TOWN AND COUNTY.

DARING ROBBERY .- A most daring robbery was perpetrated in this city last Monbery was perpetrated in this city tast Mon-day night, about 3½ o'clock, at the resi-restores hair to its natural color. dence of Mr. A. J. Apperson. It appears that the robber gained an entrance into the house by the side door, and went to the bed room where Mr. and Mrs. Apperson were sleeping, and got Mr. A.'s pants, in which there was a package of gold which contained \$220, which he had got limity from the express office the same evening, and about seventeen dollars of loose change that he had in his pockets, besides he took a bunch of keys, among which was the key to the safe of Messrs. Savier & Co.'s Mill. The key was probably what the fellow was after, but found, perhaps to his surprise, a small amount of coin in the pants. A light was burning in Mr. Apperson's bedroom, and he supposes the robber entered the side door, and crawled to the bedroom door, and with the aid of some long book or stick, dragged the pants into the sitting room, as otherwise he would have been forced to pass the heads of both Mr. and Mrs. Apperson, and on rising to go out, he stepped on a piece of oil-cloth, making a noise which awoke fellow took to his heels, just so that the little girl could hear the gate catch. Mr. Apperson, finding the safe keys gone, immediately went up to the mill to place seem to have any visible means of support. Cherry Pectoral, For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma,

Among the great discoveries of modern science, few are of more real value to mankind than this effeetual remedy for all diseases of the Throat and Lungs. A vast throughout this and other countries, has

shown that it does

surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be bethartic and antibillious preparation on the lieved, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Thront and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and pain-

ful Bronchitis, when they know how easily they can be cured.
Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

LOOK OUT FOR GOOD Ayer's Hair Vigor,

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. It soon restores faded or gray hair

to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follieles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty seding ment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.
