

CHURCHES

"Men are often prejudiced against religion because the churches which they happened to attend in youth urged on them an irrational faith. Some men never recover from the idea that all religion everywhere must always be the same kind of religion against which in youth their good sense rose in revolt; they are in perpetual rebellion against religion, as it was when they broke with it a generation ago. But if one thing more than another grows, expands, becomes in the intelligent and pure, increasingly pure and intelligent, it is religion."

—Fosdick's "The Meaning of Faith"

SALEM MAN CURED OF CANCER

To the People of Salem: I suffered from cancer on the end of my nose for three years and was told it was incurable. I went to Dr. S. C. Stone for treatment. He applied a paste for four days and then a simple ointment. In a few days the cancer fell out and the place healed over and is now sound and well.

PAINS IN BACK AND SIDE

Yield to Lydia E. Pinkham's Vegetable Compound.

Kansas City, Kansas.—"I suffered from pains in my back and side caused by a functional derangement. I was nervous and had headaches most of the time. So many people recommended Lydia E. Pinkham's Vegetable Compound to me, I tried it and after taking six bottles I am well. I do not think the Vegetable Compound can be beaten for women's ailments." —Mrs. L. THOMPSON, 731 N. Hutchings St., Kansas City, Kansas.

Women who suffer from headaches, nervousness, backache, the blues and other symptoms of a functional derangement should give this famous root and herb remedy a trial.

For forty years it has been overcoming such ailments of women after other medicines have failed.

If you want special suggestions in regard to your condition, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of long experience is in your service, and your letter will be held in strict confidence.

New Tire Is Winner if Indications Point True

The newly constructed tire which has recently been placed on the market by the Firestone Tire & Rubber company, is from all indications, a tire which will give tire consumers "more miles per dollar." H. S. Firestone, the pioneer of tire makers, backed by the greatest and largest tire factory in America realized that the consumer must be given his money's worth, and determined to make the best tire on the market for the money. This he has accomplished in the latest series product, which is of exceptionally heavy construction and composed of the highest grade materials. Considerable difficulty had been experienced by the Firestone company in securing uniform fabric with which to build the body of the tire. The Firestone company has overcome this trouble however by purchasing a cotton weaving plant. Nothing but doubly inspected heavy weight sea island cotton is used, and fabric of uniform weight and construction is now assured. More and a greater percentage of pure para rubber gum is now being used as cushion stock, guaranteeing the consumer against loose roads. The Firestone company experienced some little trouble during the past year, but is coming back stronger than ever with a tire that will give consumers full value for their money.

Scott and Piper at 252 State street have been appointed distributors and jobbers for Salem and are backing the tire with their own personal guarantee. It is up to them to see
