At this stage of my condition a friend recommended me o use your celebrated Stomach Bitters ; but being morally opposed to the use of stimulants in any form, I at first declined, but afterwards yielded my prejudices, and after the medicine for several weeks as directed, my appetite returned, and with it I am rapidly regaining my former strength and vigor. My sleep (from the loss of which I had suffered much) has never been better than it is now, and the recling sensation (belire alluded to) has entirely left me. My bowels, which were much constipated and irregular, arne now quite natural, and, in fact, I am glad to say that I feel myself a new man, and tender you this testimonial of my appreciation, in order that others suffer-Mondays, Wednesdays and Fridays, ing as I have may avail themselves of its virtues, which prejudice prevented me from enjoying for so long a period. As a tonic, I think they are invaluable.
