WHEAT HARVEST AT HAND

THREATENING OF BARLEY BEGUN TO PROGRESS AT FOURTH STAGE

With one of the biggest wheat harvests in the nation, the United States Department of Agriculture is insisting that Kansas, Nebraska, Missouri, and Iowa, are among the states which are having the most difficulty in meeting the demand for winter wheat. The Kansas Farm Bureau has issued a statement that the winter wheat crop in the state is expected to be about 20 per cent below normal.

WALKOUT POSSIBLE
