

McNARY ASKS AID TO SAVE FORESTS

(Chronicle's Washington Bureau) WASHINGTON, June 17.—Senator McNary has asked the senate to appropriate \$150,000 to protect the forests of Oregon from the pine beetle.

After a most careful study by the bureau of entomology of the department of agriculture, the bureau announced that approximately one billion feet of yellow and sugar pine timber have been killed by the bark beetle over a million and a quarter acres situated in this region.

The monetary loss involved amount to over \$3,000,000, and unless heroic measures are taken the loss will grow until it will encompass all the valuable pine timber in this belt.

The legislature of the state of Oregon passed a bill which provides for the declaring of insect infestations of this character to be a public nuisance and for the compulsory abatement of that nuisance by owners of the land.

While this law is a wise piece of legislation, it cannot be effective until the government controls the work and destroys insects upon government owned or administered lands.

There must be simultaneous efforts upon the part of the government agencies as well as the private land owners, in order to bring about a complete corrective of the conditions so perilous to the pine timber in these two states.

Infestations cover part of Fremont and Crater national forests in Oregon and Modoc, Klamath and Shasta national forests in California the Klamath Indian reservations in Oregon and the lands formerly granted to the Oregon & California Railroad company and small areas of highly timbered public domain.

THIS TIME LAST YEAR

Tragesser's home run enabled the Phils to beat the Cards 1 to 0. In game between the Giants and Pirates only one New York player was thrown out at first base.

President Fultz, International League, ordered Akron and Baltimore to play over game of May 6.

FRENCH TENNIS STAR COMING TO AMERICA

By Henry L. Farrell (United Press Staff Correspondent) NEW YORK, June 17.—Looking forward to future battles, the Lenglen-Mallory tennis encounters appear as promising as any number on a program with summer classics.

When the two greatest women tennis players come to America after battles at St. Cloud and Wimbledon, nothing can be expected.

There is no love lost between the French and American stars. Bitter feeling ran through the French hand court championships, in which Mile Lenglen defeated M's. Mallory in the finals.

The ill-feeling was somewhat relieved when Mile Lenglen jumped over the net after the finals and shook the hand of the American woman.

The French championships proved that Mile Lenglen is not so superior in her class as she was generally rated. She did win the title, but victory came to her more through Mrs. Mallory's error than through her own individual brilliance.

Mile Lenglen respects the ability of the American woman as was shown in the finals of the French tournament when she resorted to safety first methods and abandoned her usual dashing, smashing game.

Mrs. Mallory is now in her greatest form. She was permanently off in the finals and practically beat herself. Conditions will be reversed when she gets the flashy French star on American courts.

Announcement that Mile Lenglen would come to the United States with the French Davis Cup team was accepted with almost jubilation in American tennis circles. Summer competition on the courts is going to be the greatest in history here

with the Davis cup trials, the nation championships and the challenge matches for the cup. The appearance of the French girl wizard will be far from the least feature.

FARMERS' WEEK IN FULL SWING

OREGON AGRICULTURAL COLLEGE, Corvallis, June 17.—Farmers' week and homemakers' conference is now in full swing. Hundreds of people are here from all parts of Oregon. Many of them came by automobile, several excursions having been arranged, including those from Lane and Douglas counties.

ASK YOUR GROCER

PRIEST DIES AT 102

By United Press WINNEPEG, Man., June 17.—

Father Demasse Dandurand, said to be the oldest Catholic priest in the world, is dead at St. Boniface, a suburb of Winnipeg. He was 102 years old. Father Dandurand was born at La Prairie, Quebec, in 1819. The record of his birth is still in the parish archives. He was appointed to Ottawa in 1844 when the present capital of Canada was known as Bytown and labored there 30 years. He came to St. Boniface in 1875. Winnipeg, across Red River, was a group of cabins under the walls of Fort Garry. The young priest saw the buffalo vanish and the settlers come. He saw wigwag villages give place to towns and cities and the prairie wilderness change into prosperous farms. On his 100th birthday two years ago, he celebrated high mass in St. Boniface cathedral.

He was present a little later at the reception to the Prince of Wales in Winnipeg.

U. S. ISSUES NEW SERIES OF TREASURY CERTIFICATES

SAN FRANCISCO, June 17.—Financial experts of the country are agreed that the Government's offer of three year 5 3/4 per cent United States treasury gold notes June 15 in combination with an issue of treasury certificates of indebtedness for an aggregate of \$500,000,000 constitutes the new administration's "first important original financial operation" and that Secretary Mellon's plan offers the only substantial hope of avoiding a spectacular re-organizing operation which would

weigh heavily upon security markets and industrial financing. The success of these latest issues of new government securities is held vital to the secretary's plan which is part of President Harding's financial program to make the war debt manageable without any convulsive operations. Secretary Mellon in a letter to the bankers of the country stated that he was counting confidently on their full-hearted support in the absorption of the issues. Full consideration was given to the temper of financial markets and every effort was made to make the new offerings as attractive as possible to private investors to whom a special invitation was extended to participate. The treasury is anxious to gain as wide a distribution of the new securities as possible among the public at large. Efforts of the Federal Reserve Banks to market the combined issues of \$500,000,000 will be supplemented, according to well authenticated reports, by a special circular to 500,000 large investors and taxpayers throughout the country. The Government expects the support of not only the banks but investment dealers in general to guarantee success.

LEGAL NOTICES. Notice from the Dalles City Auditor.

Dalles City calls for bids for the construction of the auditorium. The Council of Dalles City has approved plans and specifications as prepared by Houghtaling & Dougan, architects of Portland, Oregon, as shown by the minutes of the Council meeting of June 15th, 1921. Specifications, plans and estimates for the construction are on file in the office of the Recorder of Dalles City, subject to inspection, and the work will be done in accordance with said plans and specifications and under the direction and supervision of such architects.

All bids must be accompanied by a certified check for 10% of the amount of the bid, to be forfeited to Dalles City in case such bid should be accepted and the bidder should fail to enter into contract and bond for the faithful performance of the work.

All bids shall be sealed and stored in the Recorder of Dalles City on or before 8:30 p. m., June 25, 1921, said bids to be opened by the Recorder and Council on said date.

Dalles City reserves the right to reject any and all bids. Dated this 15th day of June, 1921. D. L. CATES, City Recorder. 25
