

NOTICE TO LITIGANTS. The ENTERPRISE having been designated by Governor Grover as the official organ for Clackamas county under the "Litigant Act," we give notice that we are prepared to comply with the terms of said act.

A Fruitless Effort.

The Radical press, headed by the "independents" organ at Portland, knowing that it will be utterly impossible for them ever to gain another victory in Oregon...

Now if these hypocritical hirelings, with Judge Williams at the head, had not endorsed the designation of the east side as the "Oregon Central Railroad Company," there might be some show of honesty in their professions of sympathy for the people of the west side...

The ENLIGHTENMENT.—In accordance with our promise we to-day present our readers with the ENTERPRISE in an enlarged form, with a new head. While we do not wish to be vain, or praise the appearance of the paper too highly, we think it quite an improvement.

Not Raised.—The citizens of Portland are making handsome efforts to raise the \$100,000 demanded by Ben. Holladay, with rather a poor prospect of success.

A Good Move.

Hon. J. S. Smith has introduced a bill in Congress which provides for an appropriation to clear out the obstructions in the rivers of Oregon. This is an important measure, and we hope that something may be done by Congress to aid in the matter.

SWAMP LANDS.—The Radical papers keep up a terrible harping about the overflowed and swampy lands, which the late Legislature passed an act to take care of, and which the Radicals had failed to provide for under their administration.

NOT INTER.—It appears that the Radical press in Oregon is not united in its choice of Grant for the next Presidency. All who are holding to the purse strings of the present administration favor Grant, while those who have not been provided for are against his re-nomination.

THANKS.—Last week we received an addition to our subscription list from Mr. T. Daly, of El Dorado, Baker county, for three new names, for which he will please accept our thanks.

ESTRAY NOTICES.—We notice that the Mercury announces that the estrays must be published in the litigant paper for the respective counties. This question has been frequently asked us, but not having obtained the opinion of others on the subject, we declined to counsel against the old law.

Salem Directory.—We are indebted to the publishers, Messrs. Snyder & Cook, for a copy of the Salem Directory for 1871. The work was compiled by J. Henry Brown, Esq., and is a complete business directory, together with a diagram of the city and a complete history of Salem from its earliest history to the present time.

The Revenge of Time.

There is something sublime in the revenge which time works, especially in the political world. This is now being demonstrated in the career of the leading spirits of the Radical party.

That William W. Holden, Governor of North Carolina, unmindful of his oath of office, did, in July last, organize an arm and equip a military force, not recognized by the State of North Carolina, which military force, so unlawfully organized, was not kept under subordination and governed by the civil power.

A South Carolina Carpet-Bagger in Trouble. In order that our readers may see what class of men the "beggars and carpet-baggers" elect from the Southern States, we append the following in relation to one of them.

DISTRICT OF COLUMBIA, county of Washington, to wit:—The Grand Jury of the District of Columbia, do hereby certify that Christian William Bowen, of the county of Washington, late of the county aforesaid, gentleman, on the thirty-first day of January, in the year of our Lord one thousand eight hundred and sixty, did marry one Tabitha Parke, and her, the said Tabitha, then and there had for his wife, and that the said Bowen and Parke, her, were lawfully married and took for their wife the said Bowen, his former wife, being then alive; against the force of the Statute in this case made and provided, and against the laws, constitution and government of the United States.

MISS GRUNDY.—The Washington correspondent of the New York World, in writing up an account of a charity ball, held at the Masonic Temple in Washington City on the 19th ult., thus refers to our Senator and lady: "Mrs. Williams were called a very handsome couple as they promaded together. Mrs. Williams wore a white silk dress cut in scallops and bound with blue satin. The petitcoat was also of blue satin."

FRATERNITY OF THE GOVERNMENT.—The report of Mr. William Welsh, of this city, one of the Expenditure Indian Peace Commission, testifies to immense rascality on the part of contractors in that department. He thinks that a few of these must have realized a sum of \$250,000 in the Missouri territory during the past year.

PREACHING VS. PRACTICE.—The editor of the Corvallis Gazette gives his readers a chapter on drinking and saloons, and feels apparently sad over the prospects of his town, all because it has a number of whisky shops. Now if the editor of that paper will quit being the rent of one or two of them, he will do that much toward a reformation. That is the way to kill them off. Pay your money out for something more beneficial to the town and yourself.

After Him—Impeachment of Gov. Holden, of North Carolina

Articles of impeachment have been reported by the Judiciary Committee of the North Carolina Legislature against Gov. Holden. The Radical usurper and violator of his oath was granted thirty days to prepare his defense. The Radicals do not deny his guilt, but rely on his acquittal on the fact that the Democracy lack one vote to give them two-thirds, which it requires. It is to be hoped that there will be found one honest Radical in that body who will vote for a conviction should the evidence be such as to warrant it.

STILL AGAINST BEN. HOLLADAY.—The following we take from the San Francisco dispatches of the 7th inst.:

State sessions commenced on the 27th of December in the Twelfth District Court by John Nightingale, against Ben. Holladay & Co. C. Temple Emmet, Milton S. Latham, and others, for an injunction restraining them from building or offering for sale the stock of the Oregon Central Railroad, and for cash agreed to be paid on judgment.

Philadelphia has, by the encouragement she has given to her manufacturers, advanced the prosperity of the whole country, while the policy of all strictly commercial cities is to favor the importation of manufactures of foreign people which compete with our own, and thus to suppress the developments of home industries.

Persons wishing to walk to the railroad depot are notified to arm themselves with a pair of gum boots or a dog-out, or we may be obliged to chronicle the death of some of our citizens by drowning, as the depot is not accessible except by coach, canal or train.

A Good ENOUGH MORNING UNTIL AFTER ELECTIONS.—Representative Kelly, a Radical from Pennsylvania, recently introduced a proposition in Congress to abolish the Internal Revenue Department. This was done to appease the Radical Free Traders, and to be used in the next election. Here is what the New York Herald thinks of the proposition:

A California editor is out in a card refusing to speak to a married lady of his acquaintance. He says: "We trust that our motive—which is pure cowardice—will not be misconstrued. I solemnly promise to appear every day, if being upon speaking terms with married women, and we do not care to have our turn come round. Deeply grateful for the past favor of a complimentary notice, we make our bow and retire. Hereafter our bows and smiles will be lavished upon girls and widows exclusively; no others need apply. Whoever shall attempt to introduce a lady, or the wife of another man, will be regarded as a conspirator against our precious life, and subject to abuse in the columns of this journal."

RETIRED.—We omitted to state last week that Gov. Grover had retired from the Agency of the Willamette Manufacturing Company, at Salem. Mr. Joseph Hoyt, long connected with the company as superintendent, has been elected agent. No better choice could have been made, and we are truly glad to see that Mr. Hoyt's services are appreciated by the company.

CLACKAMAS COUNTY STANDS 4th in the list of counties as to valuation of assessable property. Multnomah comes first, Marion next, and Union next. The amount of poll tax assessed in the State last year is \$14,587. In Clackamas, 769. This shows that only a little over one-half the voters are liable to poll tax in this county, according to the returns.

It is estimated that peculation of revenue and postage stamps, from brokers and railroad offices in New York, amount to upward of \$200,000 annually. This peculation are generally committed by employes.

Telegraphic Clippings.

WASHINGTON, Jan. 7.—The friends of the San Domingo scheme, it is reported to-day, have about given up the idea of being able to get the House Committee on Foreign Affairs to report back favorably, either Banks' or Morton's resolutions.

WASHINGTON, Jan. 9.—In the House a number of bills were introduced and referred, among them one by Williams granting the right of way for a railroad from the Central Pacific in Utah to Walla Walla, W. T.; one by Longbridge, in relation to a railroad bridge across the Mississippi river; one by Axtell, for the relief of settlers on public lands in California.

Mr. Starkweather, by unanimous consent, offered a resolution ordering all bills, resolutions, petitions and papers now pending in either House, or any committee of either House, on the subject of ocean telegraph cables, to a joint committee of five members of the Senate and eight of the House, with power to send for facts and papers, and report at any time. Adopted.

Several bills were also introduced, and referred to appropriate committees. One by Ramsey, to provide for ocean steamship service from the head of Puget Sound to the Sandwich Islands, one by Warner, for the appointment of an agent to receive a cable from the Pacific coast to Asia, and of providing against a monopoly.

The Vice President laid before the Senate a message from the President, in response to Senate resolution, transmitting the report of the Secretary of State covering the correspondence between Motley and the State Department, upon the subject of laying a submarine cable from our western coast to Asia, and of providing against a monopoly.

REVENUE WAR NEWS.—The batteries at Clarendon and Vile de Averz, throwing shot weighing one hundred and twenty-four pounds, have been ordered to be sent to the front by the night of the 7th.

VERSAILLES, Jan. 7.—The French headquarters at Versailles, in the morning, have been received to-day. Damage from the bombardment had been slight. French losses, thus far, had been 29 killed and 200 wounded. The citizens and army were clamorous for offensive action.

PARIS LETTERS TO THE 4th indicate danger of riots. Faidherbe is now advancing towards Peronne. The engagements of Fort Issy and Vendome were battered down after a fight of 8 hours duration.

VERSAILLES, Jan. 7.—The German forces beyond Vendome encountered, and after a severe engagement, repulsed two French army corps. The Germans occupied Osnay, Montargis and the intermediate villages. German losses inconsiderable.

BOREAMA, Jan. 9.—Details of Friday's fighting near Vendome were received. At 11 o'clock in the morning the Germans attacked Gen. Custin Cyville, at Pargheville Thauve. The French were driven back to Snaville. The French commander then brought by his supporters, recapturing all his positions, and repulsing the Prussians beyond Senie Ramine, which the French re-entered at night. The German loss was considerable; that of the French trifling.

and the fire of the French has slackened. It is supposed that several guns have been dismounted. The weather was favorable for siege operations.

LONDON, Jan. 9.—The King telegraphs the Queen from Versailles on the 8th: "Frederick Charles continues the victorious advance on Lens. Everything has been quiet in the North since the 3d. The bombardment is proceeding favorably. The barracks in the fortifications are of fire."

LONDON, Jan. 9.—The Government of Paris has issued a decree announcing the consolidation of all military associations, and the entire able-bodied population with the regular army, for the defense of the city. Commissioners are appointed to carry out this decree, consisting of the Governor of Paris, the President and Commandants of the Corps, and of the artillery and engineer corps.

Sister Mary Florence, in the world Miss Alphonsa Collin, died of consumption at St. Mary's Academy, in this city, on Wednesday evening, January 3, 1871, aged 22 years, 7 months and 29 days. Her remains were taken to St. Paul, Marion county, for interment. Sister Mary Florence spent fifteen years of her life in religion and had been eleven years in Oregon, where she was intimately known and dearly loved for her many angelic virtues and her devotion to the cause of religion and education.

These are mild terms that would designate those mean contemptible adventurers who have been engaged by the high reputation which Dr. Sage's Cathartic Remedy has won, to put up and sell for sale a worthless imitation of the Cathartic Remedy. Remember that Dr. V. Pierce's private Stamp, which is the only genuine guarantee of genuineness, should be on every bottle. This private stamp, issued by the U. S. Government expressly for stamp Dr. Pierce's medicines, has upon it his portrait, name and address, and the words "U. S. Certificate of Genuineness." Don't get swindled by men calling themselves Dr. Sage's Cathartic Remedy, but get the original Dr. Sage Cathartic Remedy. Sold by druggists or sent by mail on receipt of sixty cents.
