### DR. HALL TELLS OF WAR CAUSES

#### Ideals and Humanities Are Found in Conflict in World Struggle

Dr. John O. Hall, head of the social science department in Willamette university led the chapel exercises yesterday morning and delivered a short address upon certain things back of the war.

The doctor pointed out the fact that there are two principles that are constantly in conflict. These divide up as the Ideals and the Humanities. The Ideals are religion, institutions of government and patriotism. The humanities are represented in home, love of liberty and the rule of the people.

He stated further that when either of these two forces gets the upper hand the world is made to suffer. Dr. Hall explained the dark ages as a time when the Ideals were the autocrats. The present menace found in Germany he declared was due to a similar excess.

"Americans and free people everywhere are to be able with their belief in the humanities to rescue the world and restore the equilibrium that Germany has upset," he said.

In his opinion the United States is in no danger of becoming a militaristic nation because of its participation in the war.

"In a free country the danger of excess in any one direction is minimized because public opinion is deep rooted and not to be quickly changed. The common people in a democracy tend to keep society at a healthy state of equilibrium," declared Dr. Hall.

day afternoon. She outlined the work that could be done by the pupils and showed samples of various articles that the suffering children of Belgium and other devastated countries of Europe are so much in need of now. The school feels proud in being the first to organize in the city.

#### Dallas Beats McMinnville Basketball Team, 14-11

DALLAS, Or., Jan. 17.—(Special To The Statesman.)—The Dallas high school basketball team defeated the McMinnville team in a swift game of ball in the Dallas Armory last night by a score of 13 to 11. The game was exciting from start to finish. Dallas defeated the visitors in their home town last week also.

#### A. M. LaFollett Enters Field For Senator From Marion

Having received requests from voters all over Marion county, to make the race for state senator, and having taken the matter under consideration, I hereby announce my candidacy for state senator, to the Republican voters of Marion county. I don't think it necessary to tell the people of this county how I stand on Economy, Retrenchment, Reform, Reduction of Taxes, and Cutting-out useless commissions where it don't impair the efficiency of the state's institutions. I stand on these matters where I have always stood: for the interest of the state of Oregon and the taxpayers.

Having been a resident of this county for 58 years, having been elected a member of the house twice, and of the senate once, and served in five sessions of the legislature, I don't think it necessary to announce any particular platform, for the people of this county surely know where I stand. (Pd. adv.) A. M. LAFOLLETT

#### Sacred Heart Academy Is First to Organize

First honors for organizing an auxiliary under the junior Red Cross banner belongs to Sacred Heart academy. When news first came to Salem that junior Red Cross auxiliaries would be formed the school children evinced a patriotic interest and yesterday the entire student-body of Sacred Heart academy consisting of 140 pupils responded with their quarters in a most enthusiastic manner.

The money was turned over to Professor John W. Todd, superintendent of schools, and arrangements will be made immediately to use these funds for purchasing various materials to be used by the students in their Red Cross sewing.

At the request of the superior of the school, Mrs. E. E. Fisher, chairman of the membership campaign, gave an interesting talk before the school in the assembly hall, yesterday.

#### Combing Won't Rid Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

strong quintet. Willamette has had a week's hard practice since the game in which she held O. A. C. 10 to score and so will probably spring something on the club team. The same line up will be used.
