ESSENCE OF Jamaica Ginger.

This valuable preparation, containing in a highly concentrated form all the properties of Jamaica Ginger, has become one of the most popular domestic remedies for all diseas es of the stomach and digestive organs. As a tonic, it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise; for while it imparts to

the system all the glow and vigor that can be produced by wine or brandy, it is free from the reactionary effects that follow the use of spirits of any kind. It is also an excellent remedy for females who suffer from difficult menstruation, givingalmost immediate relief to the spasms that so frequently accompany that period. It gives immediate relief to Nausea, caused

by riding in a railroad car, or by sea-sickness or other causes.

It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.
