TOWN AND COUNTY.

OUR CITY.—There appears to be a total want of improvement of our town on the part of the City Council. We have not heard that they have done anything since the last three months. The sidewalks in many places are in a dangerous condition, and should be repaired, and many other things might be done by the city fathers that would be of benefit. We would suggest that the old engine on Main street should be standing there about long enough, and for the credit of the town either let it be moved to some place or thrown in the river. The engine has seen its best days, and does not give better treatment than to be standing in the street exhibiting its aged decrepitude. Some of our streets ought to be paved and obstructions removed. There is plenty of work for the Council if they will take it to their business, gentlemen.

DESTRUCTION OF THE YOUNG.—We are informed that a boy of about 15 or 16 years of age has been about our streets for the past week in an intoxicated condition. This is another matter to our mind, which we intended to mention at the time, but it slipped our memory. The night the Pixley was performed here, we notice a boy, we suppose about 12 years of age, fight and dance a car in the hall. It is the very essence of impudence for a man to indulge in such things in a hall filled with ladies, and to do this for a boy of that age is to degrade in the presence of ladies. We would like to see the parents to keep a watch on their young boys, and see where they are at night, and what they are doing. The number of bad boys in this town is very large in proportion to the inhabitants, and we would like to see an improvement.

OUR EAST.—Capt. Geo. Pease left on the last Saturday on a visit to the States. Dan McGill took his place on the Alert until his return. We wish George a pleasant trip, and hope he will have been running up and down the coast for many years, and that he will take with him his wife, and that they will include these two gentlemen in their party. They are above such things.

THE PICKNICK ON THE CLACKAMAS.—The picnic on the Clackamas, given by our German citizens last Sunday, was well attended. A number of people were up from Portland, and a very pleasant time was had. Good music, dancing, and other amusements were given up for the occasion. We learn that all who attended enjoyed themselves very much.

THE BALL MATCH.—The second game of ball between the Eckfords, of this city, and Webster, of Lafayette, came off at the latter place last Monday. The game was played on the Webster field by 19 men. The third and final game will be played about the 1st of May. It is not yet decided where it is to be played. Our boys must have been scared away from home, or their opponents must have been able to keep a watch on them. We wish them better luck in the deciding game.

THE WORKS.—We have received a circular from S. J. McCormick, of Portland, containing a list of prices of fire works. We are always on hand with things needed to properly celebrate our National Anniversary, and persons in need of anything in that line will do well to give him a call.

THE FORTNIGHT.—While many of our sister towns are making arrangements to appropriately celebrate the coming Fourth, would it not be well for our citizens to make a move to have a celebration in this place? Will they take the trouble to make an effort, and partially amputated in a printing press on Tuesday.

THE INSURED.—From the Herald of last Monday we learn that George Good, a young man whose parents reside in this city, was taken in A. G. Walling's establishment had three fingers of his right hand partially amputated in a printing press on Tuesday.

THE DOG.—Doe, Barlow, sent us word from Portland, saying that Ben Holladay "went back" on him, and made him pay \$25.00 for a dog. We suppose he'd "go back" on him who were serving him unless they got the whole track on him before the election. He ought to have been sharp enough to get his ticket before the 6th of June.

THE CONTEST.—It is the intention of all the Democratic candidates in this county to contest the election. This is as it should be. We hope that the members of the Legislature will take the necessary steps to contest seats. If we are to be controlled by the interlopers brought here by Ben Holladay, we wish to know it.

THE CHAS. SIMMONS.—A young man residing in Cutting's precinct, was brought to the County Judge, Mr. Myers took him to the asylum on Saturday. Mr. S. has the reputation of having been very industrious and showed no symptoms of insanity until Tuesday last, and became raving very suddenly.

THE GRAND LODGE.—The Grand Lodge of F. and M. of Oregon meets at Astoria next Monday. The Portland papers say that every arrangement has been made to make the visit of those attending agreeable and pleasant.

TAX COLLECTOR.—We see notices posted on our streets from W. Chapman, Assistant Tax Collector, to the effect that he will be on the 20th and 21st inst., to collect taxes due from persons in this county.

THE CROPS.—We have had a very early spring shower during the past week, which will do good to the crops. The crops in this county, and we learn, in the entire State, are splendid this season.

THE BOOKS.—John Fleming, the "oldest inhabitant" in this city, has just received a new and fresh stock of books and stationery from the East, which he has opened in front of John Myers' store, under the Court House.

THE SPRINGS.—Guests are beginning to arrive at the Willard Hotel Springs, in this city. This is regarded as one of the finest resorts for invalids and pleasure seekers.

THE AWING.—A new awning has been put up in front of E. D. Kelly's store. We are making some improvements on our awnings.

G. N. EAST—HON. L. F. GOVE, GOVERNOR

elect a Oregon, left Saturday last Wednesday morning on a trip to the East, overland.

IMPROVING.—Mr. Thos. Charman is painting his residence and fence. It would be well if some more of our citizens would follow his example.

RECOVERED.—Mr. May has sufficiently recovered so as to be able to walk about town.

PERSONAL.—Robert J. Ladd, of Portland, called on us yesterday.

POOR WILLIAMS.—The Radical papers of this State are just now filled with mournful eulogies on the defunct Senator of Oregon—Geo. H. Williams—and to take their words for it, a person would suppose that he embodied all that was great, good, patriotic and holy. It is of no avail. He is too well known in Oregon, and his doom is sealed and delivered. Come home, Bro. Williams, to your Radical lovers. The people of Oregon, whom you have misrepresented at Washington, have no further use for you there.

SAM. CLARKE.—The Statesman, who was never known to tell the truth, says that Polk was carried by fraud. The Oregon Republican, published in that county, censures the Republicans for their defeat, saying that many stood away from the polls. Who knows but of these two Radical organs? Polk was Democratic to the core—it is only by corruption and fraud that the Radicals ever gained the county.

ELECTED.—We regret to state that Judge Boise is elected in the 3d Judicial District. He appears to have a majority of 18 votes. It is a close shave for him, and we wish that ten out of the eighteen votes were cast for Mr. Bouham. The nigger and Indian vote elects him, and if he has any self-respect he will not demand his seat on such votes, against the expressed will of a majority of the white men of the District.

DON'T MISS THEM.—The Oregonian threatens prosecution of the Wasco county election judges because they refused to receive fifteenth amendment votes. Go ahead. Go ahead. Two loyal judges in this city refused fifteenth amendment vote, and we hope the U. S. Attorney will take this case in hand. We think if he commences that game he will find a little work in this county on that score, and among Radicals.

Radical.—The Radicals have carried Washington Territory, and re-elected that "silver-tongued orator," Garfield, Delegate to Congress. It is at about the only Radical spot on the Pacific slope, and it is to be hoped that the benighted Washington Territories may become sufficiently informed and turn from their evil ways.

Favorites.—We are under obligations to Hon. J. S. Smith for public documents.

Woman and her sex.—Subject by the law of nature to many physical afflictions from which man is exempt, woman is peculiarly entitled to the best efforts of medical science in her behalf. For a majority of the ailments to which her sex is exclusively liable, HOSTETTER'S STOMACH REGULATOR is warmly recommended on the authority of wives, mothers, and nurses, who have tested their genial tonic and regulating properties, and know whereof they speak; and also with the sanction of able physicians, who have administered the preparation to their female patients, in obstinate cases of functional derangement with the happiest results. Almost all female complaints of a special character, are complicated with mental gloom and despondency, and the gentle and lasting exhilarating effect of this wholesome, moderate stimulant admirably for cases of this complex nature. As a remedy for the hysteria and mental hallucinations which sometimes mark both the earlier and the latter crisis in the life of woman, it has no equal in the repertoire of the healing art, and as a means of relieving the nausea and other unpleasant feelings which precede menses, it is equally efficacious. Nursing mothers also find it an admirable invigorant. It is highly satisfactory that a preparation which embraces in its remedial range so many of the complaints common to both sexes, should prove so eminently beneficial to the weaker sex.

THE FORTNIGHT.—While many of our sister towns are making arrangements to appropriately celebrate the coming Fourth, would it not be well for our citizens to make a move to have a celebration in this place? Will they take the trouble to make an effort, and partially amputated in a printing press on Tuesday.

THE INSURED.—From the Herald of last Monday we learn that George Good, a young man whose parents reside in this city, was taken in A. G. Walling's establishment had three fingers of his right hand partially amputated in a printing press on Tuesday.

We suppose he'd "go back" on him who were serving him unless they got the whole track on him before the election. He ought to have been sharp enough to get his ticket before the 6th of June.

THE CONTEST.—It is the intention of all the Democratic candidates in this county to contest the election. This is as it should be. We hope that the members of the Legislature will take the necessary steps to contest seats. If we are to be controlled by the interlopers brought here by Ben Holladay, we wish to know it.
