

Don't Drink Tonight.
I left my mother in the door,
My sister by her side;
Their clasped hands and loving looks
Forbidden to my eyes.
When the moon brought out her light,
And my loving mother whispered me,
"Don't drink, my boy, to-night."

Long years have rolled away since then;
My jetty curls are gray;
But, oh! those words are with me yet,
They will not pass away.
I see my mother's loving face,
With goodness, radiant, bright,
And hear her words ring in my ears,
"Don't drink, my boy, to-night."

My mother is now resting sweet
In the graveyard on the hill;
But mother's words come back to me,
And haunt my memory still.
I have often, passed the cup;
Oh! then my heart was right,
Because I heard the warning words,
"Don't drink, my boy, to-night."

I've now passed down the road of life,
And soon my race is run,
A mother's warning listened to,
An immortal crown has won.
Oh, mother, with your blessed smile,
Look on your boy so bright,
And say, as you alone can say,
"My boy, don't drink, to-night."

These words will prove a warning when
In the thorny paths of life,
The boy is in the tempter's wiles,
And warning in the strife.
These words will stop the morning cup,
And the revelry at night,
By whispering back a mother's voice,
"Don't drink, my boy, to-night."

Strog Characters
Strength of character consists of two things—power of will and power of self-restraint. It requires two things, therefore, for its existence—strong feelings and strong command over them. Now it is here we make a great mistake; we mistake strong feelings for strong character. A man who bears all before him, before whose frown domestics tremble, and whose bursts of fury make the children of the household quake—because he has his will obeyed, and his own way in all things, we call him a strong man. The truth is, that is the weak man; he is his passions that are strong; it that is mastered by them is weak. You must measure the strength of a man by the power of the feelings he subdues, not by the power of those which subdue him. And hence composure is very often the highest result of strength. Did we never see a man receive a flagrant insult, and only grow a little pale, and then reply quietly? That is a man spiritually strong. Or did we never see a man in anguish stand as if carved out of solid rock, mastering himself? Or one bearing a hopeless daily trial remain silent, and never tell the world what cindered his home peace? That is strength. He who, with strong passions remains chaste; he who, keenly sensitive, with many powers of indignation in him, can be provoked and yet restrain himself and forgive—these are the strong men, the spiritual heroes—Rev. F. W. Robertson.

How to Have a Loving Wife,
A correspondent sends the following to the *Phrenological Journal*:
If you would have a loving wife, be as gentle in your words after as before marriage; treat her quite as tenderly when a matron as a miss; don't make her maid of all work and ask her why she looks less tidy and neat than when you first knew her; don't buy cheap, tough beef, and scold her because it does not come on the table "porter house" don't grumble about squalling babies if you can't keep up a nursery, and remember that baby may take after papa in his disposition; don't smoke and chew tobacco, and thus shatter your nerves, and spoil your temper and make your breath a nuisance, and then complain because your wife declines to kiss you; go home joyous and cheerful to your wife and tell her all the good news you have heard, and do not silently put on your hat and go out to club or lodge, and let her afterwards learn that you spent the evening at the opera or at a fancy ball with Mrs. Dash. Love your wife, be patient; remember that you are not perfect, but try to be; let whisky, tobacco and vulgar company alone; spend your evenings with your wife, and lead a decent Christian life, and your wife will be loving and true—if you did not marry a thoughtless beauty without sense or worth; if you did who is to blame if you suffer the consequences.

Grant is going about Pennsylvania to save radicalism. For the same purpose is Butler going to war with England. The *Chicago Tribune* is going for free trade, the *New York Tribune* is going for protection, and radicalism itself is going to the devil. Going, going, almost gone.

Judge Keyser recently naturalized a negro at Downville. The "cullud brudder" was a native of the Danish West Indies, but under the radical amendment laws to the Naturalization Laws he is now a full-fledged American citizen. So we go.

ADDRESS TO THE NERVOUS & DEBILITATED

WHOSE SUFFERINGS HAVE BEEN PROTRACTED FROM HIDDEN CAUSES, AND WHOSE CASES REQUIRE PROMPT TREATMENT
to render existence desirable.

If you are suffering or have suffered, from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys frequently get out of order? Is your urine sometimes thick, milky or floccy, or is itropy on settling? Or do you have thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspnoea? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Do you feel constantly dwelling on this subject? Do you feel dull, listless, moping, tired of company, of life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so do not try to cure your ailment with the same energy. Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so do not try to cure your ailment with the same energy.

NOW, READER,
self-aid, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, MAKE THE MAN.

Did You Ever Think
that those bold, defiant, energetic, persevering, successful business men are always those whose generative organs are in perfect health?

You never hear such men complain of being melancholy, of nervousness, or palpitation of the heart. They are never afraid that they cannot succeed in business; they don't become sad and discouraged; they are all ways polite and pleasant in the company of ladies, and look you and their right in the face—none of your downcast looks or other mean, sullen, or morose expressions, which keep the organs inflated by running to excess. These will not only

RUIN THEIR CONSTITUTIONS,
but also those they do business with or for. How many men, from badly cured diseases from the effects of self-aid and excesses, have brought about that state of weakness in those organs that has reduced the general health so much as to induce almost every other disease.

IDIOCY, LUNACY,
PARALYSIS,
spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic.

HELMBOLD'S FLUID EXTRACT BUCHU
is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs whether existing in the Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is substituted, the consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of posterity, depends upon prompt use of a reliable remedy.

FAMILY SEWING MACHINE,
With Attachments for all kinds of Work, is fast running, fine, and holds, as shown by the side of last year, amounting to eighty-five thousand seven hundred and eighty-one Machines, which far exceed those of any other Company.

This new FAMILY MACHINE is capable of a range and variety of work such as was thought impossible, a short time ago, to perform by machinery. It is simple and can show those whom it may concern, that it is the cheapest, most beautiful, delicately arranged, nicely adjusted, easily operated, and smoothly running of all the family Sewing Machines. It is remarkably not only for its range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using Silk Thread, Linen or Cotton Thread, fine or coarse, making the INTERLOCKED ELASTIC STITCH, alike on both sides of the fabric sewn. Thus heavier cloth, or leather, or almost any other work which delicate fingers have been known to perform. Purchasers cannot be over-pleased that our new Family Machine embodies NEW and essential principles—simplicity of construction—ease of operation—uniformity of FINE-GISE action at any speed—capacity for range and variety of work, fine or coarse, leaving all rivals behind it.

He has a special secret infidelity involving the weakness of a life and that of others, reasonable morality which the necessity of its removal, for it is a fact that premature sexual intercourse, or a habit of manhood matrimonial unappreciated, compulsory single life, etc., have their source in causes, the germ of which is planted in early life, and the latter fruit is reaped long afterward;
