GRAMMAR SCHOOLS.—As per announcement this school was opened last Tuesday, commencing with 22 scholars, and the next school was opened on the same evening with a fair number. A number of our citizens have formed themselves into a corporation for the purpose of establishing a private school of a high grade in our city, a ward of the city, and we may only felt for a long time. This is a very important move for Oregon City, and if pressed to a success will do much for the benefit of our town. The place is located in the healthiest part of Oregon, accessible to any part of the valley, and we may expect persons from all parts of the State to come here and take advantage of this opportunity. We believe that such a school can be built up here which will be a credit to our town, and nothing adds more to the wealth and prosperity of a community than good schools. There is room for even more schools than we now have. There cannot be too many. Let our citizens sustain this institution, and not self-approving at first (but from the present number it appears to be) let them support it by voluntary subscription. It will come back to them ten-fold. The night school should be encouraged and sustained. Better for the parents whose children are now running around town at night for what is but school, thereby they will be out of mischief and cultivating their minds. This institution may be made an important auxiliary to the progress of Oregon City, and it should be the object of every citizen to encourage every effort made to bring this town out of the lethargy in which it has been for the past two years. Good schools, the factories, and all the natural advantages property developed, will make Oregon City a town of importance in this State, and we urge our citizens to wake up and put their shoulders to the wheel for the advancement of our common interests. Good schools will bring families to our town to winter, and many will come to invest their money where good educational facilities are offered. The trustees of the Grammar School are: Messrs. J. R. Balston, Thos. Charnin, F. Barclay, Capt. Cochrane, and Maxwell Ramsay.

ABANDONED.—The County Court adjourned last Tuesday.

IMPORTANT REMOVAL.—We hear it reported that the Edendale and Brownsville woolen companies are about to consolidate and remove their factories to this place. We hope that this may prove a benefit to the State in that it will concentrate the same industries to this branch of manufacture as Oregon City, and we are satisfied that if these two companies will consult their own interests, this combination will be effected, and their factories located where they will be a source of profit to the owners and a benefit to the State at large. We cannot have too many of these factories in successful operation in our State, and we hope that all the natural advantages which this point offers for such investments will be brought into speedy use.

FINE BLANKETS.—We were shown a pair of blankets made at the Oregon City Woollen Factory which surpasses anything of the kind we have ever seen. The weight of them was 24 pounds; on one side they were pure white, and on the other side, they were tinged with a fine blue. They were certainly the finest blankets ever made on this coast. The price per pair is \$60, and twelve pair were made to order.

IMPERIAL MILLS.—We took a visit through this establishment last week. In its various arrangements it is a most complete mill, and the grade of flour made here is of the highest quality. There are certainly the finest blankets ever made on this coast. The price per pair is \$60, and twelve pair were made to order.

I. O. O. F.—At a regular meeting of Oregon Lodge No. 3, held at their hall in this city on the 29th ult., the following officers were elected for the ensuing year: B. A. Hughes, N. G.; J. M. Frazier, V. G.; S. D. Pope, R. S.; A. C. Bailey, P. S.; J. Wortman, Treasurer; Trustees, A. J. Apperson, N. W. Randall, and W. P. Burns. Installation took place last evening.

STREMBOWS.—The P. T. Company now have all their boats afloat, and freight is coming down the river in great quantities. The warehouse at present has about 1,000 tons of flour and grain in it, which is forwarded as fast as possible. There are seven boats on the river from here up, which enables the Company to dispatch a boat almost daily from here.

CHANGE.—The P. T. Company have changed their manner of charges for freight, and now carry by weight instead of measurement, which makes considerable a reduction on light freights. The price on wheat or heavy freights remains about the same as heretofore.

RAIN.—The river is now at a good boating stage. Should the present rains continue a few days longer, boats will be able to reach Eugene next week, which is a desired object.

TO ENLARGE.—We shall probably enlarge the Enterprise next week. We hope that every Democrat in the county will feel it his duty to sustain the county paper. We are trying to give them a paper worthy of their support.

IMPROVEMENT.—The building adjoining the engine house is being raised to a level with the street and put in repairs. It will be used for a carpenter shop and undertaker's establishment by Messrs. Blingman & Hedges.

CHANGE.—Purser Biles has changed his base, and is now engaged on the wharf at Portland receiving freight. Capt. Pease acts in both capacities as purser and master.

DANCE.—A New Year's dance was held at Myers' Hall last Monday evening. The attendance was very good and a pleasant time was had.

REMOVAL.—We stated last week that the proposed Baptist Church edifice was to cost \$2,500. The contract was let to Mr. Wm. Broughton for the sum of \$4,250.

HEAVY RISE.—Capt. Apperson informed us that the Yamhill river raised fifteen feet in 24 hours at McMinnville last Saturday.

CALL.—Gov. Curry gave us a call yesterday. The Governor looks well and hearty, and it appears that active business life agrees with him.

LOST.—A small fur cap, in going from the Episcopal Church to the residence of Mr. Larocque. The finder will please leave the same at this office or at the above residence.

SEWING SOCIETY.—The Ladies Sewing Society of the Episcopal Church meets next Tuesday at the residence of Mrs. R. Canfield.

CONCERT.—The popular Viewtemp Bros., in connection with the Taylor Family, will give an entertainment at Myers' Hall, to-morrow evening. They come very highly recommended by our State exchanges. The Corvallis Gazette says: "They had been so highly recommended by the papers along their line of travel through Southern Oregon that we were really anxious to hear them. Having had that pleasure we pronounce their entertainment the very best we have listened to whilst in Corvallis. They deserve, as we are glad to see they are receiving, the highest encomiums from the press."

REAL ESTATE.—Sitzel & Upton have negotiated sales of real estate during the month of December, amounting in aggregate to \$98,500, as follows: Sales of lots and blocks in the city of Portland proper, \$63,200; East Portland, within its corporate limits, \$23,000; Marion county, farming lands, \$8,500; Washington county, farming lands, \$5,000. The transactions by other agents have been quite large, showing that the month of December has been the best for the year for transactions in real estate—prices remain very firm.—Herald.

REAL ESTATE SALES.—Mr. William Davidson has sold for the week ending Dec. 31, 1879, the Front street Distillery property, 240 feet on Front street, and the river front of the new Railroad Ferry Company, farming lands, \$5,000. It is stated that the Hygien Minister will shortly enter a protest against the annexation of San Domingo to the United States. He will also show that no European Government has made a proposition to purchase it. Mr. Sumner relies upon this document to aid him in his opposition to the San Domingo treaty.

A HALF-WAY MEASURE.—The Hon. Joseph H. Remy, the new "light colored" colored member of the House of Representatives from South Carolina, sworn in yesterday. Let the fall-bloused Scipio Africanus appear and then the House will be all right.
