### COMPILATION OF INCOME TAXES IS COMMENCED

7,000,000 Persons to be Subject to New Federal Regulation

Tax Rates Are Given

Government expects to receive \$1,201,000,000 from income taxes before July 1, including \$666,000,000 from individuals and \$535,000,000 from corporations. This is more than one-third of the \$3,400,000,000 estimated receipts under the tax revenue act passed by congress at the last session.

From excess profits taxes, the government expects to realize about \$1,220,000,000 before July 1.

The rate of tax for a married man or the head of a family is 2 per cent on the amount of his net income exceeding \$2000, but less than \$4000, and 4 per cent on the amount of his net income above \$4000, but less than \$5000. An unmarried person the head of a family will pay 3 per cent on the amount of net income above \$1000 but less than \$3000, and 4 per cent on the net income above \$3000 but less than \$5000.

An extra levy, or surtax, in addition to the normal tax, is imposed on income above \$5000, so that the amount of income between \$5000 and \$7500 is subject to a total income tax, including both normal and extra, of 5 per cent; and between \$7500 and \$10,000, 6 per cent. The surtax further increases with higher incomes, so that amounts of \$1,000,000 are taxable at 65 per cent with one per cent addition for each half million up to two million dollars. All incomes over the latter amount are taxable at 67 per cent.

Typical income tax levies on heads of families are as follows: Income of \$2500, tax is \$10; income of \$3000, tax is \$20; income of \$3500, tax is \$30; income of \$4000, tax is \$40; income of \$4500, tax is \$50; income of \$5000, tax is \$60.

Unmarried persons would pay in this way: Income of \$1500, tax is \$10; income of \$2000, tax is \$20; income of \$2500, tax is \$30; income of \$3000, tax is \$40; income of \$3500, tax is \$50; income of \$4000, tax is \$60; income of \$4500, tax is \$70; income of \$5000, tax is \$80.

Unmarried persons would pay in this way: Income of \$1500, tax is \$10; income of \$2000, tax is \$20; income of \$2500, tax is \$30; income of \$3000, tax is \$40; income of \$3500, tax is \$50; income of \$4000, tax is \$60; income of \$4500, tax is \$70; income of \$5000, tax is \$80.

Taxes may be paid in four installments between now and June 15, if this arrangement is preferred, but the treasury will open a determined campaign soon to encourage persons to pay their tax in full immediately, and receive interest on the advance payment.
