THE REASON—THERE'S A REASON for all things. The reason the Oregon Fire Relief Association of McMinnville, has grown to be the largest fire insurance company, specializing in preferred risks, was that the Rockies is the fact that it has inspired the confidence of the people. The fact that this company has been paying its claims promptly and without trouble or litigation, ever since it was organized over 24 years ago, they have noticed that it has been very careful in the inspection and selection of risks, and very conservative in its methods of operation. \$4000 is the largest amount written in any single risk. Nothing in congested districts. It has built up a reserve fund of \$200,000 which is much more than ample to meet any possible emergency.

1917 was a banner year for the Oregon Fire Relief Association of McMinnville. For full particulars as to our plan of insurance, terms, etc., send us a card or a corresponding date last year.
