THERE IS NO DEATH.

There is no death! The stars go down To shine upon some fairer shore; And bright in Heaven's jeweled crown They shine forever more.

There is no death! The dust we tread Shall change beneath the Summer showers To golden grain, or mellow fruit, Or rain-bow tinted flowers.

The granite rocks disorganize To feed the hungry moss they bear, The forest leaves drink daily life

From out the viewless air.

There is no death! The leaves may fall, The flowers may fade and pass away-They only wait through wintry hours The coming of the May.

There is no death! An angel form Walks o'er the earth with silent tread-He bears our best loved things away, And then we call them "dead."

He leaves our hearts all desolate-Plucking our fairest, sweetest flowers; Transplanted into bffss, they now Adorn immortal bowers.

The bird-like voice, whose joyous tones Made glad this scene of sin and strife, Sings now in everlasting song, Amid the tree of life.

And where he sees a smile too bright Or heart too pure for taint and vice, He bears it to that world of light, To dwell in Paradise.

Born into that undying life, They leave us but to come again; With joy we welcome them-the same-Except in sin and pain.

And ever near us, though unseen, The dear immortal spirits tread! For all the boundless Universe Is life; there are no dead.

Scott, for rivers, creeks and mountain streams are alive with-

"The speckled trout, in springing pride, The salmon, monarch of the tide; The ruthless pike, intent on war;

The silver pike, and mottled par." While elk, bear, deer, beaver, otter, mink, and a great variety of water fowls and small game, are abundant in the mountains, valleys, bays and rivers.

The advantages for schooling and religious worship in this county and in part through all the settlements in Oregon, are far superior to what might reasonably be expected in so recently and sparsely a settled country as this. There are school districts organized and schools kept a part of the time during the year in all the settlements in this county; while the different religious denominations of almost every persuasion exert their influ-

ence to preserve good morals and give tone to society. There are also seminaries and academies in this county for teaching the higher branches, among which we notice the college at Corvallis, one of the most prosperous schools in the State, where the student can obtain an academic or collegiate education of the highest

Corvallis, the shire town of this county, is a place of considerable property of \$1,500,000.
