TOWN AND COUNTY.

The Warth at Oregon City. complete for a grand Fourth of July celebration in this city. At sunrise there will be a salute of thirteen guns fired; the procession is to form at 10 o'clock in the order set forth in the programme, in which will be the National flag, music, Fire Department, the county and city officers, a splendid liberty car, and citizens on horseback, &c. At the stand the exercises will be gone through with as published in the programme, after which a picnic dinner, (everybody bring heir baskets) will be partaken of. In the evening, the Firemen of this place propose to have a grand ball at Myers' Hall. Persons from abroad will have the opportunity to come to Oregon City at half lare, as the Railroad and annals of the time. but both Smith Lee Hegeman & P. T. Grammer School.-The examination of Miss Mollie Barlow, took place yesterday. Quite a number of our citizens were present and the classes passed a very cred-Itable examination, showing a marked improvement during the term. This school was opened less than a year ago, yet it has been a paying institute from its commecement and promises to be a permanent institution. The average attendance during the term was 52; whole number enrolled 57. There will be a vacation of about a month, when the second year will commence. We hope this institution may increase and prosper as it grows older.

The "Pain Killer" may just'y be styled the great medicine of the world, for there is to call and give them a trial, for they are no region of the globe into which it has not ighly puzed. Moreover, there is no climto which it has not proved to be well adapt d for the cure of a considerable quantity of disease; it is a speedy and safe remedy for burns, scalds, cuts, bruises, wounds and va ious other injuries, as well as for dysentery, diorrhoea and bowel complaints generally, it is admirably suited for every race of men on the face of the globe. It is a very significant fact, that notwithstanding the long period of years that the "PAIN KILLER" has been before the world, it has never lost one whit of its popularity but, on the contrary, the call for it has steadily increased from its first discovery, and at no previous time has the demand for | JACOS STITZIL. it been so great, or the quantily made been so large, as it is to-day Another significant fact is, that nowhere has the Pain Killer ever been in higher re-

pute, or been more generally used by families and individuals, than it has been here at home, where it was first discovered and in troduced. That the Pain Killer will continue to be, what we have styled it, THE GREAT MEDICINE OF THE WORLD, there cannot be the shadow of a doubt .- Providece Adver-

Cherry Pectoral, For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues. throughout this and other countries, has

shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, established the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs vield to its power; and cases of Consumption, cured by this preparation, are public-ly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Thront and Chest of childhood, Chekky Pectoral invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and pain-

ful Bronchitis, when they know how easily Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
