

The Weekly Enterprise.

TOWN AND COUNTY.

Nor Meen.—A report was circulated in town last Monday that Mrs. Gordon, one of the strong-minded women of the period, was to speak in this city on the evening of that day. The lady arrived in due time, but failed to deliver herself. We cannot say what the cause of this failure is attributable to. There was evidently a lack of proper exertion on the part of the two or three weeks' advance notice, and a failure of the strong-minded women (of which there is about the same number) to turn out and do honor to their distinguished visitor. This is a serious set-back to the noble spirit of Mrs. Dunaway, who is fighting so heroically for the rights of the weaker sex who have such "brutes" for husbands. We are disappointed and ashamed at the lack of our countrymen and our sisters and brothers. Don't do so again.

FRUIT DAY.—Mr. J. C. Carr, who has the patent right to sell Boswell's combined pear and fruit dryer, was in town last week with one of these useful inventions for the purpose of introducing them. It is certainly a most complete invention, and while it is of incalculable value to fruit growers, it is also of considerable value to the general public. It is indispensable. The rapid current carries the vapor of the fruit, preventing it from becoming moldy, and it dries the fruit as fast as the case with clothes dried around a fire, and the clothes are left pure white and free from dust or specks. It readily dries a full washing of soap. They are manufactured by Mr. Carr at Salem, and sold at the low price of \$50, \$60, \$75 and \$100. No house is completely furnished without one of these wonderful fruit and fruit dryers.

GRAMMAR SCHOOL.—The Oregon City Grammar School, will open next Monday with the following corps of teachers: Joseph A. Sellwood, A. M., Principal; Miss Jennie Barlow, Assistant; Miss Katie Barclay, Teacher of French. This is a very excellent corps of teachers, and the school must give entire satisfaction to its patrons. Mr. Sellwood is a young man of most excellent scholarly attainments, and wherever he has taught, has given entire satisfaction. We hope that this school will continue to receive the liberal patronage it has heretofore received. Mr. S. D. Pope, A. B., will continue to be Superintendent of the school, and will guarantee entire satisfaction to patrons.

INTERESTING.—A rupture having occurred between the nominal School Superintendent and the city fathers, the Council questions the legality of his election. The office will probably be declared vacant and an election held by the Council. This does not seem so much as they might between the two branches of our city government.

TO RENEW LICENSES.—By reference to our advertising columns, it will be seen that the County Court advertises for sale of proposals to build a bridge across the Tualatin, on the road leading from Aurora to Oswego. Bids will be received until the 4th of September.

PROVISIONS.—The new steamer on the upper river, to take the place of the fleet one, being built above Camah, by the P. T. Company, is being pushed forward to completion as fast as possible. She will be a very handsome one, constructed after the most modern and safe designs, and will be the largest as well as the best fitted boat that has ever been on the upper Willamette river.

SINCE PORTLAND.—The large boiler belonging to the Factory has been sent to Portland for repairs. There were six or seven tubes cracked, which will necessitate the making of new ones. It will be two or three weeks before the damage is repaired. The factory is now run by a small boiler, which makes it necessary to run day and night to keep up with the work.

GOOD ORDER.—The City Council made an order to remove all the moss and other matter liable to ignite roofs from sparks. There is nothing like being contented these dry days. Nevertheless, we have an excellent water power, a fireless and efficient steam engine, a fireless and efficient steam engine, a fireless and efficient steam engine.

CRIMINALS.—Mayor Charman has our thanks for a fine lot of cherries of the Royal Ann variety. They were most delicious. On a branch of about 20 inches in length, there were two and a quarter pounds of cherries, besides there had been at least one pound picked off before it was brought to the office. We returned the note.

NOR MEEN.—The Portland papers state that the police of that city made the arrest of McCormick and turned him over to Sheriff Warner. The truth is, Sheriff Warner made the arrest himself near the White House, without the aid of the Portland police.

TEACHERS.—The City Council elected the following persons as teachers in the Seminary for the ensuing year: J. D. Robb, Principal; (elected sometime since) N. W. Randall, Miss H. Pambrun and Miss Sarah Atney, Assistants.

ATTENTION.—We call attention to the notice in another column to the advertiser of the County Assessor. It is a matter of importance to tax payers to attend to the matter in due time.

RAILROAD EXCUSIONS.—The Railroad Company have another railroad excursion advertised to Aurora next Sunday. The people who desire going on a former occasion will probably remember how they were served before, and not buy their tickets until they see whether they can go or not.

PRECAUTIONS.—The Chief Engineer and City Marshal visited the various houses in town last week to examine the condition of the stove pipes and flues. They made an order to have all places of delivery according to the law, where they were deemed unsafe.

CAMP MEETING.—A camp-meeting, under charge of the M. E. Church, South, will be held at Young's Prairie, about 12 miles from this city, commencing on Thursday, the 17th inst.

White the watchman was removing some bedding in the jail last Saturday, he discovered under the bed two large bars of iron, which had probably been hidden in by outsiders to help their chains out.

RETURNED.—A number of the Indians recently removed from this place have been allowed to return. Just as we anticipated.

NEW HOUSES.—W. C. Johnson, Esq., has commenced the erection of three houses on the lot South of the old Baptist Church.

CORRESPONDENCE.

The following correspondence explains itself. The parties interested have been otherwise engaged which will account for the delay.

Engaged City, July 28, 1871. Hon. J. E. CARNEY, Dear Sir:—In behalf of the General Committee appointed by the citizens of this place to conduct our last 4th of July celebration, I send to you with our compliments a new lot of small tokens of our appreciation of you and the kindness extended to us by you on that occasion. I hope, my dear Sir, that you will accept the same, not for its intrinsic value, but with the assurance that it comes from your friends. Yours truly, THOS. CHARMAN, Treasurer of the Committee.

PORTLAND, OREGON, July 21, 1871. Hon. THOS. CHARMAN, Mayor and Treasurer of the City of Oregon City, Oregon City, Oregon. You very kindly letter to me as Treasurer of the 4th of July Committee for Oregon City, together with the pleasant token of remembrance from your people, came duly to hand by express.

When the invitation to celebrate the glorious anniversary with you was extended to me and accepted by me, I anticipated meeting only the people of your city and a portion of the citizens of its immediate neighborhood. But was not only surprised, but greatly gratified, to greet so large an assemblage of people, who had (as it was right they should do) thrown away all prejudices, whether political or otherwise, and with hearts glowing with patriotic fire, were there to commemorate those days in which our National Liberties were born and to secure which, they had so bravely shed their blood. If the address was meritorious, it was so because it reflected the sentiments of your own hearts. Compliments amongst the pleasing incidents of that day, was the kind offer rendered to you by yourself, by Col. Wilbur and the ladies of his family, by the editor of the Enterprise and his lady, by Rev. Mr. Sellwood, Chas. E. Warren, Esq., and a host of others. Surely the memory of that day, and the 4th of July, 1871, will ever be a bright spot in the recollections of myself and family, Mayor, Committee, people, all accept our thanks. Respectfully and truly, yours, JOHN F. CARNEY.

The City Charter provides for the election of seven Commissioners. Last Monday in the selection of the voters, we voted five to four, making nine votes cast. What we would like to know is where do these nine votes come from. If the Mayor and the Recorder have the same right to vote as the voters, it is probably the only City government in the world which gives that right. The Recorder is simply an officer to keep the records of the Council, and has no right to vote on any question. The Mayor has the vote, but he has no right to vote on any question. The Recorder is simply an officer to keep the records of the Council, and has no right to vote on any question.

Intelligence.—An ordinance was introduced in the Council last Monday and read and reported a former ordinance which provided that the public school in this city should be an institution of the highest order, and that the teachers should be taught with classical and scientific education. The member who introduced the ordinance said that it was necessary to report the ordinance because the superintendent of the school was not qualified to make the necessary examination, nor was the teacher whom the Council had employed for the ensuing year qualified to teach the children in the school. This is rather heavy on the part of "intelligence."

Arrested for Murder.—Some four weeks ago, a white man by the name of M. McCormick had a fight with a half-breed named Tom Montgomery, which resulted in blows from the effects of which Montgomery died. McCormick was arrested and held in the county, but on the death of Montgomery, he was arrested near the White House and brought to this place for examination, where he had Monday, and the prisoner bound over in the sum of \$1,000 to await the action of the grand jury.

Dangerous.—A rock was thrown across the river last Wednesday from a blast, which came down on the roof of Mr. Hass' saloon, and fell to the ceiling of the house. The rock weighed twenty-six pounds. It was very fortunate that no one was injured. The distance it was thrown was about a quarter of a mile.

Contempt.—Our friend Capt. F. O' McCown was rather pertinent last Tuesday before Justice Burns, and the said Justice, feeling that the dignity of his court was not to be treated with impunity, fined the Captain the sum of \$5, and committed him to prison for six hours. The latter sentence was afterwards revoked.

Certainly.—A correspondent requests us to answer the question whether we ran for School Superintendent against Mr. Johnson or somebody else, who has made the recent examination? If our memory serves us correctly it was Mr. Johnson who was probably too busy to attend to the matter and he had it attended to by proxy. Don't you see.

Pretty Good.—Four Commissioners were returned last Monday evening by three. This little piece of sharp practice is fun for the outsiders. It took the Mayor and Recorder to see the four obstinate Commissioners on the right track.

Grant Amoules.—We had all over the county the purchase of U. S. Grant carried out in the matter of placing relations in office. Even our City Recorder placed a relative in a position by his vote in the Council last Monday evening.

Homeward.—Mr. Goodfellow, and wife of St. Joseph, Missouri, who have been here for two months past on a visit to their daughter, Mrs. Jennings McCarver, and friends, left here last Wednesday for their home. We wish them a safe journey and hope to see them in our city again.

Do Enlighten Us.—We are terribly ignorant. Won't the Mayor and Recorder enlighten us where their authority comes from to vote on questions pending before the Council. If you can't give us any law for it, show us a precedent or a shadow. Anything will satisfy our ignorance.

Notice.—The Ladies of the Episcopal Church will give an Ice Cream Festival in Prof. Pope's School Room, on Saturday evening, Aug. 12th. Cream will be on hand for sale from 7 to 10 p. m. The public are cordially invited to be present.

NEW AND SPLENDID.—E. D. Whitlow, furniture dealer, in the Masonic building has just received a fine lot of new furniture, among which are some beautiful bedroom sets. Call and examine them.

BROKE INTO.—The fellow who broke into Fountain House Company's house and took therefrom some shirts and caps, and left an old cap in exchange, is requested to return them.

For a few cents you can buy of your Grocer or Druggist a package of SEAROSS FARINE, made from pure Irish Moss, or Carrageen, which will make sixteen quarts of Blanc Mange, and a like quantity of Puddings, Custards, Creams, Charlotte Russe, &c. It is the cheapest, healthiest, and most delicious food in the world. It makes a splendid Dessert, and has no equal as a light and delicate food for Invalids and Children.

A Glorious Change!! THE GREAT WORLD'S TONIC. Plantation Bitters.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and infirm, it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate, or frigid, it acts as a specific in every species of Dyspepsia, which undermines the bodily strength and breaks down the animal spirits. For sale by all Druggists.

Prepared by Dr. J. C. AYER & CO., Lowell, Mass., Practical and Analytical Chemists. SOLD BY ALL DRUGGISTS EVERYWHERE.

HAIR VEGETABLE SICILIAN HAIR RENEWER. Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY or FADED Hair to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Sold by all Druggists, and Dealers in Medicines. Price One Dollar.

Buckingham's Dye FOR THE WHISKERS. As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in one preparation; which will quickly and effectively accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.

Manufactured by B. P. HALL & CO., NASHUA, N.H. Smith & Davis, Portland, Wholesale Agents for Oregon.
