More Frauds Discovered.

NEW YORK, NOV. 29. Collector Grinnell has received additional information regarding the perpetration of the most stupendous frauds against the Government, by mercantile firms of this city. Over 200 respectable (?) merchants -many of whom occupy prominent positions-are now under suspicion of having participated in these frauds, which extend back through several months during the last administration. Their names will be suppressed pending the official investigation now being conducted at the Custom House. The frauds were accomplished by means of false invoices, and undervaluations of imported merchandise, and are believed to involve a vast sum of money. Collector Grinnell will Resign.

CHICAGO, Nov. 24. A New York special thinks Collector Grinnell will resign shortly. Hiram Walbridge, Ezra Cornell and Judge Pierrepont are mentioned for the succession.

Another "Right-Hander" from Dana.

Speaking of the resignation of the golden-winged Butterfly of the New York sub-treasury, Dana deals another "righthander" at Grant after this fashion :

"General Grant will now have to consider who to appoint as General Butterfield's successor. No doubt the candidates will be plenty ; but we wish to call the attention of the President to one simple principle which he cannot safely depart from in making the selection. It is this. No man can be appointed who has Agent for the Nez Perce Indians in 1868, made donations of money, houses, horses, over whom he has for thirty years exeror anything else to General Grant or General Sherman, who paid over to General Grant a large lot of money he received.
