon, let us try the plan of asking for home products. This plan, if properly supported, would mean a more prosperous Oregon and many more happy homes "out where the handclasp's a little stronger."

Ask for Oregon brands!
