TOWN AND COUNTY.

IN BRIEF.—The dam in the Canfield creek has finally received the attention of the authorities and the stagnant water run off.

The hands in the woolen factory were paid off last Saturday.

A Chinaman and Indian had a fight last Saturday. The Indian came off second best.

The Indians are beginning to bring in the fall catch of salmon.

The repairs to the Congregational Church have been completed, and will be opened on Wednesday evening.

Prof. Thorton, of Portland, is now in this city drawing maps of the Willamette Valley for Messrs. Russell & Ferry, real estate dealers at Portland.

There will be a dance given at the Court House, next Tuesday evening.

The locomotive ran over a cow last Saturday evening in the upper end of town.

The engineer got off two or three times to drive her off the track, but she was determined to contest the passage of the locomotive, when it came upon her with full speed, throwing her a distance of about seventy feet.

HOSE KEANS.—This individual has been one of his regular drunks during the past week, and made our streets the scene of disgraceful language and boisterous talk.

While this may amuse the boys, it is no credit to a town which has any pretensions to civilization, and which should be looked upon with disgust and shame by the respectable class of our citizens.

It has been a city government, why is this man allowed to walk or rather stagger through our streets, using language that would disgrace the vilest and most degraded plebeian? Is there no law to protect our wives and children from such indecency? If not, the sooner our city corporation is abolished the better.

If there is any do not the proper officers attend to their duties? That does the city the proper owners \$3,000 per annum for and collect about \$2,000 besides, if it is not for the protection of her peaceable citizens? The fact is, this city corporation is run by an old worn-out set of hoists, and the sooner the time of office expires of their officials, the better it will be for both the peace and prosperity of Oregon City.

BOOTS AND SHOES.—We call the attention of our readers to the advertisement of Messrs. Prottman, Gillman & Co., of Portland, under no-day. This is one of the largest retail houses in Portland.

Their stock is always complete and their prices low, if not lower, than any house in this city. They are thoroughly reliable and persons dealing with them will find their goods as they represent them. There store is in White's brick, on First street.

THE CIRCUS.—Dns. Castelli's circus performed in this city last Thursday evening, to a crowded house. The street parade was very grand, and the performance in the evening surpassed anything that has ever been in Oregon. The horses are in good order, well trained and the tumbling and gymnastic performances were excellent. We believe everybody was pleased with the performance.

THEATRE.—By reference to our advertising columns, it will be seen that Mr. F. M. Bates, the popular and successful theatrical manager, has taken what is known as the "Wigwam" at Salem, and converted it into a theatre, where a dramatic season will be performed, lasting during the sitting of the Legislature and State Fair, by a splendid company. Mr. Bates is master of his profession, and we know that he will give satisfaction to all who may give him their patronage.

The Herald says that Trainor, the notorious robber, and running partner of Stultz, was arrested at Cementville, opposite Astoria, last Wednesday night. He reached Portland on Thursday night in charge of Sheriff Bills, and is now safely lodged in jail. Trainor denies any knowledge of Stultz, and insists upon it that he has never seen or heard of him. It is understood that the officers are in possession of information that will lead to the capture of Stultz.

REMEMBER.—Hon. L. F. Grover, Governor elect, returned from a visit to the Eastern States, last Tuesday, and passed through here for Salem on Wednesday. We were pleased to notice a marked improvement in the Governor's health, and we feel satisfied that he will be physically enabled to meet the emergency which awaits him on the 12th of September. He was very cordially received by his many friends at Portland, and serenaded on the evening of his arrival.

TO OPEN.—We see some very cheap notices stuck up around town, to the effect that the Oregon City Seminary will commence next Monday. We presume that the manager of that institution thought it unwise to advertise the fact, so he posted up written notices, which no one would see. The tax-payers of this city would be glad if the manager would exhibit the same degree of economy in other matters.

LINN COUNTY FAIR.—We acknowledge the receipt from Mr. S. E. Young, Secretary of the Linn County Agricultural Society, of a complimentary ticket to attend the fifth Annual Fair, to be held on the grounds of the Society near Albany, on the 20th, 21st, 22d, 23d and 24th of September. The past Fairs of the Linn County Society have been a credit to our State and we feel satisfied that the Fair of 1870 will fully equal its predecessors.

RESIGNED.—Capt. Geo. Pease has resumed his place as Captain of the Alert. Mr. Magill takes the place of mate, which position he has so long and faithfully held. He made a very efficient "chief" during the absence of Captain Pease.

WORKMEN.—A number of workmen passed through here last Sunday to work on the railroad. Ben probably found out that his Chinamen couldn't do the work and so he was forced to re-engage some of the men which he recently discharged.

The cars now run as far as Aurora (Dutchtown). We learn that the mail will be carried by railroad from and after the 1st of September, connecting with the stages at Aurora.

HOME.—Mr. C. P. Church and wife, who have been absent on a visit to their friends, the former to the Eastern States and the latter in California, returned home last Tuesday.

POSTPONED.—Mr. Werthliemer has postponed his auction sale of furniture until next Saturday, Sept. 3d, giving persons who may desire cheap furniture one week longer.

ACCIDENT.—As the wagon containing the lions belonging to the Circus was passing through town last Thursday, the hind wheel came off and threw a man on the seat with the driver to the ground, his head striking on a stone. It stunned him for a while, but no serious injury was received.

SAD ACCIDENT.—A mule team ran away last Friday, in which was Mrs. D. Wright, and threw her out of the wagon, severely injuring her leg. Dr. Ross was called and we learn that she is doing well.

NEW GOODS.—Some of our merchants are in receipt of their fall stock of goods. Mr. John Myers received an addition to his stock last Tuesday; Mr. Canfield also received some goods; S. Ackerman has returned from San Francisco with a large and well selected stock for the trade.

NEW STORE.—Capt. Z. C. Norton has purchased a stock of goods and will open a store on his farm, about eight miles from this city, about the 1st of September.

GONE.—Mr. J. M. Moore, an old citizen of this place, left here last Thursday on a visit to Missouri, which place he left for Oregon 27 years ago, and now returns to view the scenes of his early life.

SOLD.—The city has disposed of the old engine to Mr. J. H. Moore, who proposes to put her in order and run her with water power in his establishment in case of fire. We have not learned the price paid.

SICKNESS.—We learn that considerable ague exists at present in our town. Most of the officers on the upper river boats are afflicted with the "blessing." They probably get it about and bring it here.

RAIN.—We had quite a refreshing rain last Sunday and Monday. It did no damage but a great deal of good in putting out the fires which had been raging in the woods. We also had some rain on Friday.

AN ERROR.—The census taker for this county evidently made a mistake in his report of the number of Chinamen. He returns 33, when there are 40 employed in the factory alone in this city, besides two wash-houses and a number employed in private families.

DRENCH.—Quite a number of drunks have been visible in town during the week.

MEETING.—We have been requested to give notice that a meeting of the German citizens of this city and vicinity, will be held at the Court House, this (Friday) evening.

RYE.—We were shown last week, by J. Fleschner, Esq., some very fine rye, raised near Albany, Linn county. It was full and looked as fine as any we have ever seen.

GONE TO SALEM.—Sheriff Bills, of Multnomah county, passed through here last Sunday, having in charge James Wilson, who was convicted of highway robbery and sentenced to the penitentiary for the term of eight years.

BOOKS.—Mr. John Fleming has a new card in to-day's paper. He has a fine stock of books and stationery.

FIRE.—The moss on the roof of a China wash-house ignited last Thursday. It was discovered in time to prevent any damage.

OREGON CROPS.—Oregon is reported at 4 per cent. below average in her wheat crop this year in the report of the Commissioner of Agriculture. We would be satisfied if we supposed that these misrepresentations were made ignorantly, but such cannot be the case, as every paper in the State has published the fact that our crops are above average. It is done to relief California, which is placed at 15 per cent. below average? There is something wrong in these statements. Do Oregon justise.

PREMIUM BUTTER.—Dr. J. C. Hawthorne offers a private premium at the next State Fair of a riding saddle worth \$75.00 to the lady that made and put up the best twenty-five pounds of butter before the 1st of July of this year. His object in offering the premium was to incite persons to make a good article of keeping butter and to show that a superior grade can be made in Oregon as well as elsewhere. We hope that there will be a lively competition for this liberal premium.

The Oregonian has much to say about the indebtedness of certain Democratic counties. Will that paper give us the names of any counties that have been or are now under Radical control which are not indebted, or were turned over to the Democracy, free from indebtedness? In his own county the Democracy had to pay off a little debt of \$46,000 which his party left when they went out of office. All the counties which are in the hands of Radicals are indebted. The Radicals should be very still on this subject.

MAGAZINES.—We have received Harper's Monthly for August, Ballou's, and a new magazine entitled Old and New, published by Houghton & Co., Boston, and edited by Edward E. Hale. sent us by W. E. Loomis, of San Francisco. These magazines are, as usual, very interesting.

The Big Tender of Ben. Holladay says that he is hankering after a notice from him, but that he "need be in no hurry—that sort of game can be bagged at any time." We would advise the Tender to hurry up, as his occupation will probably be gone after the Senatorial election.

TAKE YOUR OWN PAPER.—A contemporary very justly remarks that "every democrat ought to take his own county paper." If he loves democratic principles he surely can afford the price per week it costs to pay for a local paper, and thereby help to spread them. The cost of a paper is no excuse for not taking one. There is not a week passes but that five times that amount is spent foolishly, which might much better have been invested in a newspaper, which would thus by more reading matter than five times the amount invested in the shape of books. A man may read books all his life, but if he fails to read the papers he may be called ignorant. Without a newspaper a man is virtually out of the world.

A Startling Truth! Hundreds die annually from neglected coughs and colds, when by the use of a single bottle of Dr. Sage's Catarrh Remedy their lives could be preserved to a green old age.

This Remedy does not simply relieve for a short time, but it produces perfect and permanent cures of the worst cases of Chronic Nasal Catarrh, and I will pay \$500.00 for a cure that I cannot cure. "Cold in the head" and Catarrh of the Head are cured with a few applications. If you have a discharge from the nose, offensive or otherwise, stopping up of the nose at times, partial loss of the sense of smell, taste or hearing, eyes watering or weak, feel dull, have pain or pressure in the head, you may rest assured that you have Catarrh. Thousands annually, without manifesting half of the above symptoms, terminate in consumption and end in the grave. No disease is so common, more deceptive or less understood by physicians. I will send my pamphlet on Catarrh to any address free. Dr. Sage's Catarrh Remedy is SOLD BY MOST DRUGGISTS IN ALL PARTS OF THE WORLD.

Price 50 cents. Sent by mail, postpaid, on receipt of 60 cents, or four packages for two dollars. Beware of counterfeit and worthless imitations. See that my private stamp, which is a positive guarantee of genuineness, is upon the outside wrapper. Remember that this private stamp, issued by the United States Government expressly for stamping my medicines, has my portrait, name and address, and the words "U. S. Certificate of Genuineness" engraved upon it, and need not be mistaken. Don't be swayed by travelers and others, representing themselves as Dr. Sage, or as the only man now living that has the knowledge and right to manufacture the genuine Dr. Sage's Catarrh Remedy, and I never travel to this vicinity. The Verdict of California. Californians, as a rule, take nothing for granted. Any article that lacks intrinsic merit is discarded as a failure in the market. Twelve years ago HOSTETTER'S BITTERS were quietly introduced here. Their uses were plainly set forth, and the immediate result was to give them a fair trial, as a remedy for dyspepsia, biliousness, intermittent and remittent fevers, general debility, nervous affections, and all the other ailments of the digestive and secretory organs. They were also recommended as an appetizing and invigorating preparation, and as a preventive of complaints of an epidemic character. The result may be summed up in a few words. A demand for the article immediately sprang up, and has ever since been increasing in a progressive ratio, until HOSTETTER'S BITTERS have become a leading commercial staple in the California market, and along the whole Pacific seaboard, from Central America to British Columbia. The consumption of the great vegetable tonic and restorative, in the Pacific States alone, is upwards of ONE MILLION BOTTLES per year, and its popularity everywhere is such that every other medicine, proprietary or otherwise, sold on this side of the continent. This fact is so notorious that it is like repeating a recognized truism to put it in print. Since the introduction of the BITTERS the demand for the adulterated liquors of commerce has gradually declined, both in the cities and at the mines. The perfect purity of the article, its restorative and preventive properties, and its admirable adaptation to the wants of a people too prone to exhaust the labor of body and mind, are appreciated by the medical profession, and it is prescribed as a stomachic and alternative to the exclusion, in a great degree, of all the unmedicated alcoholic stimulants.

From the National (Elgin) Watch Co. The attention of watch buyers is called to the following improvements in the American Watches, manufactured by the National (Elgin) Watch Company of Elgin, Ill.: The ELGIN WATCHES are furnished with Burt's patent pivot, to prevent damage to the main spring in case of the breaking of the main spring.

The Elgin watches are furnished with a patent hair spring stud to prevent the change of the adjustment of the hair spring after the watch has been regulated.

The Elgin watches are furnished with a patented contrivance for the letting down of the main spring without removing the dial or hands.

The Elgin Watches are so constructed that the barrel can be removed and the main spring changed without taking the watch down.

The Elgin Watches are furnished with the only complete protection against dust yet introduced upon American made movements. The dust-excluder used upon the Elgin movements exclusively encloses the works, and renders the entrance of dust an impossibility. These improvements are peculiar to the Elgin Watches, and are found on none others. The dust-excluder will specially commend itself to miners, railroad men and other engaged in out-door employment.

The Elgin Watch branded "B. W. Raymond" is constructed with especial reference to its use upon engines and moving trains, and the Company claim for it that it is the best railroad watch in the world. The following prominent railroad officials have given in their hearty endorsement and commendation: E. B. Phillips, Esq., President Lake Shore and Michigan Southern R. R.; Col. C. G. Hammond, Superintendent Union Pacific R. R.; Edward B. Williams, General Superintendent Pennsylvania R. R.; J. D. Rucker, General Superintendent Erie R. R.; J. M. Toucey, General Superintendent Hudson River R. R.; G. L. Dunlap, General Superintendent Chicago and North Western R.R. and many others.

Ladies desiring of purchasing a handsome, strong and correct time piece, will find the elegant watch bearing the trade mark of "LADY ELGIN" to be all that they desire. Inquire of your jeweler for the LADY ELGIN.

The real Elgin Watches, elegant, accurate, durable, in many styles and at various prices, each accompanied by the special warranty certificate of this Company, and usually also guaranteed by the local dealer or watch-maker, can be had of most jewelers in all towns throughout the United States. Call and ask to see them. As an additional protection, look for "National Watch Co." on the dial, and one of the following trade marks, viz: "B. W. Raymond," "G. M. Wheeler," "H. H. Taylor," "G. M. Wheeler," "W. H. Ferry," "Matt. Ladlin," "J. T. Ryerson," "Lady Elgin," or "Frances Rubie," together with the words "Elgin, Ill.," engraved upon the gilt plate inside. These are the trade marks to denote the various grades and styles, but as even these have been imitated, require also the special warranty certificate, daily signed by T. M. Avery, the President of the Company, and subscribed to correspond with the watch.

Essence Jamaica Ginger, Which is confidently recommended as the best preparation now before the public.

This valuable preparation, containing in a highly concentrated form all the properties of Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic, it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise; for while it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from superior style, and construction, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by riding in a railroad car, or by sea sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

REDINGTON, HOSTETTER & CO., 416 and 418 Front street, San Francisco.
