

With the Draft Board

As the time is now rapidly approaching for the winding up of the business of the selective draft board of division No. 1, redoubled efforts are being made by Sheriff Needham, County Clerk Boyer and Dr. W. H. Byrd and by Chief Clerk Mrs. Frank R. Brown, with all the assistance they can get from school teachers who have volunteered their services. By 6 o'clock last night almost all the classifications had been made and registrants ordered to appear for physical examinations, leaving only the tag ends to be taken care of next week.

KEY TO WAR DRAFT CLASSIFICATION SCHEME

- Class 1A—Single man without dependent relatives.
B—Married man, with or without children, or father of motherless children, who has habitually failed to support his family.
C—Married man dependent on wife for support.
D—Married man with or without children, father of motherless children; man not usefully engaged, family supported by income independent of his labor.
E—Unskilled farm laborer.
F—Unskilled industrial laborer.
Class 2A—Married man with children, or father of motherless children, where such wife or children or such motherless children are not mainly dependent upon his labor for support for the reason that there are other reasonably certain sources of adequate support (excluding earnings or possible earnings from the labor of the wife), available, and that the removal of the registrant will not deprive such dependents of support.
B—Married man, without children, whose wife, although the registrant is engaged in a useful occupation, is not mainly dependent upon his labor for support, for the reason that the wife is skilled in some special class of work which she is physically able to perform and in which she is employed, or in which there is an immediate opening for her under conditions that will enable her to support herself decently and without suffering hardship.
Class 3A—Man with dependent children (not his own), but toward whom he stands in relation of parent.
B—Man with dependent aged or infirm parents.
C—Man with dependent helpless brothers or sisters.
D—County or municipal officer.
E—Highly trained fireman or policeman, at least three years in service of municipality.

I—Necessary employe in service of United States.
J—Necessary assistant, associate, or hired manager of necessary agricultural enterprise.
K—Necessary highly specialized technical or mechanical expert of necessary industrial enterprise.
L—Necessary assistant or associate manager of necessary industrial enterprise.
Class 4A—Man whose wife or children are mainly dependent on his labor for support.
B—Mariner actually employed in sea service of citizen or merchant in the United States.
C—Necessary sole managing, controlling or directing head of necessary agricultural enterprise.
D—Necessary sole managing, controlling, or directing head of necessary industrial enterprise.
Class 5A—Officers, legislative, executive, or judicial of the United States or of State, Territory, or District of Columbia.
B—Regular or duly ordained minister of religion.
C—Student, who on May 18, 1917, was preparing for ministry in recognized school.
D—Persons in military or naval service of the United States.
E—Alien enemy.
F—Resident alien (not an enemy) who claims exemption.
G—Persons totally and permanently physically or mentally unfit for military service.
H—Person morally unfit to be a soldier of the United States.
I—Licensed pilot actually employed in the pursuit of his vocation.

USE OF HORSES ON RANGES FOR MEAT IS URGED

Food Supply and Relief to Hay Shortage Claimed by Veterinarian

"FLESH EQUAL TO BEEF"

Animal Held Cleaner From Disease Than Either Cattle or Hogs

Helena, Mont., Dec. 6.—As a partial solution of the meat problem, W. F. Butler, state veterinarian of Montana, is urging the slaughter of the range horses of the northwest which he declares are unprofitable for their present purposes.
Hundreds of thousands who cannot afford to buy beef would by this means be supplied with meat. He declares, and to 15 million dollars in cash would be the return. Such a course could also help to relieve the hay shortage and provide range for a million cattle and several million head of sheep, he believes.
"Day For Light Horse Gone."
"There is no stable market for the light weight horse at the present time," he declares in a statement on the subject. "Its day of practical usefulness is practically at an end. It is a hay destroyer—a live liability rather than a live asset. This does not apply to the general utility draft horse. The farm draft horse is an asset to any country and will remain an asset just as long as fields are plowed and man grows crops for his sustenance.
"We have in Montana probably 300,000 light weight range animals and throughout the northwest I would say that there are over a million such animals, and throughout the United States probably 5,000,000. Among certain people there is an inherited prejudice against horse flesh, but there are many people who have not a prejudice against this food. In many countries it has been used for hundreds of years as a food product and at the present time it is offered for sale in New York, Cincinnati and St. Louis.
"In food value horse flesh is about equivalent to lean beef. From a sanitary standpoint, the horse is one of the cleanest animals living. Its habits require that it eat the purest food and drink the best of water. It lives in the open and is free from transmissible diseases than are either cattle or hogs.
"I am of the opinion that there will be no difficulty in obtaining a steady supply of horse flesh for some time to come. We received a communication several days ago from one of the large western horse markets saying that it would contract to supply 3000 horses monthly for the next 12 months."
The committee on animals and animal products of the state council of defense of Montana has recommended to the national council of defense the use of horse flesh as a food product.

KEIZER SCHOOL HOLDING LEAD Makes Best Report Among Districts for Armenian Relief Fund

F. P. Evans, reporting for Keizer school district yesterday, turned in \$104 for Armenian relief contributed through a canvass of that district. This is the largest amount turned in so far from any of the school districts. A. L. Schulz of Bethel also made a turn in yesterday of \$40.25. So the fund continues to grow.
Additional meetings are scheduled for next week on the Armenian question in various of the points around Salem. The Rev. E. M. Burke goes to Hubbard tonight, and to Liberty Monday night. The same speaker addressed a parent-teachers meeting at Macleay last night.
The Marion county campaign has spread itself clear across the continent. Yesterday a check was received from Senator Charles L. McNary, with the added note: "May I express the hope that the reward of your efforts may be the achievement of your generous purpose."
A complete report of all moneys and pledges received is in course of preparation by Treasurer S. B. Elliott and Auditor Robert Paulus, and will be published as soon as prepared. Thereafter supplemental reports will be published as found necessary. The fund for Salem is now well over the \$5000 mark, and when the last of the districts is heard from will probably go close to \$6500. Only scattering reports have as yet been received from points in the county, but the county total will likely be well over \$10,000, at a conservative estimate.

Three Fatalities Are Reported During Week

Three fatal accidents were reported to the state industrial accident commission for the week ending January 24. The total number of accidents made known to the commission for the week was 489. The fatal cases were:
Al. Haglund, Svenson, logger, L. Biosch, Knappa, logger, D. A. Basich, Dec. lumberman.
Out of the total of 488 cases reported 436 were subject to the workmen's compensation act. From public utility corporations which are not subject to the law twenty-six cases were reported. From firms and corporations that have rejected the provisions of the law twenty-seven cases were reported and one case was that of a passenger who was injured.
GETS GOOD RESULTS QUICKLY.
These few lines from J. E. Hynes, McAlester, Okla., deserves careful reading by every one who values good health: "I find no medicine which acts so mildly and quickly with good results as Foley Cathartic Tablets. They empty the stomach and bowels, giving all of the digestive organs a healthy action. J. C. Perry."

Rector Robert S. Gill Goes to Newport to Rest

Robert S. Gill, Marion county manager for Armenian-Syrian relief campaign, will go to Newport today for a few days' rest and recuperation. Mr. Gill has acted as manager for two county campaigns, the Red Cross membership drive and the Armenian drive, one closely following the other, while also trying to fill his duties as rector of St. Paul's church. J. C. Nelson assumes charge at St. Paul's tomorrow morning, the evening service being omitted.

Fuller Elected Head of Dallas Commercial Club

DALLAS, Or., Jan. 25.—(Special to The Statesman.)—At a meeting of the board of directors of the Dallas Commercial club held last night, Hon. W. V. Fuller was elected president of that body for about the fourth time. Mrs. Winnie Braden was re-elected secretary. Work for the coming year was outlined by the directors and much fruit is expected to be harvested by the community as a result of the coming labors of the organization. The past year has been one of the most progressive ones since the organization of the club and the prospects are that the coming year will see new enterprises constructed in or near Dallas that will greatly increase the payroll.

NEW CHURCH TO BE BUILT HERE

Gift From Mrs Jackson Enables Free Methodists to Progress
Supplementary articles of incorporation, filed in the office of State Corporation Commissioner Schulerman yesterday by the Free Methodist church of Salem, state that a new building is to be erected by the church on Market street between Summer and Winter streets. The official name of the church, according to the supplementary articles, is the Market Street Free Methodist church of Salem.
The new building is to be realized through a donation received from Mrs. C. W. Jackson. Conditions of the gift are that a missionary convention will be held in the new building each year as long as it is used for church purposes and that an annual collection shall be taken for foreign missionary work.
The persons whose names are attached to the articles are L. A. Marchand, E. M. Surface and W. B. Helm.

Dallas Man Safe in France Says Message to His Wife

DALLAS, Or., Jan. 25.—(Special to The Statesman.)—Mrs. E. B. Hamilton has received word from her husband, Lieutenant Hamilton of the forestry regiment, that he has arrived safely in France. Lieutenant Hamilton before enlisting in the forestry engineers was manager of the Willamette Valley Lumber company branch office in Monmouth and since he left the position has been filled successfully by Mrs. Hamilton. Hamilton before leaving this county enlisted a number of recruits for his regiment and took them with him when he reported for duty in Washington.

WAS FEELING ALL RUN DOWN.

Louis Buecker, Somerset, Va., writes: "I was feeling all run down; tired, with pains in my back. After taking Foley Kidney Pills I felt like a new man." Backache, rheumatic pains, stiff joints, sore muscles, swollen ankles, and sleep-disturbing bladder ailments yield quickly to this time-tried remedy. J. C. Perry.

Road Supervisors Are Named by Polk Court

DALLAS, Or., Jan. 25.—(Special to The Statesman.)—The Polk county court in session this week appointed the following citizens as road supervisors to serve for the year: District No. 1, T. J. Werth; No. 2, H. A. Dorton; No. 4, Frank Crowder; No. 5, Ed Mitty; No. 6, L. C. Sherwood; No. 7, P. M. Greenwood; No. 8, Joseph Tulerow; No. 9, J. N. Jones; No. 11, Rex Womer; No. 12, Maurice Hughes; No. 14, James Butterleg; No. 15, John Underwood; No. 17, Carl McBe and Ezra Hart; No. 19, Ren Womer; No. 20, Evan Evans; No. 24, A. Sampson; No. 22, George D. Stewart. The county is contemplating purchasing a couple of motor trucks this spring for use in road work throughout the county where the haul from the rock crushers is such a distance as to make hauling with teams expensive.

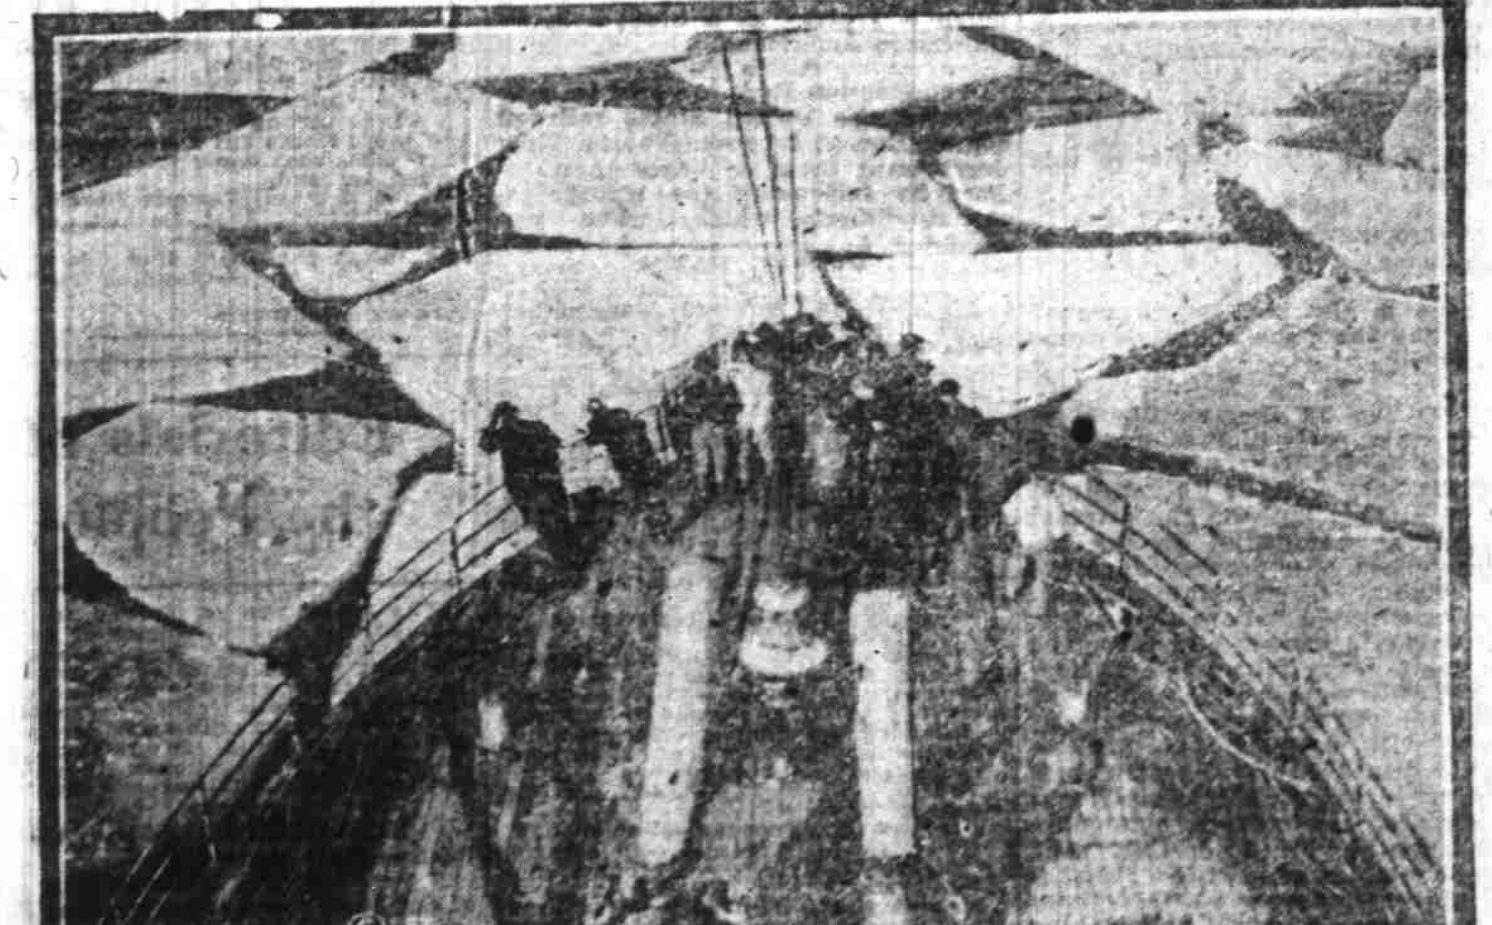

A FEW BILLIONS.

The total income of the people of the United States is about \$35,000,000,000 a year. Of this, \$10,000,000,000 is derived from agricultural products, \$2,500,000,000 from minerals and \$10,000,000,000 from manufactured articles.

CASTORIA For Infants and Children In Use For Over 30 Years

Always bears the Signature of Chat M. Mitchell. Authorities declare there is little need to worry about receiving infection in clothes sent to a laundry, even though they be washed with those of other families in which there may be infectious disease. For whatever disease germs are not killed in the washing will be killed in the ironing. In fact, the ironing kills more germs than the washing.

Helping New York and New England Get Coal

The steam floe vessel, Floeisel, a Canadian vessel, with enormous power and a strong bow was used in New York harbor to beat a lane through the ice so coal ships could get out of Perth Amboy, N. J. Tugs and barges and other boats carrying coal found it impossible to break the ice. Some of these vessels made their way to New England, which was suffering from lack of coal, and others went into New York City, which had a season of zero weather.

"Stuffy" McInnis, Last of Connie Mack's Great Players, Signing With Red Sox

"Stuffy" McInnis, last of the great members of the Athletics, the baseball club with which Connie Mack won several world championships, is here shown signing his contract to play first base for the Red Sox of Boston. At the left is Manager Jackie Harby of the naval reserves. Jack may not be able to manage the team, because he may have to fight for Uncle Sam. McInnis makes thorough member of the Athletics who have been acquired by the Boston club.
