Cook, the divine who eloped with a young lady, a member of his Church has hitherto possessed the entire confidence of his flock, but it is feared that his evil courses were not of recent origin. He is believed to have been the prey of blackmailers for sgme time past in consequence of his se- cret in Iscretions and driven to the wall by their importunities, he finally resolved to secure the person of a poor trusting	ily with the best of success. I was sick for some months, and used every remedy. I called several physicians, but they did me no good. I exhausted every remedy known to the medical profession, and received no ben- efit. This Lung and Liver Balsam cured me, and I do not hesitate to recommend it to the public and my triends, as a good and safe remedy. Those who know me, as many do in this State, know that I would not recom- mend them to use a thing that has no merit, because I am opposed to quack remedies. G. W. BROWN, M. D. — 0— W2.
