**With the Draft Board**

Sheriff Needham and County Clerk Boyer were busy all New Year's day in the war draft office at the court house, and their extra work speaks for itself in the number of classification cards that were mailed out last night, in addition to thirty-three cards that were mailed out the same night.

The work "slacker" is never used by any one on the draft board. Men may and may not be "slackers," as has been proven in a number of cases recently. They are sometimes "delinquent," and may have good reason for being in that class.

## Enlist Now for better health.

Don't wait until it is too late to correct your food follies. It is the simple, inexpensive foods that make healthy tissue and furnish the most energy. For your "meatless meals" eat Shredded Wheat Biscuit. It is 100 per cent. whole wheat, nothing added, nothing wasted or thrown away. It is made digestible by steam-cooking, shredding and baking. Contains more real nutriment than meat or eggs. Two of these Biscuits with milk and a little fruit make a nourishing, satisfying meal at a cost of a few pennies. Made in Oakland, California.

Not in seventeen years has the old reliable Willamette raised so much water above its banks, during any December, at least, as it took pleasure in doing in December, 1917, and the rainfall during that same month was almost 100 per cent greater than during any previous December, since government records were established in Salem in 1890.

C. C. Gram, agent of the Oregon City Transportation Company, looked up the records yesterday afternoon and furnished the following figures for December, 1917, showing the height of the river above low water mark on each day of the month and the rainfall in inches. The rainfall on December 19 was 4.05 inches, the greatest in seventeen years, and while the official reading for December 20 gives the height of the river as 23.6 feet, it is stated by Mr. Graham that it reached 24 feet at 2 o'clock in the morning. The December record follows:

HER TROUBLE IS GONE.  
Mrs. Thomas H. Davis, Montgomery, Ind., says she had trouble with her bladder and had doctored for several months without relief, when Foley Kidney Pills were recommended and she commenced using them and got relief. They relieve backache, rheumatic pains, stiff, swollen joints and kidney trouble. J. C. Perry.

## RED CROSS BULLETIN

Willamette Chapter, American Red Cross, Business Office and Supply Department, Room 418 U. S. National Bank Building.

The Women of the Central Congregational church yesterday afternoon organized an auxiliary of the Red Cross and heard a complete discussion of the work confronting the organization. The officers elected are as follows: Chairman, Mrs. D. M. McKee; treasurer, Mrs. H. C. Stover; secretary, Mrs. Frank E. Brown.

## Parent-Teachers Advised to Promote Patriotism

Oregon county school superintendents who are now assembling in Salem passed resolutions yesterday expressing the belief that during the period of the war the efforts of the Parent-Teacher association of the state should be directed toward promoting thrift stamp sales, Y. M. C. A. war work, liberty bond sales, Red Cross campaigns and similar patriotic movements, and that the organization should give its support to boys' and girls' pig industrial clubs. The superintendents favor a central county organization for the association.

## Public Service Commission Would Help Regulate Oregon Roads

The Oregon public service commission yesterday wired William G. McAdoo tendering its cooperation and gratuitous services in any capacity connected with railroad management and supervision in Oregon, and asking Mr. McAdoo to indicate in what manner the commission can serve best.

Edwin C. Niles, president of the National Association of Railroad and Public Utility commissions, 120 Broadway, New York, was informed by wire of the action taken by the commission. The telegram to Mr. McAdoo follows:  
"This commission tenders hearty cooperation and its gratuitous services in any capacity connected with railroad management and supervision in Oregon. Shall be glad to have you indicate in what manner we can best serve."

"This thing can't go on!" exclaimed the shoe clerk, vainly trying to get number two shoe on a number four foot.—Boston Transcript.

## Monaco Wants Constitution of Principality Restored

MONTE CARLO, Jan. 2.—Prince Albert of Monaco on New Year's day promulgated a decree restoring the constitution of the principality which had been suspended since the outbreak of the world war. By the decree the constitution is enlarged and extended in a much more liberal sense, the prince in this way limiting his own powers.

Prince Albert from the time he succeeded his father, Prince Charles III in 1889 until January 7, 1911, was absolute ruler of the small principality of Monaco in the Mediterranean. In 1911 a constitution was promulgated which provided for a national council elected by universal suffrage.
