

THE HICKORY SHIRT.
A fig for your upper ten boys,
With their canes and cigars and eye-
glasses,
Their dandified airs and soft eyes,
Winking down on each girl that passes;
They may guggle clambake and cham-
pagne,
And pride in their very high birth;
But give me the lad that goes plain,
The boy in the hickory shirt.
He is round as a barrel and brown
As the peach in the mid-autumn sun;
From the sole of his foot to his crown,
He is brim full of frolic and fun,
Not afraid of hard work or of cold.
He is fearless and rough without hurt;
His honor's as good as pure gold—
The boy with the hickory shirt.

She Never Leaves Him.
Look at the career of a man as
he passes through the world, as a
man visited by misfortune! How
often he is left by his fellow men
to sink under the weight of his
afflictions unaided and alone! One
friend of his own sex forgets him,
a third perhaps betrays him; but
woman, faithful woman, follows
him in his affliction with an unshak-
ing affection; paves the changes of
feeling, of his temper, embittered
by the disappointments of the
world, with highest of all virtue;
in resigned patience ministers to
his wails when her own are
hard and pressing; she weeps with
him, tear for tear, in his distress,
and is the first to catch and reflect
a ray of joy, should but one light
up his countenance in the midst of
his sufferings, and she never leaves
him in his misery while there re-
mains one act of love, duty or com-
passion to be performed. And at
last, when life and sorrow come to
an end, she follows him to the
tomb with an ardor of affection
which death itself cannot destroy.

To Clear a House of Vermin.—"Burleigh" of the Boston
Journal, says: "I tell you, ladies, a
secret that may be worth knowing;
a new way to clear your house of
vermin has been found. So com-
plete is the remedy that men offer
to rid the premises of pestilential
nuisances by contract. The article
is sold under the name of French
Green, and other high sounding
names, but the article is dry green
paint. Six cents worth used about
any house will 'clear the kitchen'
and all the surroundings.

Is this not startling?—The
ordinary expenditures of the Federal
Government from the 30th of June
1861 to the 30th of June 1869—
three *times* as much as the ordi-
nary expenditures of the Federal
Government for the preceding seven-
ty-two years, and the ordinary ex-
penditures of these seventy-two
years embraced the cost of the
wars with Great Britain, the In-
dians and Mexico. They also em-
braced the purchase of Louisiana,
Florida, Texas, New Mexico and
California.

Is it not startling that eight years
of partisan Republican rule should
cost as much as the seventy-two
years rule by all other parties?
Does this not show that something
must have been wrong? Is it not
conclusive evidence that there has
been profligacy, wastefulness and
an unrighteous use of the public
money? It furnishes a guide-board
declaring the necessity for a
change.

is made of wood and caoutchouc,
and is of life size, in the form of

any living member of the sex.

ADDRESS
TO THE
NERVOUS & DEBILITATED
WHOSE SUFFERINGS
HAVE BEEN
PROTRACTED FROM HIDDEN CAUSES,
AND WHOSE CASES REQUIRE
Prompt Treatment
to render existence desirable.

If you are suffering or have suffered, from
involuntary discharges, what effect does it
produce upon your general health? Do you
feel weak, debilitated, easily tired? Does a
little extra exertion produce palpitation of
the heart? Does your liver, or urinary or-
gans, or your kidneys frequently get out of
order? Do you sometimes feel faintly,
or flabby, or is it rosy on settling? Or does
a thick scum rise to the top? Or is a sedi-
ment at the bottom after it has stood awhile?
Do you have spells of short breathing or
dyspepsia? Are your bowels constipated?
Do you have spells of fainting, or rushes of
blood to the head? Is your memory im-
paired? Is your mind constantly dwelling
on this subject? Do you feel dull, listless,
moping, tired of company, or life? Do you
wish to do nothing, or to get away from
yourself? Does any little thing make you start
or jump? Is your sleep broken or restless?
Is the lustre of your eye as brilliant? The
bloom on your cheek as bright? Do you en-
joy yourself in society as well? Do you pur-
sue your business with the same energy?
Do you feel as much confidence in yourself?
Are your spirits dull and flagging, given to
fits of melancholy? If so do not lay it to
your liver or dyspepsia. Have you restless
nights? Your back weak, your knees weak,
and have but little appetite, and you attri-
bute this to dyspepsia, or liver complaint?

NOW, READER,
self-abuse, venereal diseases badly cured, and
sexual excesses, are all capable of producing
a weakness of the generative organs. The
organs of generation, when in perfect health,
MAKE THE MAN.

Did You Ever Think
that those bold, defiant, energetic, persevering,
successful business men, are always those
whose generative organs are in perfect
health?

You never hear such men complain of
being melancholy, of nervousness, or palpita-
tion of the heart. They are never afraid
they cannot succeed in business; they don't
become sad and discouraged; they are all
ways polite and pleasant in the company of
ladies, and look you and them right in the
face—none of your downcast looks or other
meanness about them. I do not mean those
who keep the organs inflamed by running to
excess. These will not only

IDIOTCY, LUNACY,
PARALYSIS,
spinal affections, suicide, and almost every
other form of disease which humanity is heir
to, and the real cause of the trouble scarcely
ever suspected, and have doctor for all but
the right one.

Diseases of these organs require the use of
a Diuretic.

is the great Diuretic, and is a certain cure
in cases of the Urinary Kidney, Gravel,
Dropsy, Organic Weakness, Female Com-
plaints, General Debility, and all diseases of
the Urinary Organs, whether existing in Male
or Female, from whatever cause originating,
and no matter of how long standing.

If no treatment is submitted to, Consump-
tion or Insanity may ensue. Our flesh and
blood are supported from these sources, and
the health and happiness, and that of Pos-
terity, depends upon prompt use of a reliable
remedy.

**THE "INGER" NEW
FAMILY SEWING MACHINE,
With Attachments for all kinds of Work,
is fast winning favor in the house-
hold, as shown by the sales of last
year, amounting to eighty-six
thousand seven hundred
and eighty-one
Machines, which far
exceed those of any other Company.**

This new FAMILY MACHINE is capable of
a range and variety of work such as was
thought impossible, a short time ago, to per-
form by machinery. We claim, and can show
those whom it may concern, that it is the
cheapest, most beautiful, delicately arranged,
nicely adjusted, easily operated, and smoothly
running of all the family Sewing Machines.
It is remarkable, not only for the range and
variety of its sewing, but also for the variety
and different kinds of texture which will
sew with equal facility and perfection, using
Silk Twist, Linen or Cotton Thread, fine or
coarse, making the INTERLOCKED ELAS-
TIC STITCH, alike on both sides of the
fabric sewed. This heavier cloth or leather,
may be sewn with great strength and uni-
formity of stitch, and in a moment this will
light and never wearing machine may be
adjusted for fine work on gauze or gos-amer
tissue, or the tucking of tartan, or ruffling,
or almost any other work which delicate
fingers have been known to perform.

Purchasers can soon be convinced that our
new Family Machine embodies NEW and
essential principles—simplicity of construc-
tion—ease of operation—uniformity of PER-
FORMANCE—range of capacity for range
and variety of work, fine or coarse, leaving
all rivals behind it.

The Folding Cases.
The New Family Machine may be had in
a variety of folding covers and cases. Some
show in polished surface only the grain an
tint of the wood, while others are finished
in all the elaboration of art.

The Attachments
For Hemming, Felling, Buffing, Braiding,
Binding, Cording, Gathering, Tucking, Em-
broidering, &c., are not only numerous, but
now brought to great perfection. Most of
them can be attached or detached by a sim-
ple move of the hand. The quality of the
work can only be fully appreciated on ob-
servation and examination.

**Machine Twist,
LINEN THREAD, SPOOL COTTON, OIL, &c.**
We have and shall keep in stock at our
Central Office, and Agencies, (on spoons of
various sizes,) Twist of all sizes and colors,

other articles necessary in the use of our ma-

stroys the vigor of the system, and the hap-
piness of life, and that of others, reason and
morality dictate the necessity of its removal,
for it is a fact that premature decline of the
vigor of manhood, impairs the faculty of
