The good they do does not approximate the evil, and while those who have had them working may miss them, they must rememappointment. Several of our young men pated. in town who have been frequenting their dens, will be able to sing "I have no one of having their work done than to have the young men, whose parents appear to have lost control of them, thrown in contact with them, and we are truly glad of these wayward and degenerated sons. But we might as well say here, that this farce of removing Indians and taking them to their reservations has become monotonous. They take them this week, and next week we will have a new lot out on "passes" given by the Agents, and then there will be another cry for their removal. Let them stay where they belong or let them alone. for those that it is applicable to.

MINERS' GOODS,

Ayer's Ague Cure,

May 26, 1871:m3 JOHN R. FOSTER.

For Fever and Ague, Intermittent Fever Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic

temper. This "CURE" expels the miasmatic poison of Fever and Ague from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in bilious districts, where FEVER AND AGUE prevails, everybody should have it, and use it freely, both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Qui-nine or mineral; consequently it produces no quinism or other injurious effects whatever upon quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, but on the inwhen originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be exereted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure; and few will ever suffer from Intermittents if they avail themselves of the protec-tion this remedy affords. For Liver Complaints, arising from torpid-

ity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fail. PREPARED BY Dr. J. C. AYER & CO., Lowell, Mass., Practical and Analytical Chemists, AND SOLD ALL ROUND THE WORLD.

Ayer's Hair Vigor, For restoring to Gray Hair its

A dressing which is at once agreeable. healthy, and effectual for preserving the nair. It soon restores faded gray hair to its original

color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING. nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.
