

THE OLD SAILOR AND THE RECRUIT

ON SHIPBOARD YOU GOT TO BE NEAT! CHEW W-B CUT AND YOU WON'T MUSS UP THE SHIP.

AND THEN YOU DON'T MUSS UP YOUR FACE WITH A BIG WAD, EITHER.

THAT'S THE IDEA—A SATISFYING AND CLEAN CHEW!

LOCAL MEN WHO ARE WITH COLORS

A LIST of the names of local men who have enlisted in the various branches of the United States service for war duty has been started by The Statesman. The names of men who have enlisted in the army and navy, through Salem recruiting stations, is given today, together with the men in the army and navy who have enlisted from Salem high school and Willamette university. The enlistments are dated from the declaration of a state of war in April, 1917.

Later, another list will appear in The Statesman, which will include the names of the men in Company M and men who have received commissions from the Presidio and elsewhere and many other names. After that, additional names will appear as they are found and corrections and additions of names that do not appear will be requested of the public.

wonderful development and work of our college has been brought about by the wise and faithful guidance of our president, William J. Kerr, and

"Whereas, We believe because of our personal knowledge that it is a duty to the people of our county, as well as to our state, to inform them that the slanders heaped upon our president and O. A. C. are without foundation; be it

"Resolved, That we state that we firmly believe in the character and honesty of Dr. Kerr and express our confidence and faith in his untiring efforts toward the practical and moral development of the student that come under his influence, and be it further

"Resolved, That we emphatically disagree with the statements made by various publications and organizations in regard to President Kerr's character, and that we urge the people of Marion county and the state of Oregon to take advantage of the opportunities offered by their sons and daughters of acquiring a higher education under the guidance of the man of sterling character who has inspired all with whom he has come in contact to a higher Christian ideal.

WAS FEELING ALL RUN DOWN

Louis Buckner, Somerset, Va. writes: "I was feeling all run down, tired, with pains in my back. After taking Foley Kidney Pills I felt like a new man." Backache, rheumatism, pains, stiff joints, sore muscles, swollen ankles, and sleep-disturbing bladder ailments yield quickly to this time-tried remedy. J. C. Ferry.

SPAULDING MET GERMAN U-BOAT

Submarine Came Off Second Best and Was Probably Sunk by Americans

When Hohenzollern is only name then the Salem soldiers will come home, Lieutenant Walter Spaulding writes in a letter to Mrs. Spaulding. The letter was written at sea on the censor's date is December 12. Lieutenant Spaulding is connected with the supply company of the 162nd United States Infantry. His letter recites an adventure with a German submarine boat in which the submarine came off second best and there is a strong possibility that it was sunk by the guns of the American transport, for it was not seen again.

The Salem men of the 162nd were all in the best of spirits, according to Lieutenant Spaulding's letter.

These Moors, like the Turks and most other Orientals, are more seditious as to the number of pounds which their brides weigh than about the stock of accomplishments they possess. Throughout Morocco there are villas where the elder members of the adult population follow professionally the pursuit of fattening young ladies for the matrimonial market.

MOTHER! DON'T TAKE CHANGES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick, Ill! Clean Little Liver and Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated or your child is listless, cross, feverish, breath bad, restless, does not eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of California Syrup of Figs, then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels and you have a well-playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeits for strings. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grownups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

A WARNING TO YOU

Use Your God-Given Instinct and Heed Nature's Plan for Protecting You

Why do you go on neglecting your tooth troubles?

Don't you know that you are deliberately piling up all sorts of physical ills for yourself?

Don't you know that modern medical research demonstrates that many dangerous diseases are due to decayed and dead teeth?

Don't you know that hidden and painless cavities, abscesses and pyorrhea may be present in your mouth right now working overtime day and night incubating and breeding destruction?

If you don't know the above facts it is high time you were finding them out. If you are asleep at the switch, disaster is headed your way. Don't deceive yourself. Don't dilly dally along till the big crash comes and you get incurable indigestion, dyspepsia and other stomach troubles from germs and imperfect mastication of your food.

And above all don't get the thought into your head that this word picture is overdrawn and that Painless Parker is trying to throw a scare into you to draw a few dollars out of your pocket. Every human being needs dependable dentistry sooner or later, or both, and the man or woman who steps into Painless Parker's offices needs tooth work a whole lot worse than he needs the small amount they pay him for services.

The Creator endowed man with reasoning power but ninety per cent of us show no signs of it when it comes to caring for our chewing apparatus. We cleanse our bodies inside and out. If we get a cut, a burn, a

sore or some pimply protuberance we do something to remedy it. We even go to a corn doctor for our feet or doctor them ourselves. But that vital part of our facial furniture, the teeth, are shamefully sacrificed on the altar of neglect. Warnings are unheeded till excruciating pain or a doctor's advice sends us to a dentist, but then it is too late to correct the trouble through some simple treatment. We save a little time but probably lose a lot of teeth and that's a foolish policy.

The old reasons for staying away from a dentist have been forced into the mental scrap heap by the Painless Parker system. They are out of date and have been buried in the grave yard of fossilized fancies along with other antiquities of ethical dentistry.

You can no longer say you are afraid of the pain, you haven't the money or you haven't the time. Painless Parker dentistry is absolutely painless and harmless and that means just what it says. Every specialist in a Painless Parker office is busily engaged every minute of his time and you don't pay for any idle hours spent by him in waiting for patients. The charge is less than half that of the Trust dentist and is within the reach of the poorest wage earner. You know just what your work will cost you before it is started. Your work is done promptly at a time convenient for you and you lose no more time than is positively necessary to give you modern dentistry that is dependable and lasting.

Call at the Painless Parker office today or at your earliest convenience. Have your teeth examined and consult a specialist free of all charge and without obliging yourself in any way.
