TOWN AND COUNTY.

I. O. O. F.—There will be a Rebecca degree meeting on Thursday the 8th inst., at the Odd Fellows Hall Oregon City.

—From the California papers we learn that strawberries, green peas and asparagus have appeared in the markets.

—An entertainment will be given by "our young ladies," at the Court House in this place, on Wednesday evening next, for the Methodist Episcopal Sabbath School.

—Miss Octavia Mercer, a mulatto girl of Portland, who is said to possess the finest voice, and to have perfect control of it as a vocalist, is to appear in this city on some evening next week.

—Velocipedianism has run its race. We see by the telegraph, news from San Francisco that in a race of one mile, for \$50, the time was nearly five minutes.

—At the Annual Parish Meeting of St. Paul's Church, of this city, held on Monday evening last, the following persons were elected to act as Vestrymen for the ensuing year: John Myers, Robert Caufield, Sen., J. C. Ireland, E. D. Kelly, R. Ralston, Heber Smith, and H. L. Kelly.

—Major Charman is tearing away one of the historic land marks of Main street in this city, being the frame tenement adjacent to his private residence.

—The following officers were installed by Clackamas Division No. 3, Sons of Temperance, in this city on Thursday evening last: A. J. Marshall, W. P. D. Caufield, W. A. D. G. Ireland, R. S. H. Straight, Jr., Assistant; W. B. Blanchard, F. S. J. M. Bacon, Treasurer; J. E. Walsh, C. J. H. Sheppard, Conductor; Parker Ward, Assistant; G. F. Smith, Sentinel.

—A great revival in religious sentiment has lately occurred at Olympia under the advice of Rev. I. D. Driver, late of this city. The Echo says:

For the past three weeks there have been services every day by the Rev. I. D. Driver, assisted by all the local ministers of this place. Mr. Driver is an able man and will long be remembered by the citizens of Olympia.

—The Pacific Tribune says as an interpreter of the Scriptures, Mr. Driver, while his logical deductions carry conviction to the minds of the most skeptical of his hearers.

—Speaking of real estate in Salem, the Unionist says: There never has been a time, perhaps, since the settlement of this country and the founding of Salem, when real estate has been in such good demand and when prices ruled so high as at the present time.

—On the 9th of last month a camel was born at the Woodward Gardens in California; the first one born in America.

—Dr. Derby imagines that the time may come, before long, when the present heating apparatus of our houses shall disappear and we shall receive our heat as city houses now receive their gas and water from public sources of supply, to be let on, or shut off, as we need.

TO CONTRACTORS.

Bids will be received until the 25th day of April, at the office of Johnson & McCown, Oregon City for the construction of a brick building in accordance with plans and specifications now on file at their office and to remain there until the 5th inst.

—The Jacksonville Sentinel insinuates that this paper is opposed to telling the truth with respect to the resources of Jackson county. What silly trash!

—The Oregonian is informed that men of ample capital, have formed a project to improve the Tualatin river by constructing locks at the mouth, so as to allow the passage of steamers across the Cascades; to build steamers for the navigation of the Tualatin; and to erect flouring mills and other machinery for manufacturing purposes, at the mouth of the river.

—The following are the officers of Liberty Division No. 1, S. of T. (Waldo Hills), for the ensuing quarter: Warren Cranston, W. P.; Mrs. W. R. Dunbar, W. A.; T. B. Leonard, R. S.; Miss C. Hibbard, A. R. S.; A. Thompson, F. S.; Miss M. Geer, T.; F. Mescher, jr.; Chap.; A. A. Leonard, C.; S. Cox, A. C.; Wm. Cox, I. S.; C. W. Hibbard, O. S.; J. W. Shrum, P. W. P. and L. B. Geer, D. D. This Division was instituted January 9th, 1869, with fourteen members, and now has a membership of thirty-three with quite a number of applications for the next meeting.

—The Oregonian says: Parties from Salem were at East Portland on Saturday, negotiating for the purchase of real estate. Mr. Cason, sold a tract not far from the bridge, at the rate of two hundred and ten dollars per acre, and Mr. Stephens was offered a higher price per acre for all his land save a small tract lying just about his house, on the bank of the river. We did not learn the names of the buyers, but hear that they are investing in view of the expected early completion of the railroad, and the consequent rise in value of the lands. The matter has created some sensation at East Portland, and it is probable that figures for lots and blocks will grow now faster than before.

—Speaking of real estate in Salem, the Unionist says: There never has been a time, perhaps, since the settlement of this country and the founding of Salem, when real estate has been in such good demand and when prices ruled so high as at the present time.

—On the 9th of last month a camel was born at the Woodward Gardens in California; the first one born in America.

—Dr. Derby imagines that the time may come, before long, when the present heating apparatus of our houses shall disappear and we shall receive our heat as city houses now receive their gas and water from public sources of supply, to be let on, or shut off, as we need.

PREMIUM GANG PLOWS.

As the age in which we live demands progress in Farming Implements as well as in all other branches of industry, I have entered extensively upon the Manufacture of the Celebrated Pfeil Gang Plow!

Better known in Oregon as the WOL-GAMT PLOW. This Plow combines all the desirable points of a perfect implement, being simple in construction, cheap, durable, and of light draft.

The only Premiums which were awarded to Gang Plows at the great Implement trial at Mattoon, Sept. 4, 1866, by the State Agricultural Society of Illinois, were awarded to this Plow. The following is an extract from the Report of the Commissioner of Agriculture, for the year 1866, and may be found on page 246 of that report:—

"The Gang Plow made by J. C. Pfeil, Arenzville, Cass county Illinois, is received with no little favor in the west. Almost incredible stories are told of its excellence and efficiency in plowing the prairie fields of Illinois and other States."

"The depth of the furrow is regulated by the crank-axle, which is so arranged that the plough can be driven deeper or shallower at the pleasure of the driver, when the team is moving by means of the lever."

We also manufacture sulky plows for small boys, or infirm persons who are unable to manage a team of three or four horses. This gang or sulky plow, will cut a furrow from 2 to 10 inches deep.

The committee who tested the draught of this plow with a dynamometer state, that it ran lighter by 140 pounds, than other plows when running at the same depth, and held by the plowman while on foot."

With this Plow one man can do more work than two men can do with walking Plows, and the same amount of team. Hence, it will be seen that it will more than pay for itself in one season's plowing.

I will also manufacture the WEB-FOOT GANG PLOW! AND THE Web-Foot Walking Plow!

Both patterns of my own invention, for which patents have been applied for, and which have withstood practical tests with the best results, receiving flattering testimonials wherever seen or tried.

Now, the Farmers of Oregon are invited to give the Oregon City Manufacture a trial. Do not purchase a Plow of any description until you have examined my make and prices, as I am determined to sell at less than importer's rates, giving you a more durable article, and a guarantee warranting the same.

ROBINSON'S Celebrated Magic Soap Powders! Prepared in 6, 12, and 24 lb. Boxes, READY FOR WASHING!

This is cheaper than Common Soap. It removes Paint, Tar, Pitch and dirt of every description; and which has given such general satisfaction, by proving that your washing can be done with one-half the time and labor of the old mode. Thus labor saved is money made; as wash-boards, sponges and hard rubbing to wear out clothes are entirely dispensed with, and the washing for a dozen persons can be done in two hours. Thus the cost of your washing being three-fourths less than by any other process, as you use no other soap.

These Prepared Powders or Soap have not only proved themselves superior for washing any and all kinds of goods, but proved after one year's use not to injure in the slightest degree any fabric of the finest texture; and, also the finest article for the hands, as it makes them soft and white, as well as your clothes. It also keeps your hands from chapping when exposed to the air.

We defy the world to produce its superior for washing any and all kinds of goods. Our object is to save your time, expense, hard labor, and especially the woman who has to wash.

We take pleasure in announcing a few of the many ladies' names—by their consent—who have used our Prepared Magic Soap Powders, from six months to one year:
