QUIT MEAT IF YOUR KIDNEYS ACT BADLY—Take a Tablespoonful of Salts if Back Hurts or Bladder Bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active. Adv.

HOW MUCH TIME DO YOU LOSE?

When you are anxious about a proposition that means a great deal to your business, how much time do you lose waiting for letters that somehow fail to arrive?

When the time draws near and the deal must be closed within a few days or hours, how much time do you lose while you endeavor to make an appointment with a man whose interests are tied up with yours, or wait impatiently while he transacts his business and comes to a conference with you?

Do you know you can always reach a busy business man by Long Distance? You do not need to wait for an appointment while he clears up other matters that engross his attention. The Long Distance call is irresistible. No matter how busy he is, other things will wait when the operator says "Long Distance is calling you."

Do it by Long Distance—you will save time and money. Ask for Pacific Long Distance.
