Female Temper.

No trait of character is more valnable in a female than the possession of a sweet temper. Oh, we can never be made happy without it. It is like the flowers that spring up in our pathway, reviving and cheering us. Let a man go home at night, wearied and worn by the toils of the day, and how soothing is a word dictated by a good disposition! It is sunshine falling on his heart. He is happy and the cares of life are forgotten. A sweet temper has a soothing influence over the minds of a whole family. Where it is found in the wife and mother, you observe kindness and love predominating over the natural feeling of a bad heart. Smiles, kind words and looks characterize the children, and peace and love have their dwelling there. Study, then, to acquire and retain a sweet temper. It is more valuable than gold, it captivates more than beauty, and to the end of life, retains all its freshness and power.

How They do it at the East.—"Neck-Tie Parties" are becoming quite the rage in the Eastern States, and we have heard of one in this city, within the last few days. As they are to be the fashion, it may be worth while to know how they do it at the East. An Ohio paper does them up as follows: "The Congregational Church of Columbus, Ohio, have reduced the thing to a science, and it will be productive of a good deal of fun, especially if, by the merest chance in the world, you know three or four ladies should happen to wear dresses made of the same material and color. Here's the way they do it there: Every lady attending the party will be expected to prepare a gentleman's neck-tie of the same material of the dress she wears for the evening, and hand it to the doorkeeper, who will give her a number. Every gentleman will receive at the door an envelope containing a neck-tie and number corresponding to the number in the hands of the lady furnishing the neck-tie. He will immediately go to the dressing room, put on the neck-tie and commence search for the lady donor, whom he is to find by matching his tie with the dress. When he decides that he has found the giver, he is expected to entertain her at the table where oysters, ice cream and coffee will be served at the usual prices. When this is done, the lady will present her number, and if the gentleman can match it with the number he finds in his envelope, his obligation is cancelled. If he makes a wrong selection he must try again. The ties will be of such value that they will amply repay several mistakes."

Brown's Purpose.—What is Governor Brown's purpose? The Kansas City *Journal of Commerce* (Rad.) says: "Can it be doubted that Governor Brown has gone over to the Democracy? Had he not his inaugural would have exhibited more of individuality, more of Radicalism, than of the poetry of a dream cosmic philosopher, which he made the veil for ambitious designs in the future. His words were velvety, but beneath them his cruel purpose is apparent—to fasten with tenacious claws upon Democratic sympathy and support." Shoo fly!

One pound of gold may be drawn into a wire that would extend around the globe. So one good deed may be felt through all time, and cast its influence into eternity. Though done in the first flush of youth, it may gild the last of a long life, and form the brightest and most glorious spot in it.

George Alfred Townsend writes: "There is no friend to a journalist like an enemy. The meaner the attack, the more inscrutably it comes to benefit him. William Corbett once said: 'Every mean enemy brings me a new thought, two new friends and five new subscribers.'"

Widows are estimated by the square mile in New Hampshire. Twenty to the mile is thought a good ratio. The Boston *Advertiser* says that, but it seems to be hardly doing justice to the widows. It has usually been admitted that a Miss is as good as a mile, and the widows may well object to being counted twenty for one.

A divorce suit in Trumbull county, had its origin in a difference of opinion on the subject of baptism—one maintaining the necessity of immersion to salvation, the other the efficiency of sprinkling.

A man in Waukegan, Mo., celbrated an uncommon drunk a few days ago by chasing his wife up an apple tree, throwing the children out of the windows and drowning himself in a well.

People who go much into society soon find that it sharpens the intellect, awakens the conversational powers, and arouses a keen spirit of observation.

Never retain in your remembrance an injury; forget all save the kindness received, and your pathway will seem brighter and purer.

An exchange remarks that many a child sings "I want to be an angel," who would be much more satisfactory to his friends if he wanted to be a good boy.

Improved Method of Securing Dental Fillings.—Dr. Mack, of this city, has invented a new method of securing the filling of teeth without any danger of destroying them by paring away, as has been the case heretofore. When a tooth had been worn away, or the interior had become diseased, the usual method employed was to use an excavator and cut out the inside portion, leaving nothing but a mere shell, and then fill the excavation with gold foil. By the method the doctor has invented no scooping out is required, and therefore the teeth will stand longer. He uses a little drill, and with this he bores a hole in the interior of the tooth. A screw is then used to make a thread where the hole has been bored. Into the hole a gold nib, containing a screw, is inserted by means of a very delicate instrument, just large enough to hold it. Two or three of those nibs are inserted in the tooth and the gold foil is packed between them. As the filling is pressed down the screws form a thread upon it, therefore the more it is pressed the harder it becomes. By this means the teeth are not destroyed, and the filling will wear longer. We saw one gentleman, who had worn his teeth so much by chewing tobacco that the upper and lower tier would not meet when the mouth was closed. Six of them were filled by the new method, and they met as in their natural condition before they had been worn away. The invention is a useful one and a great improvement to dentistry.—*Herald.*

ADDRESS

TO THE

NERVOUS & DEBILITATED

WHOSE SUFFERINGS

HAVE BEEN

Protracted from Hidden Causes,

AND WHOSE CASES REQUIRE

Prompt Treatment

to render existence desirable.

If you are suffering or have suffered, from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys frequently get out of order? Is your urine sometimes thick, milky or flocky, or is it ropy on settling? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, moping, tired of company, of life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia, or liver complaint?

NOW, READER,

self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health,

MAKE THE MAN.

Did You Ever Think

that those bold defiant, energetic, persevering, successful business men, are always those whose generative organs are in perfect health?

You never hear such men complain of being melancholy, of nervousness, or palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or other meanness about them. I do not mean those who keep the organs inflated by running to excess. These will not only

RUIN THEIR CONSTITUTIONS,

but also those they do business with or for. How many men, from badly cured diseases, from the effects of self-abuse and excesses, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other disease—

IDIOCY, LUNACY, PARALYSIS,

spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT,

Dr. of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

Dr. Perrault has the pleasure to inform patients and others seeking confidential medical advice that he can be consulted daily at his office, Armory Hall Building, North East corner of Montgomery and Sacramento streets, San Francisco, Rooms Nos. 9, 10, 11, first floor, up strirs, entrance on either Montgomery or Sacramento streets.

Dr. Perrault's studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical debility, the result of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruits tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Noctual Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to Stool or making water, Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded, and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are weakened and sleep disturbed by dreams; melancholy, sighing, palpitation, faintings, coughs and slow fevers; while some have external rheumatic pain, and numbness of the body. Some of the common symptoms are pimples in the face, and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. Perrault, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six or eight weeks.

Patients suffering from venerial disease in any stage, Gonorrhea, Gleet, Strictures, Bubo, Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

Dr. Perrault's diplomas are in his office, where patients can see for themselves that they are under the care of a regular educated practitioner. The best references given if required.

Patients suffering under chronic disease, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physician till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incident to their sex, can consult the doctor with the assurance of relief.

Female Monthly Pills.

Dr. Perrault is the only agent in California for Dr. Bioty's Female Monthly Pills. Their immense sale has established their reputation as a female remedy unsurpassed and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. Perrault, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 378, P. O. San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

All communications confidential. 1y4p

To the Afflicted.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness and all the horrid consequences of self abuse, Gonorrhea, Gleet, Strictures, Nocturnal and Diurnal Emissions, Sexual Debility, Diseases of the Back and Loins, inflammation of the Bladder and Kidneys, etc.; and he hopes that his long experience and successful practice will continue to secure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references of unquestionable veracity from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment and implicit secrecy.

To Females.

When a female is in trouble or afflicted with disease, as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility and all other diseases peculiar to females, she should go or write at once to the celebrated female doctor, W. K. DOHERTY, at his Medical Institute, and consult him about her troubles and diseases. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All married ladies, whose delicate health or other circumstances prevent an increase in their families should write or call at DR. W. K. DOHERTY'S Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.

Patients residing in any part of the State however distant, who may desire the opinion and advice of DR. DOHERTY in their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held sacred and confidential. If the case be fully and candidly described, personal consultation will be unnecessary, as instructions for diet, regimen and the general treatment of the case itself (including the remedies), will be forwarded without delay, and in such a manner as to convey no idea of the purport of the letter or parcel.

Consultation—by letter or otherwise, FREE. Permanent cure guaranteed or no pay.

Spermatorhœa.

DR.
