And She Soon Got Back Her Strength

New Castle, Ind.—"The measles left me ruff down, no appetite, could not rest at night, and I took a severe cold which settled on my lungs, so I was unable to keep about my household. My doctor advised me to take Vinol, and six bottles restored my health so I do all my household work, including washing. Vinol is the best medicine I ever used."—Alice Reed, 437 South 11th St., New Castle, Ind.

### SUITS for MEN

As you will know the prices on all woolen goods are steadily going up. You are also probably well aware that the quality of woolens will soon be getting poorer. Uncle Sam is trying to conserve the supply of wool and it will soon be impossible to get an absolutely all-wool garment for civilian wear.

### Order Your Suit Now

By ordering now you will get better material and get your suit at a lower price.

### No Increase in our Prices

There will be no increase in the price of our suits for ten days. We have hundreds of suitings for you to select from. Come in and look them over. You all know the quality of our workmanship. ### DRAFT BOARD IS GETTING ALONG IN ITS LABORS

#### Delinquents Are Warned That Their Days of Grace Are Numbered

#### TO PUBLISH THE NAMES

#### Questionnaires Sent Out By Local Board This Morning Last List Off

As the time has now arrived when the selective war draft board will only have the mailing of classification cards, and card ordering registrants to appear for physical examination and the final acceptance or rejection cards, the entire board is working nights, including Dr. Byrd, the medical examiner; Sheriff Needham and his wife, who is now assistant chief clerk, and County Clerk Boye.

It is also the time when delinquents are noted, and their names published and then turned over to the police or federal officers to deal with as required, under the circumstances surrounding each individual case.

Yesterday there were only three delinquents to take care of, and they were order number 877, Harold R. W. Benjamin, Salem; number 874, Roy Martin Smith, R. F. D. No. 8, Box 42, Salem, and number 853, William Chance, room 210 Hubbard building, Salem.

Chief Clerk Mrs. Frank R. Brown had as her assistant yesterday on mailing out the questionnaires, Mrs. C. C. Best, Mrs. Frank Minto, Mrs. Chester Cox, in addition to these the Capital Business College students have assisted very materially in writing about 130 affidavits, for use in the work of the office.

The final list of names to whom questionnaires are to be mailed was made out yesterday and will be mailed early this morning.

The work of the board will from now on be confined to classifying registrants, mailing them cards, waiting the time for appeal, filing days, mailing out appointments for physical examination, and then winding up with acceptance or rejection cards. All this work cannot be done in a minute and will not be completed until the last man on the list has been accepted or rejected.

### STATE WINS CASE

(Continued from page 1)

It did not reach the supreme court in time to be handed down with the others yesterday.

One Judge Reversed.

Judge Anderson of Clackamas county was the only judge who was reversed in the opinions yesterday, all the rest having decided in favor of the state.

The state's allegations were that F. A. Hyde perpetrated fraud by inducing numerous applicants to buy state school lands within the limits of forest reserves and to assign the lands to him or to persons whom he designated. Upon receipt of the lands in this manner they were used as a basis for making lieu selections of government lands outside forest reserves, the base lands being conveyed to the government, and the

### Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your postmaster. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of the vile poisons and toxins; also to prevent their formation.

As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

troops of all arms. The enemy did his utmost to hold his ground, and in endeavoring to do so used up no less than seventy-eight divisions, of which eighteen were engaged a second or third time after being withdrawn to rest and refit.

"Despite the magnitude of his efforts, it was the immense natural difficulties, accentuated manifold by abnormally wet weather, rather than the enemy's resistance, which limited progress and prevented the complete capture of the ridge. What was actually accomplished under such adverse conditions is the most conclusive proof that, given a normally fine August, the capture of the whole ridge in a few weeks was well within the power of our men.

"They advanced every time with absolute confidence in their power to overcome the enemy, even though sometimes they had to struggle through mud waist deep to reach him. As long as they could reach him they overcame him, but physical exhaustion placed narrow limits on the depth to which each advance could be pushed and compelled long pauses between advances. The full fruits of each success consequently were not always obtainable.

"Time after time, the practically beaten enemy was enabled to reorganize and relieve his men and bring up reinforcements behind the head of mud which constituted his main protection. Notwithstanding the many difficulties such was accomplished.

Enemy Losses Greatest.

"Our captures in Flanders since the end of July amount to 24,000 prisoners, seventy-four guns and 941 machine guns. It is certain that the enemy losses exceeded our.

"The most important of all is that our new and hastily trained armies again have shown that they are capable of meeting and beating the enemies' best troops under conditions which favored his defense.

"In this respect I desire to emphasize the supreme importance of adequate training prior to placing troops in the line of battle. It is essential,

### WOODBURN LADY HAS BIG RECORD

Mrs. Hardcastle Cuts Over 1000 Yards into Red Cross Garments

More than 1000 yards of material have been cut into garments for the Red Cross by one Woodburn woman. This record belongs to Mrs. S. E. Hardcastle, head of the Red Cross auxiliary of the First Methodist church of Woodburn.

Mrs. Hardcastle was in Salem yesterday to visit the headquarters of Willamette chapter of which her chapter at Woodburn is an auxiliary and one of the very best managed ones in the county, turning in large amounts of garments for shipment to Seattle headquarters which in turn ships to headquarters in New York.

In addition to her usual contribution of finished products for the Red Cross, Mrs. Hardcastle turned in thirteen new cash memberships.

Students To Make Boxes.

The manual training department of the Salem high school has taken up the work of making packing cases for the Red Cross. The cases are all uniform in dimensions of 2 by 2 by 3 feet and made of sized lumber three-sixteenths of an inch in thick-

### PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuff-up and miserable.

if sacrifice is to be avoided and success assured, that troops going into battle should first be given the opportunity for special training under officers who are to command them in the task which they are to be called upon to perform.

"The general conditions of the struggle this year have been very different from those contemplated at the conference in November, 1916. The great general and simultaneous offensive then agreed upon did not materialize. Russia, though some of her leaders made fine effort, not only failed to give the help expected, but even failed to prevent the enemy from transferring 40 fresh divisions from her front in exchange for tired ones used up in the west, or from replacing his losses on the west by drafts of fresh men from the east.

Results Held Facto-Brithy.

"The combined Franco-British offensive in the spring was launched before Italy was ready which resulted in the weakening of the allied forces in this theater. In the circumstances the task of the British and French armies have been far heavier throughout the year than originally was anticipated and the enemy's means of meeting our attacks was greater than he or we expected.

"That under such circumstances we won the victories of Arras, Vimy and Messines, and the French those at Moronvillers, Verdun and Malmaison, constitutes a record of which the allies have a right to be proud. The British armies have maintained a vigorous and continuous offensive throughout the period covered by this dispatch. No other example of offensive action on so large a scale so long sustained has been furnished by the war.

"In the operation at Arras, Messines, Lens and Ypres 131 German divisions were engaged and defeated by less than half of that number of British.

"Without reckoning the possibilities opened up by our territorial gains in Flanders and without considering the effect which a less vigorous prosecution of the war by us might have had in the other theaters, we have every reason to be satisfied with the results achieved in the past year's fighting."

### YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT

Save your hair! Make it thick, wavy, glossy and beautiful at once.

Try as you will, after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair, health.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A small trial bottle will double the beauty of your hair.

### STOP INDIGESTION With Bi-nesia

Avoid Deadening Drugs and Artificial Digestants

Pain in the stomach after eating, indigestion, dyspepsia, flatulence, gas, etc., are almost invariably due to acidity and food fermentation. To attempt to cure the trouble by using digestive powders and pills or deadening drugs is like trying to relieve a wound from a splinter of glass by applying an ointment without first removing the glass. In each case the cause remains and the trouble gets worse. The common sense thing to do when your stomach hurts is to remove the acid and stop the fermentation by means of a simple antacid or neutralizer such as Bi-nesia, which can be obtained of any druggist in either powder or tablet form. A teaspoonful of Bi-nesia powder or two or three of the tablets taken in half a glass of hot water after eating instantly neutralizes the acid, stops food fermentation, and thus enables the most confirmed dyspeptic to enjoy the healthiest meals without the slightest pain or inconvenience. Try this simple plan at once and forget that you ever had a stomach.

ness reinforced at the ends. Already seventy-five such cases of garments, bandages, towels, knit goods, etc., have been shipped through Willamette chapter representing the output of the local and other chapters of the county. For the present the requirement will be about fifteen cases a month, but the output is steadily increasing.

Cash Receipts Come In.

Fifty dollars in cash was received by Willamette chapter from French Prairie auxiliary of Gervais yesterday. The sum was raised by a recent Red Cross benefit conducted by the Garvais branch.

New memberships with cash accompanying them were received by the local headquarters yesterday as follows: Aurora 26, McCoy 20, Gates 7.

Knitting Department Progresses.

Mrs. Russell Catina manages the Red Cross knitting department which meets Tuesday and Friday. At the meeting on last Friday 100 pounds of yarn was distributed and 125 pairs of socks received. At the current price of \$2.75 a pound to the Red Cross the yarn thus distributed represents an outlay of \$275, while at the regular retail price of \$4 a pound it nets \$400. The above is the record of just one day's meeting or one-half week's product of the knitting department.

Day's Receipts of Supplies.

Receipts by Salem headquarters from auxiliary chapter yesterday were as follows:

- Stayton—71 handkerchiefs, 7 pairs bed socks, 32 hospital shirts, 21 knitted wash rags and sponge.
- Oak Grove—3 dozen handkerchiefs, 3 pairs bed socks, 4 pair operating leggings, 4 pair wristlets.
- Macleay—125 abdominal bandages, 17 four-tail bandages, 7 dish towels.
- Woodburn, First M. E.—40 T bandages, 224 four-tail bandages, 187 handkerchiefs, 45 abdominal bandages, 37 knitted rags, 4 pairs pajamas.
- I. I. Stevens—4 pairs socks, 1 pair wristlets, 5 pajamas, 61 triangulars.
- Marion Valley—4 pajamas.
- Aurora—4 pair operating socks, 40 pair bed socks, 14 towels, 50 triangular bandages, 15 abdominal bandages, 7 many-tailed bandages, 2 head bandages, 23 T bandages, 2 pairs pajamas, 2 pair wristlets, 1 helmet.
